Public National Bank & Trust Company, b7d
Avenue C and 7th Street, New York City advised that William Perl, 936 Tiffany Street, Bronx, New York City opened a Special Checking Account on July 17, 1945 with an initial deposit of $1,100.00 consisting of a Cashier's Check of the Security First National Bank of Los Angeles, Oak Knoll Branch, Pasadena, California. Perl gave as his occupation, engineer (student at present at Columbia University) and gave as reference Joseph P. Blum, Consumers Oil Co., 2415 Third Avenue, Bronx, New York, Telephone Mott Haven 9 - 2357. The name of Abe Silverstein was written in as a reference but was crossed out. In letter dated July 22, 1946 Joseph Blum stated that he knew Perl for six sixteen years and regards him highly. This account was closed on November 26, 1947.

MEMO

Re: WILLIAM PERL
ESPIONAGE - R

JOSEPH PAUL BLUM was interviewed by Special Agents (A) EDWARD J. CAHILL and HAROLD F. GOOD on July 21, 1950 at his place of business, MALAN PLUMBING COMPANY, INC., 25-09 42nd Road, Long Island City.

On July 26, 1950, BLUM and his wife were interviewed by the above-mentioned agents at the New York Office. (The information supplied by BLUM on both occasions and by his wife on the latter occasion is consolidated in this memorandum.)

JOSEPH BLUM furnished the following information regarding his own history and background:

He resides at 79-23 209th Street, Flushing, New York; telephone, Hollis 4-3833. He also has a special telephone, the rates of which are based on the number of messages. That number is believed to be Hollis 5-5872. BLUM is a Chief Engineer and Estimator of the MALAN PLUMBING COMPANY, INC., at 25-09 42nd Road, Long Island City. He has been employed at this place from approximately 1947 to the present time.

Prior to that he was employed for about six weeks in 1947 by the SOLING HEATING & COOLING COMPANY, which at that time was located at 43rd Street, New York City, but is now located in Long Island City.

From 1945 to December, 1947, BLUM was employed by the MECHANICAL HEATING CORPORATION, 2514 Third Avenue, Bronx, New York. The principal stockholder of this corporation was a Mr. HARRY SINGER, who transferred a small portion of the stock to BLUM, thereby making him a principal in the corporation.

From 1937 to December, 1945, BLUM was employed by the Board of Education, New York City, Bureau of Construction, 49 Flatbush Avenue Extension. He resigned from this employment to go with the MECHANICAL HEATING CORPORATION.

HFC:MFH
65-15387
For approximately two years, 1934 and 1935, he was employed by the WPA at both the Brooklyn Navy Yard and the Merchant Marine Academy, Fort Schuyler in the Bronx.

From 1929 to 1933, or 1934, and for a few months in 1936, he was employed by ALBERT FENTLEAFF, INC., Consulting Engineer, who at that time was located at 11 West 42nd Street, but is now believed to be located at 111 Broadway, New York City.

For approximately a year and a half, during the years 1928 and 1929, BLUM was employed by S. A. POTTER, Machine and Tool Works, located at about 129th or 130th Street, on Park Avenue, New York City.

For approximately six weeks in 1928, BLUM was employed by the CASCADE LAUNDRY, Myrtle Avenue, Brooklyn.

BLUM was born on March 27, 1906 in Mannheim, Germany. He entered the United States in 1928, and was naturalized in the Southern District of New York on July 13, 1933. He attended public school in Mannheim for about one year during the years 1912 and 1913. For five years he attended high school in Nuremberg. At Essen, Germany, he attended a technical college for about two years, graduating in 1926 and receiving a Mechanical Engineering degree. In the United States he attended a public school in New York City for a few months, principally to acquire knowledge of the English language. He attended Fordham Evening High School, which is located in the Theodore Roosevelt High School on Fordham Road in the Bronx, during the years 1928 and 1929. For about three years he attended the evening session at CCNY, taking post graduate engineering courses, which he completed in about three years. He also attended the evening session of New York University for about two years, studying engineering. In 1933 he completed a one-year course at the Brooklyn Polytechnical Institute.

Regarding his family, BLUM stated his parents are deceased, he has no living brothers, and three living sisters; namely, ELIA ROTHEIN, 3517 Neptune Avenue, Brooklyn; ROSA KUSSENBURG, 26 Rawley Street, Rochester, New York, and MIRIAM GOTTMANN, whose home is in Palestine, Israel, but who is presently visiting the BLUMS in New York City.

The BLUMS have resided at their present address for approximately eleven years, from 1940 to the present time. From 1938 to 1940 they resided at 1150 57th Street, Brooklyn. From 1936 to 1938 their address was 1944 Unionport Road, Bronx, New York. From 1932 to 1936 their address was 1227 White Plains Road,
Bronx, and from 1930 to 1932 they lived at 1148 Boynton Avenue, Bronx, New York.

The BLUMS were married on October 28, 1930, in New York City. They have three children; ROBERT, 19 years of age; ELEANOR, 13 years of age, and STEPHEN MICHAEL, 4 years of age.

BLUM stated that he was trustee and chairman of the Building Committee of the Hollis Hills Jewish Center, 210-10 Union Turnpike, Hollis Hills, Long Island. He is a member of the East Cunningham Civic Association, Holliswood Church, 214th Street, Queens Village. Mrs. BLUM was secretary for this organization for the first two years of its existence. He was a member of the Society of Architects and Engineers while he was employed by the City of New York. He has been a member of the Pontiac Democrat Club, in the Bronx. He stated also that he was a member of the Zionist Organization of America, the headquarters of which are located at 41 East 42nd Street. BLUM stated that he is opposed to Communism, and is not and never has been a member of any organization that favors Communism.

Regarding his present employment, BLUM stated that the MALAN PLUMBING COMPANY was attempting to qualify for Navy contracts. He stated also that he has submitted figures for a job at Oak Ridge, Tennessee, to the Atomic Energy Commission, for a new type of plumbing to provide for the disposal of Atomic waste. He stated that his company was unsuccessful in this latter venture.

Mrs. ANNE JUDITH BLUM, née MUTTERPERL, stated that she was born on September 23, 1910 at Miedzyrzec, Poland. She came to the United States when she was six months of age, and was naturalized in April, 1923, in the Southern District of New York through her father's papers.

Her family consists of her mother, SARAH; father, ABRAHAM; sister, SADIE, and brothers, SAMUEL and WILLIAM. She stated that WILLIAM has changed his name from the family name MUTTERPERL to PERL.

She was educated at P.S. 168; attended Julia Richman High School, from which she graduated; took two years of post graduate work at Washington Irving High School, and attended Hunter College evening session for three years. She did not receive a degree from Hunter College.

She was employed part-time for about two years, ending in 1944 or 1945, as medical secretary to Dr. PONERMON, Radiologist, 150th Street in Jamaica. Prior to that she was employed by the law firm, FINE & BRODY, 1440 Broadway. BRODY has since died, and FINE, she believes, has become a State
Senator. She was employed by the CABLE SUPPLY CORPORATION in Brooklyn, New York, and prior to that she was employed by the RADIO PRODUCTS CORPORATION in Newark, New Jersey. Mrs. BLUM stated that she is not sure of the dates of her employment, but those listed extend from the year 1930 to date.

In addition to the organizations mentioned under Mr. BLUM'S history and background, which showed Mrs. BLUM as a member and officer, she stated that she was secretary and treasurer of Hadassah, Hollis Hills Chapter, Hollis Hills, Long Island. She is presently secretary, and was formerly treasurer of the Sisterhood of Hollis Hills Jewish Center. She was a member of the Parent Teachers Association of Public School 109. She has formerly been a Girl Scout troop mother.

The photographs of JOEL BARR, MORTON SOBEIL, ABE SILVERSTEIN, JULIUS ROSENBERG, ALFRED SARANT, WILLIAM PERL, MAX and HELENE ELITCHER, DAVID and RUTH GREENGLASS, MICHAEL SIDOROVICH, and the two pictures of women believed to be LOUISE SARANT, or sister, were exhibited to Mr. and Mrs. BLUM. The only picture they recognized was that of Mrs. BLUM'S brother, WILLIAM PERL. At this point, Mr. BLUM was asked whether or not he was a salesman at the time he was employed by the MECHANICAL HEATING CORPORATION. He stated that he was an engineer and estimator, and did a very limited amount of soliciting of new business. He was asked whether or not that would mean that his business cards would have been distributed very limitedly. BLUM stated that there were very few occasions in which he had to give his business cards to anyone. He was then shown the photograph of JULIUS ROSENBERG again, and also the photograph of DAVID GREENGLASS. He again repeated that he could not recognize either of these two men. Mr. BLUM was then asked if he could explain how his business card could have been in the possession of JULIUS ROSENBERG at the time ROSENBERG was arrested. Mr. and Mrs. BLUM indicated that they were completely taken by surprise, and Mrs. BLUM stated that she was terribly shocked to think that her husband's business card could have been in the possession of such a person. Mrs. BLUM stated that, of course, Mr. BLUM gave out his business cards prolifically. BLUM was astounded and conjectured that he may have given his business cards to his father-in-law, to his brother-in-law WILLIAM PERL, or maybe to some friends, inasmuch as he was looking for business, but he stated that he could not specifically recall ever giving cards out to these individuals or to anybody for that purpose.

During the course of the remainder of the interview, this subject was brought up from time to time, and Mr. BLUM could not furnish any explanation.
as to how this business card came into the possession of JULIUS ROSENBERG. He estimated that there were about one thousand business cards printed for him by the MECHANICAL HEATING CORPORATION.

With respect to WILLIAM PERL, Mrs. BLUM stated that he was born on October 1, 1918; graduated from Public School at eleven years of age; graduated from DeWitt Clinton High School at about fourteen years of age. He received his Bachelor of Science degree in Electrical Engineering from CCNY at about 18½ years of age, and received his Masters degree in Electrical Engineering at CCNY at 19 years of age, which was approximately in the year 1940. He was employed by the National Advisory Committee on Aeronautics, at Langly Field, Hampton, Virginia around 1939 or 1940. In December, 1943, still being employed by the National Advisory Committee, he was transferred to Cleveland. In 1944 he was married to HENRIETTA SAVAG. According to Mrs. BLUM, the only persons in the family who have seen HENRIETTA, also known as HEDY, was Mrs. MUTTERPERL and SAMUEL PERL. Mrs. BLUM stated that PERL would stay with his parents when he visited New York, at 936 Tiffany Street, Bronx. The prior addresses of the parents of WILLIAM PERL were on Beck Street and Bryant Avenue, both in the Bronx. She stated that PERL visits the City about once or twice, or maybe three times a year, around the Jewish holidays and Christmas.

In about 1946, PERL attended the California Institute of Technology, studying for his Doctor of Philosophy degree. He completed this study at Columbia University in New York in 1949, and actually received his Doctor's degree in February, 1950. Mrs. BLUM stated that PERL did some special research work on a wind tunnel for the Army at Cornell University.

In about 1948, PERL was secretary to Professor VON KARMAN, who was a professor at Columbia University, and was considered as an outstanding authority in the field of Aeronautical Engineering. It was through VON KARMAN that PERL was able to obtain his Doctor of Philosophy degree.

In 1948, according to Mrs. and Mrs. BLUM, WILLIAM PERL and his wife were divorced in Reno.

Mrs. and Mrs. BLUM stated that WILLIAM PERL has been with the National Advisory Committee on Aeronautics for over ten years. In Cleveland, his supervisor is ABE SILVERSTEIN, with whom PERL worked very closely. Other associates of the Committee are MILTON KLEIN and a man named KATZOFF. MILTON KLEIN was an associate of PERL's at CCNY, who worked with PERL at Langly Field.
Virginia, and is presently working with PERL in Cleveland. Another associate of PERL while PERL was in New York, was a man whose name Mr. BLUM could not recall, but remembered that this man worked at the GENERAL ELECTRIC COMPANY in Schenectady, probably as a mathematician. He was shown the photograph of MORTON SOBEL, and stated definitely that this was not the man to whom he referred.

Mr. BLUM further explained that this man from GENERAL ELECTRIC visited his home about three or four years ago for a period of about one or two hours. As he recalled, WILLIAM PERL was at that time visiting his family when this individual came out to visit. As he remembers the incident, research work was discussed, the nature of which he cannot recall. The visitor, he assumes was a classmate of his brother-in-law, and he cannot recall any of the details.

Regarding a physical description, he said he was unable to furnish any information other than it was a young man and he was rather short.

Mrs. BLUM could not recall having met the visitor or any of the details.

Mr. and Mrs. BLUM stated that during 1947 and 1948, during which time PERL was studying for his doctorate degree at Columbia University, PERL lived part of the time with his family at 936 Tiffany Street, part of the time at the dormitory in Columbia University, and part of the time at a Morton Street address. Mrs. BLUM stated that on one occasion, in the summer of 1947, she visited WILLIAM PERL at the Morton Street address, the number of which she cannot recall. She stated that PERL was there alone, and had stated that he had subleased this three-room apartment from an ALFRED SARAHANT. She explained that she had not seen PERL since he had returned from California, but had received a telephone call from him, at which time he gave her a telephone number, which she cannot recall, in order to communicate with him in case of an emergency. At this time, in the summer of 1947, she had been visiting in New York and called PERL at the number he had given her, and told him that she was going to visit him. With some reluctance, PERL furnished her with the address on Morton Street, and being close by, she went immediately to his apartment. PERL told her on this occasion that he was living there alone, preparing his thesis for his doctor's degree. He stated that he was occasionally visited by his wife HEDY. She was surprised at this because she had understood that WILLIAM and his wife had previously separated. It is her present understanding that after WILLIAM...
left this apartment, HENRIETTA lived there for a while.

In describing this apartment, Mrs. BLUM stated that in the bedroom there was a double bed in a very untidy condition. She also thought there were some cartons or luggage in the bedroom, but she could not recall the details concerning these items. The kitchen contained no furniture, but was very dirty and contained a number of unwashed dishes. PERL explained that when he ate in the house, he was tall enough to use the top of the refrigerator as his table, which was the only item in the room. The living room was furnished with a desk, a chair, and a box, on which Mrs. BLUM said she had to sit. She stated that the desk was covered with papers, which PERL was preparing for his thesis for his doctor's degree. She stated that she was certain of this because she had examined these papers.

She stated that this apartment was located on the top floor of this house, no elevator, but from the outside it appeared to be in better condition than the houses that surrounded it. She stated that there was no photographic equipment in the apartment, which, of course, would include cameras, floodlights, etc.

Mrs. BLUM stated that in her conversations with PERL, he stated that while he was at Columbia University, an acquaintance of his at the University, stated that he knew a fellow who had an apartment which he would be willing to sublease to PERL since he was going out of town. It was in this manner that PERL was able to sublease this apartment from ALFRED SARANT. According to Mrs. BLUM, PERL had told her that he had only met SARANT on the occasion of subleasing the apartment. SARANT, PERL believed, was going up-State in New York to attend college. She recalled the name SARANT on the mail box on the first floor, and also said her brother's name did not appear on the mail box since he was subleasing, and did not want to put the landlord on notice that he had subleased the apartment from SARANT. When asked how to spell SARANT'S name, she spelled it S-E-R-A-N-T. She stayed with her brother for a short visit that day, and then, since it was near the dinner hour, she went out to a restaurant, believed to be the Golden Eagle, for dinner. She believes the Golden Eagle was a rather elaborate restaurant, and was not frequently used by her brother for his meals.

She said when her brother left this apartment he returned to the dormitory at Columbia to continue his work there. She stated definitely that he had no other apartments as his residence in New York. She did recall that
sometime around the Jewish holidays, in the spring of 1948 or 1949, he called her from the Hotel Gotham, and advised he would not be able to visit her since he was in town for only a short period of time. The purpose of the visit to New York was to deliver a technical paper to some society with Dr. von KARMAN.

Mr. BLUM stated that PERL wrote about a dozen books, the material of which is still considered classified because of its importance. PERL indicated that he has been interested in research work for many years, and is desirous of entering Atomic research. BLUM stated that PERL has never indicated any interest in Communism, either for it or against it. However, about fifteen years ago, while attending CCNY, he considered PERL as a liberal. By liberal, he means, PERL disapproved of the segregation of the whites and the blacks. PERL discarded his Jewish religion and became an atheist, and other factors in the way PERL thought that impressed BLUM of PERL being a liberal.

The name of SAM SACHS was mentioned to both Mr. and Mrs. BLUM as possibly being an individual who was very friendly both with WILLIAM PERL and with the MUTTERPERL family. Neither Mr. nor Mrs. BLUM could recall the name of SAM SACHS.

When questioned concerning the sources of funds for PERL'S living expenses at college, Mrs. BLUM stated that her brother had always earned a good salary, knows him to be a very thrifty person, and he was his sole support. She stated he keeps a detailed record of all expenses which he incurs. They were unable to advise as to any bank accounts the subject may have.

The following names were brought to their attention, and they were unable to identify any of the names:

INGVAR JENSEN
MELBEN TANCEL
HERBERT BENOWITZ
EDWARD LOHSE
MORRIS BAYLEN

The following is a physical description of JOSEPH P. BLUM:
Height  5' 4"
Birth date  March 27, 1906
Birthplace  Mannheim, Germany; entered U.S. 1928; naturalized July 13, 1933, SDNY

Mr. and Mrs. BLUM furnished a folder containing letters, cards, and envelope from WILLIAM PERL to various members of the family. A receipt was given to Mr. and Mrs. BLUM for this material, and this material will be returned as soon as necessary examination and notes have been made. A summary will be made of these letters for the purpose of determining the location of PERL on particular dates where possible, individuals which he names in the correspondence for possible future reference, and any material that he mentions which might be of interest in this investigation.

Explanation

This deposit consisted of two checks in the amounts of $1000.00 and $1032.82. The $1000.00 item was a check dated September 30, 1947 payable to WILLIAM PERL and was drawn on his account at the Corn Exchange Bank and Trust Company, New York City. The $1032.82 item was check #1235 dated September 18, 1947 payable to WILLIAM PERL, drawn by SVENDRUP and PARCEL, St. Louis, Missouri, same address as above. Check was endorsed by WILLIAM PERL.

This deposit consisted of two items. The first was check #103716 dated September 30, 1947 in the amount of $98.40 and was drawn by the Trustees of Columbia University in the city of New York on the salary account at Bank of Manhattan. Payee was WILLIAM PERL, who endorsed and deposited this check. The second item in this deposit was an unnumbered check dated Sept. 30, 1947 payable to LILLIAN FRICKER (may have been FRICHER), drawn on the Chase National Bank, Park Avenue Branch, New York City. Notation on the face of the check in the lower left hand corner read "Petty cash stamp". The signature of the drawer was not clear but appeared to read "THEODORE VON KARMAN (may have been KARMAN) by ANDREW G. HALEY, Attorney". This check was endorsed "Paid to order of WILLIAM PERL, LILLIAN FRICKER".

On September 25, 1950, Park Avenue Branch, Chase National Bank, Park Avenue and 60th Street, New York City, was contacted by the writer for background information concerning the maker of the check which was deposited October 21, 1947 in WILLIAM PERL'S account at the West Side Savings Bank, New York City. This check was mentioned above in connection with PERL'S account. Dr. THEODORE von KARMAN and his sister, JOSEPHINE de KARMAN opened a joint checking account at this branch on May 13, 1944. On October 1, 1945...

This account was transferred to the Sundry Ledger inasmuch as it was a blocked account under Executive Order 8389. On April 1, 1946 the account was transferred back to the Active Ledger. This account is a purely non-borrowing account and said the balance averages $200.00 to $300.00.

KARMAN advised the bank he was Director of the Daniel Guggenheim Aeronautical Laboratory at the California Institute of Technology, Pasadena, California. When this account was opened he advised he maintained an account at the First Trust and Savings Bank, Pasadena, California, who later verified this information. They further advised the Chase that he was a valued customer for a number of years. KARMAN furnished as a reference, Major LESTER GARDNER, who was at that time connected with the Institute of Aeronautical Sciences, Rockefeller Plaza, New York City. GARDNER, when he was contacted by the bank, advised "KARMAN is a leading scientist of aeronautics in the United States".

It is noted that ANDREW G. HALEY had the power of attorney for this account. HALEY'S address in 1945 was Room 1101 Earle Building, Washington, D.C. It is also noted that he was connected with the firm of Kramer and Haley, 1703 K Street, Northwest, Washington, D.C.

When VON KARMAN opened the account in 1944, his address was Westbury Hotel, 69th Street and Madison Avenue, New York City. From August 1948 through November 9, 1949 his address was Hotel California, 16 Rue de Berri, Paris, France. He then went to his present address of 1501 South Marenco Avenue, Pasadena, California.

The initial deposit of $200.00 in this account consisted of a $100.00 check of the University of Michigan, drawn on the Ann Arbor Bank, Ann Arbor, Michigan, and a $100.00 check of the Philosophical Society of Washington, D.C.

No examination was made of VON KARMAN'S account at this time and will not be unless a lead is set out to do so.

AIR MAIL SPECIAL DELIVERY

July 29, 1950

SIR,

Reference is made to Albany teletype sent July 28, 1950, intended for Cleveland, received by Chicago under caption "ALFRED SARANT, Espionage - R."

In accordance with instructions in referenced teletype, there is being forwarded, RDD as an enclosure with this letter, a photograph of HETTIE SAWIDGE, former common-law wife of subject PERL.

In connection with photographs of MICHAEL SODOROVICH and wife, requested in Albany teletype, it is to be noted that these photographs were included among a number forwarded by Cleveland to a number of interested offices July 28.

A photograph of HETTIE SAWIDGE is also being made available to the New York Office with this letter, as it may be valuable in connection with leads of that office.

Very truly yours,

MEMO:

Re: WILLIAM PERL
ESPIONAGE - B

Mrs. SARAH MUTTERPERL, 936 Tiffany Street, Bronx, New York, was interviewed on July 28, 1950, by SA FREDERICK C. BAUCKHALL and the writer. She stated that she was born in Russia-Poland and is 62 years of age. She came to the United States about 38 years ago and was naturalized in the Southern District of New York in about the year 1912.

Mrs. MUTTERPERL stated that her husband, who is employed as a baker, was asleep and could not be disturbed. She stated that her husband, ARAHAL, was born in Russia about 63 years ago, came to the United States about 40 years ago, was naturalized in the Southern District of New York about 37 years ago. She stated that she could not remember the dates of birth or of naturalization. She stated that she was married in Russia-Poland about 42 years ago; that her husband came to the United States alone and subsequently brought her and her oldest daughter, ANNE, to this country. ANNE was naturalized under her father's papers.

Mrs. MUTTERPERL stated that her family consists of two sons, WILLIAM and SAMUEL, and two daughters, SADIE MUTTERPERL and ANNE SULL.

Mrs. MUTTERPERL stated that the last time she had seen her son, WILLIAM, was on May 29, 1950. He visited her at that time for a few hours and stated to her that he was going to Columbia University where he had living accommodations. On Tuesday, May 30, 1950, December Day, he telephoned his mother to say good-by before returning to Cleveland. Prior to this visit, Mrs. MUTTERPERL stated she had not seen WILLIAM PERL for about two years. He had visited her at Passover time about two years ago and after a few hours' visit stated that he was going to Columbia University to stay overnight.

Mrs. MUTTERPERL stated that it was difficult for her to remember dates of his visits, and she believes that the information she has furnished regarding these two visits of WILLIAM PERL were accurate.
She stated that WILLIAM PERL studied at the College of the City of New York and received an electrical engineering degree in 1938, at which time he was about 20 years of age. He was employed by the Government in Virginia and later transferred to Cleveland, Ohio. She believes that WILLIAM has been in Cleveland about six years.

While studying at Columbia University for his doctor's degree, WILLIAM PERL lived in an apartment in Greenwich Village. Mrs. MUTTERPERL stated that she could not recall the location of this apartment. She stated that she had the telephone number of the apartment at the time PERL occupied it, but did not have it at the present time. She had called PERL when he resided at Greenwich Village and once a girl answered the phone. She attempted to find out from the girl and later from her son, WILLIAM, who the girl was, but both were evasive.

Mrs. MUTTERPERL stated that her son was married in Cleveland and was later divorced. She stated that she could not recall whether it was WILLIAM PERL or his wife who obtained the divorce, nor could she recall where the divorce was obtained. She stated that she visited her son, WILLIAM, and his wife in Cleveland and stayed with them for two weeks. She was opposed to WILLIAM'S marriage because his wife was not of the same faith, but after she had met the girl, she saw that she was very nice and upon leaving them gave them both her blessing.

She stated that a very close friend of her son, WILLIAM, was a boy by the name of MORRIS KLEIN, whose parents lived on Fox Street nine years ago, but that she is unaware of their present address. KLEIN attended Columbia University with WILLIAM and is presently working with him in Cleveland.

A friend of her son, SAMUEL, MORRIS BINGHAMI, who formerly resided at 1114 Second Avenue, New York City, obtained a job in Washington through her son, WILLIAM. BINGHAMI is presently residing at 1630 B Street, Northwest, Washington 9, D. C.

The names of various individuals were mentioned to Mrs. MUTTERPERL and the following is her reaction to the name of each person mentioned.
She could not recognize any of these names.

The name was familiar to her, but she could not place it or identify the individual.

Mrs. Mutterperl stated that Barr was attending Columbia University at the time her son, William Perl, was studying there. She stated that she visited Mrs. Barr, who lived on the West Side, and at that time Mrs. Barr stated that she had a room for William Perl to stay in while he was studying at Columbia University.

Harry Singer, Partner, Consumers Oil Company, 2514 Third Avenue, Bronx, New York, was interviewed by SAl Ennard J. Capill and the writer on July 25, 1950. Singer’s brother, Soloman Singer, was present during the interview. Harry Singer stated that he was the principal stockholder of Mechanical Heating Corporation at the same address as Consumers Oil. He stated that the Mechanical Heating Corporation is now in an inactive status.

Singer stated that he has known Joseph P. Blum since around 1937, at which time Singer resided at 2300 Bronx Park East, which was in the vicinity of the Blum’s residence at that time. He became acquainted with Blum as a neighbor. Later Blum, while employed by the City of New York, drew up plans for certain installations in the Consumers Oil Company. About four and one-half years ago Blum resigned from the City and worked for Harry Singer in the Mechanical Heating Corporation. Blum was given a small number of shares of the corporation so that he became a principal in that corporation.
SINGER stated that BLUM received the salary of $100.00 a week and his job was that of engineer and estimator which included the drawing up of plans for installing oil burners. BLUM was not a salesman for the corporation and most of the installations of oil burners by Mechanical Heating Corporation were for customers of Consumers Oil.

SINGER stated that BLUM was instrumental in bringing a limited number of new customers to Mechanical Heating Corporation for installation of oil burners. Some of the names of such customers of BLUM'S were EITTINGER, furrier; GRINDLINGER, 123-80th Road, Kew Gardens, Long Island; a dentist friend of BLUM'S; GALPER, 80-27 188th Street, Jamaica, Long Island; and HALPER, 209-18 Richland Avenue, Jamaica, Long Island, the latter two are believed to be neighbors of BLUM'S. In addition to these, SINGER believed that a burner was installed in the house of a rabbi who was a brother-in-law of BLUM'S, having married a sister of BLUM'S.

SINGER believed that BLUM had finished his education in Germany, but that when BLUM came to the United States he also attended schools here. SINGER stated that BLUM never discussed politics and more specifically Communism, so that it was impossible to determine whether or not BLUM favored or opposed Communism.

While BLUM was employed at Mechanical Heating, most of his mail and visitors had to do with business; however, some personal mail was received by BLUM at the office, but SINGER could not recall any visitors of BLUM'S who came who were friends of his.

SINGER stated that some mutual friends of his and BLUM'S were a family by the name of DOLLINGER who were jewelers located around 86th Street in New York City. The DOLLINGER'S come from the same part of Germany as BLUM.

On December 27, 1947, BLUM left Mechanical Heating Corporation to go to the Kilan Plumbing Company in Long Island City.

The pictures of SOBEL, ELITCHER, SIDOROVICH, SARANT, ROSENBERG, BARR, GREENGLASS, LOUISE SARANT, and RUTH GREENGLASS were shown to HARRY SINGER and SOLOMON SINGER, and both men stated they had never seen any of these individuals.
letter carriers located at the Oakland Gardens Post Office, Springfield Boulevard, Bayside, Long Island, were interviewed on July 25, 1950, by SAA EDWARD J. CANTIL and the writer. "Edward stated that he had delivered mail to the BLUM residence at 79-23 209th Street, Flushing, Long Island, from 1939 to 1943 or 1944. "Edward stated that he handled mail to the BLUM address during the years 1948 and 1949. Neither man noticed any mail of an unusual character being delivered to this address. They stated that the following publications were periodically delivered:

1. Jewish newspaper "Baddassiah"
2. "Healing Plant Engineer"
3. "Life"

Neither man noticed any "Daily Worker" or other newspaper or periodical which they would associate with Communist publications.

The records of the Board of Elections of Queens were checked and from the year 1940 through 1949 JOSEPH P. BLUM and ARNIE BLUM were registered under the Democratic Party.

The back traffic on the telephone Hollis 4-3833, which is listed in the name of JOSEPH P. BLUM, shows the following out-of-town calls that were made:

RE: WILLIAM PERL
ESPIONAGE - II

On July 26, 1950, Mr. JOSEPH F. BLUM and his wife, ANNE BLUM, sister and brother-in-law of WILLIAM PERL, were interviewed at the New York Office by SAA EDWARD J. CAHILL and the writer. The results of this interview is the subject of a separate memo. At the time they were interviewed, the BLUMS brought to the office a folder of correspondence containing letters and cards which they stated were written by WILLIAM PERL to various members of the family. The following is a summary of pertinent portions of the correspondence:

Letter dated October 16, 1939, addressed to "Dear Ma". - "I have just received your letter and also the three packages containing speaker, records and record players all in perfect condition. I really appreciate all the work you and the rest of the family did in sending the records. Incidentally, I found the packages at home when I arrived from the field today. ....... I'm glad to hear that ANNE and JOE are getting their own home. ....... I'd like to get a job in New York but I don't think I'll be able to do so for a while at least. The work they do down here is right down my alley and I think it's a chance of a life time. ....... I'd like to go to California and help you cure your rheumatism, but it will be a few years before they can start sending people out there from here. ....... ANNE can give my regards to BERNARD CAHILL of the Concert Bureau. I knew him when he was a sophomore and when he was being trained for the job by J. M. MOSES, the originator of the Concert Bureau. ....... Hold yourself in readiness to ship more stuff out to me. Adios. (Learn your German well, I wish to hell I knew how to read it fluently now) ....... Regards to TRUMBACHER, I have nothing to write to them. ....... I am eligible to vote down here, but due to the Jim Crow and other laws I have to wait three more years and pay about five dollars, etc., hence I'm not voting this year or next. Love, WILLIE."
Letter dated November 1, 1939, showing the address 197 Melrose Ave., addressed to "Dear ANNE & JOE". — "......I'm figuring on getting back for Christmas week (10 days)......However, I expect to do some real work during Christmas.....I've written the prof. at school telling him to hurry up and ship the thesis down here in time for me to correct it and then have it typed during Christmas.....So far the powers that be haven't paid much attention to my request for a transfer. Not having any idea of what research is, these administrative big shots figure that a stranger gotten off a Civil Service list to do maintenance work should do maintenance work even if (in the stranger's opinion, which means nothing) he can do 10 times more in research...........I bought an amplifier from Lafayette and its high fidelity all right. What's more they've got a small record library in Hampton Institute from which I think I'll be able to draw records......I'd like to come back to your new home but I suppose it won't be finished. Where the devil is Hollis anyway?.............Yours, WILLIE. P.S.S. Note my new address. I've moved again."

Letter dated November 19, 1939, addressed to "Dear Anne". This letter contains instructions in the typing of his thesis which his sister, ANNE, had promised to do. This letter is signed, "Yours, WILLIE. P.S. Birthday greetings to BOBBY. I'll see him soon."

Letter dated November 26, 1939, addressed to "Dear Anne". — "......They're still looking for an electrical to take my place so I can be transferred. I've been having a good time of late out at the field..........It was most interesting, being as they've got some fancy equipment here in the Instrument Lab. Regards to all, WILLIE."

Card dated November 27, 1939, addressed to MRS. ANNE BLUM, 1460 57th Street, B'klyn, N.Y., with return address WM. MUTTERPERL, 197 Melrose Avenue, Hampton, Va., postmarked Hampton, Va., November 28, 1939, 2 P.M. "......I'm writing to a friend of mine with this mail to arrange having it typed. He's a classmate and has done this sort of thing before... Would you mind lending your typewriter if need be?..........WILLIE"

Letter dated November 30, 1939, addressed to "Dear Anne". This letter sets forth instructions for the typing of a section of his thesis which contains numerous mathematical equations. Signed, "Yours, WILLIE. P.S. Enclosed is the usual five bucks."

Letter dated Sun., December 3, 1939, to "Dear Anne". Most of this letter deals with the thesis. "I'm looking forward to getting back to New York Christmas. I'll probably start out Fri. night, by car, and get to the city on Sat. morning Dec. 22........WILLIE."

A card, undated, addressed to MRS. ANNE BLUM, 1160 57th Street, B'klyn, N.Y., return address WM. MUTTERPERL, 197 Melrose Ave., Hampton, Va., December 10, 1939, 6 P.M. "I think I'll wait until I get home before storing to fill in.......I'm looking forward to being in the city again. Regards to the family, WILLIE."

Letter dated February 1, 1940, addressed to "Dear Ma". "......My friend came down from Washington (the boy who owns the drug store - SOBELL), looking for a new job. He may be transferred soon........WILLIE."

Letter dated March 1, 1940, addressed to "Dear ANNE and JOE". "There are some legal matters that must be attended to. This fed income tax, I think I can get rid of without paying anything inasmuch as I've made about $1500 this past year of which $350 is taxable and I can legally claim credit for supporting the family to the extent of $400. Incidentally I'll be coming into contact with some ace mathematicians in connection with this report. The assistant is to have Editorial Committees on every report, and some of the best men in the field will be on this one.......I'm reading about airplanes, etc., as I don't think a person should do aeronautical research without knowing something about airplanes........What color are you painting my future room? Red? I hope. Expectantly yours, WILLIE."

A card, undated, addressed to BOBBY BLUM, 1160 57th Street, B'klyn, N.Y., return address WM. MUTTERPERL, 197 Melrose Ave., Hampton, Va., postmarked Hampton, Va., March 2, 1940, 7 A.M. Nothing of consequence is contained in this card and it is signed, "Your uncle, WILLIE."

Letter dated June 5, 1940, addressed to "Dear Anne and Joe". "......I'm avidly awaiting July 4 in order to visit you. I just got my driver's license and want to get a car as soon after hitting New York as possible.......Yours, WILLIE."

Card undated, addressed to BOBBY BLUM, 7923 209th Street, Flushing, L.I., return address WM. MUTTERPERL, 197 Melrose Ave., Hampton, Va., postmarked Hampton, Va., July 1, 1940, 8:30 AM. "I expect to visit
"you sometime this week. I'll be in the city this Thursday but will stay at your grandmother's house for a day or two before coming to your joint. I hope the address on this is right; you mother gave me a different one: 7923 Oceania St. I'll be seeing you. WILLIE".

Letter dated July 21, 1940, addressed to "Dear Anne and Joe". - "Enclosed is $210, bringing the loan to $300. I now have $25 to my name.....I'll send JOE the book 'Millions on Wheels' as soon as I get it back from my friend.....I found a certification to the Franford Arsenal, Philadelphia, waiting for me dated July 5. I am now in process of turning it down.....I find that I get about 11 mi. per gal. out of the LaSalle.....Brotherly yours, WILLIE".

Letter dated September 3, 1940, addressed to "Dear Bobby". - ".........However, just when I was fully recovering from my visit to you, they put on a night shift.......Your uncle, WILLIE.".

Letter dated March 1, 1941, addressed to "Dear Anne and Joe". - ".........They are advancing a lot of boys from Juniors to Assistants (I am one of the boys) probably to keep them from leaving. The corresponding increase in lucre (to $2600) will come through in April or thereabouts. I've just paid an income tax of $14.43......I am thinking of getting a new Cadillac, but will probably settle for a Nash or Studebaker. My plan is to accumulate some dough, drive to N.Y. in the LaSalle and buy a new car out right.........How's your Plymouth holding up?.........I was glad to hear that Mama is still trying for a citizenship.......WILLIE.".

Card undated, addressed to ROBERT BLUM, 7923 Oceania St., Flushing, L.I., New York, return address WM. MUTTERPERL, 197 Melrose Ave., Hampton, Va., postmarked Hampton, Va., March 16, 1941, 6 PM. Nothing of significance is contained in this card. Signed "Uncle WILLIE".

Letter dated May 1, 1941, addressed to "Dear Anne, Joe, Bobby, Eleanor". Nothing of significance noted in this letter. Signed WILLIE.

Letter dated June 30, 1941, addressed to "Dear Anne". - ".........I've finished a paper and just started working on another problem, this time propellers. As a prelude I've got a week of midnight shift to perform, 11 PM to 8 AM or so.......Yours, WILLIE."

Letter dated June 30, 1941, addressed to "Dear Bobby". — "From your gaily scrawl I gather that you intend to do some dynamiting on the 4th. Furthermore you want me to be an accomplice and send you explosives. This I cannot do because it is illegal to send explosives to New York through the mails (I think). Besides it's too much trouble... Yours, WILLIE."

Letter dated September 15, 1941, addressed to "Dear Bobby". — ".........So far as the 'calacobra' is concerned, I don't know what it looks like myself, so obviously I can't send you a model of it....Sincerely, UNCLE WILL."

Letter dated October 3, 1941, addressed to "Dear Anne, Joe, Eleanor, Bobby". — ".........The work I do at the field is so secret, I don't know what it's all about myself.......I think I'm going to start saving up money, and leave for a trip abroad someday. A friend of mine just quit his $2600 a year job to go back to school and study radio. Not a bad idea in the long run. If not for money I'd do it too.......Yours, WILLIE."

Letter dated November 1, 1941, addressed to "Dear Anne and Joe and family" — ".........I'm supposed to be reading up all that's known about aircraft engines. This, together with my trying to acquire a working knowledge of mathematics, leaves me only about 7 nights a week to devote to the social situation......Yours, WILLIE."

Letter dated February 1, 1942, addressed to "Dear Ma". — ".........The apartment is taking up a lot of time, in shopping preparing meals, washing dishes, etc. Maybe I'll give it up.......I used potatoes, onions, and matzo meal (bought in Newport News).........I have a phone now.... Love, WILLIE."

Letter dated February 1, 1942, to "Dear Anne and Joe". Nothing of apparent significance appears in this letter. Signed, "Yours, WILLIE, 1255 Ferguson Ave., Newport News, Va." [Handwritten note: with [illegible] address]

Letter dated February 16, 1942, addressed to "Dear Anne and Joe". — ".........I trust SELMA married a properly substantial personage....."
"Well, I've had enough of apartment life and am going back to a room. My new address will be 451 Chapel Street, Hampton, Va., starting about Sunday, February 22. MILTON KLEIN (remember him?) dropped in unexpectedly last night. He got himself transferred to the Norfolk Navy Yard from some hick town out West." The lower portion of this page of the letter was cut away and the letter continues, "I've just censored myself on some highly secret stuff. Everybody around here works in an atmosphere of secrecy whose only apparent effect is a heightening of everybody's self importance. Yours, WILLIE."

Letter dated May 18, 1942, addressed to "Dear Anne and Joe".

"...I really regret that the war is upon us (and from the way the Russians are going possibly nearing a conclusion) because in a year or so I might be able to contribute something to the nation's defense. I guess this sounds immature, while it definitely is premature, so I'll say no more and proceed to some personal items as requested... By the way I have rented P.O. Box 366 in Hampton so address future mail there... Did I tell you that I work 48 hours a week now and earn about $3100 a year, some of which in defense bonds?... WILLIE."

An envelope addressed to Mrs. J. P. BLUM, 7923 Oceania St., Bayside, L.I., N.Y., return address Mrs. MUTTERPERL, P.O. Box 366, Hampton, Va., postmarked Hampton, Va., October 1, 1942, 10:30 A.M.

Letter dated August 1, 1942, addressed "Dear Anne and Joe".

"...WILTON KLEIN (one of the original cronies) is now working down here. Another one JOE GLAZER, just got married... You picture life in Queens in glowing terms. I wish I could do the same with respect to Hampton... WILLIE."

Letter dated October 1, 1942, addressed to "Dear Blums".

"Nothing new since September 1, essentially except that my unwanted career proceeds a pace and I'm an associate E.E. now (almost a big fish in a little pond). The work has taken on an invigorating tune, all the more so because it is very directly part of the war effort... We work in close contact with industry and the Army, and are working hard... How's JOE'S diamond machine coming along. Yours, WILLIE."
Letter dated February 2, 1943, addressed to "Dear Anne, Joe and family". Nothing of significance appears to be included in this letter. Signed, "WILL".

Letter dated February 21, 1943, addressed to "Dear Moms". "........I just got a letter from SAMMIE and was glad to hear that he is near you and can see you occasionally. I've also heard from ANNE that SADIE is in NY again........Love, WILLIE."

Letter dated March 2, 1943, addressed to "Dear Anne". Nothing of significance noted in this letter. Signed, "WILL".

Letter dated April 5, 1943, addressed to "Dear Anne and Joe". "Sorry to be brief, I'm in the middle of my first big idea and my brain is in a continuous whirl trying to see what it's all about. Regards to the family. Yours, WILL."

Letter dated April 30, 1943, on stationery bearing the printed heading "Hampton, Virginia", addressed to "Dear Anne and Joe". "........That big idea I mentioned a while back is working out all right, though my temperature concerning it is down to normal now........Yours, WILL."

Letter dated November 1, 1943, addressed to "Dear Anne and Joe". "........I'm busy these days finishing up my work projects down here preparatory to visiting to Cleveland. I hope I can go in about two weeks. However it might be two months........Incidentally, I've been flying recently, in connection with some test work. One flight we made was to Baltimore, where we spent the night and had a swell time before flying back the next day........Your brother, WILL."

Letter dated November 21, 1943, addressed to "Dear Anne". "........I'm getting ready to move. December 1st is the date, probably. I won't be able to make a side trip to NY. I will after I get somewhat settled in Cleveland. The MACA is taking care of moving all my furniture....WILL."

Letter dated December 23, 1943, addressed to "Dear Ma". "At last I'm in Cleveland. I got in this afternoon, after a pleasant two day trip. My boss (SILVERSTEIN) has invited me to share his apartment until I can find a place of my own........By the way, Ma, I'll send you
"some money as soon as I get my account transferred over to the local bank. My place of work is very new and modern. It's located at the Municipal Airport. My outfit is called the Aircraft Engine Research Laboratory, occupies one end of the airport. There is one big wind-tunnel, a hanger for airplanes, an engine-testing building and other smaller buildings. I'm connected with the wind-tunnel........I feel very satisfied with the change from Langley Field........Love, WILLIE."

Letter dated January 2, 1944, addressed to "Dear Anne and Everybody". - "........I am moving into an apartment which I hit on by luck. The address is 16808 Madison Avenue. It consists of three rooms, unfurnished, with Murphy bed in living room........WILLIE."

Letter dated February 22, 1944, addressed to "Dear Mom". - "........The work, as usual, is piled up very high. I have half a dozen people to keep busy besides myself........Love, WILLIE."

Letter dated March 5, 1944, addressed to "Dear Mom". - "........I was supposed to go on a trip to find people to work in my section but at the last minute they cancelled it. That's the way the government does things. I may go yet, however. Speaking of the government, I just made out my income tax. It came to about $850, of which I owed the government a balance of $120........Love, WILLIE."

Letter dated March 28, 1944, addressed to "Dear Anne". - "........I'm planning to drop into N.Y. in time for the Mon. night, Apr. 3 seder. Can you manage to be at Mama's for the ritual?.......Yours, WILLIE."

Letter dated August 8, 1944, addressed to "Dear Joe and Anne". - "........Enclosed you will find two check vouchers, which I believe will close out both my accounts. I take this step after due deliberation, etc. It appears that the matrimonial situation is quite promising and that all of the enclosed amount will be required to set up house. As for the actual date of the great event I do not as yet know. In fact I would like my intentions to be kept a closely guarded secret. I shall inform you all as soon as things transpire. She's a wonderful girl. Regards to family. WILLIE. P.S. Thanks very much for attending to this little matter of sending me a check. W."

"I hope to be in N.Y. toward the end of November (to meet my old boss KARMAN) and if so, will see you then. Love, WILL."

Letter undated bearing the sender's address, 1257 Brookley Avenue, Lakewood 7, O., addressed to "Dear Anne, Joe and family." "I look forward to seeing you all in November. Yours, WILL.

Letter dated January 8, 1949, with the sender's address 16802 Larchwood Avenue, Cleveland 11, Ohio, addressed to "Dear Eleanor". Nothing of consequence is mentioned in this letter. Signed, "Love, WILL.

Letter dated November 2, 1949, addressed to "Dear Anne, Joe, et al. and Mom, Pop, et al." "Have just got the news that I passed my exams. Am now arranging for the final (and somewhat formal) step of the oral, which I hope I can take in about a month... WILL.

Letter dated February 7, 1950, addressed to "Dear Bob". "...SAM sent me a letter in French. He's doing all right (tell grandma). I am reading Solid State and Field Theory right now. Nothing serious, just getting educated. I am sure you know more about the H Bomb than I do... WILL.

"Bob" according to Blums is this one Robert. (page 9)

Letter dated March 11, 1950, with the sender's address 16802 Larchwood Avenue, Cleveland, Ohio, addressed to "Dear Anne and Joe". "...What's the story on SADIE? She has just written me from Washington, D.C. where she says she is working in a government position... WILL.

Letter dated March 25, 1950, with sender's address 16802 Larchwood Avenue, Cleveland, Ohio, addressed to "Dear Mom". "I was sorry to hear about SADIE being back from Washington... I may be sent to the University of Chicago soon for advanced study and training. Preliminary negotiations are underway. I am going up to Chicago next weekend to talk with the various people concerned... I have already had some informal telephone conversation with PROF. FERMI... WILL.

Letter dated March 23, year not shown, addressed to "Dear Anne". Information in this letter sets forth the manner in which two radios can be operated from the same antenna and ground which was offered by PELT to the BLUMS to be used in their new house. "...I intended to ask for it (vacation) around July 4th or so and make it about two or three
"weeks...I'm learning to drive a car and ought to have a driver's license (but no car) before long. WILLIE."

A letter undated addressed to "Dear Anne and Joe". Nothing in this letter appears pertinent, except possibly the postscript which states, "I am now saving with a purpose. The purpose is a doctorate." This letter was signed "WILLIE."

Letter dated November 1, year not shown, addressed to "Dear Anne and Joe". ".....I hear SAMMIE quit the Army.....WILLIE."

Letter undated addressed to "Dear Anne". "I've been away to the mountains on a camping trip for a few days.....I may take a hurried trip to N.Y. in a month or so.....WILLIE. P.S. Have you heard from SAMMIE recently? He was expecting to be sent to Philadelphia the last I heard from him."

Letter undated addressed to "Dear Anne and Joe and children". ".....I have been running around a trifle, to wit, then to Cincinatti last weekend to see SAMMIE.........SAMMIE may drop in to visit if and when he gets his furlough this summer. Perhaps I can take a few days off then too....WILLIE."

MEMO

Re: WILLIAM PERL, wa
ESPIONAGE - R

Rebutted to Cleveland August 9, 1950, in instant case, which makes reference to the report of SA JOHN B. O’DONAHUE, August 7, 1950, at Cleveland, and the report of SA MAURICE W. CORCORAN, August 7, 1950, at New York, and which requests that an appropriate report concerning subject’s loyalty be prepared for dissemination to the National Advisory Committee for Aeronautics Loyalty Board. This request originally emanated from JAMES J. KELLY, Chairman of the NACA Loyalty Board.

Reference is also made to New York File 116-37097, entitled "WILLIAM PERL - CH - 5311, aka William Mutterperl; AEEA", which concerns an investigation of subject between December 1949 and June 1950.

The above file reflects that the clearance of subject was requested in November 1949 by the National Advisory Committee for Aeronautics, Cleveland Airport, Cleveland, Ohio. According to the PSQ form executed by subject on November 18, 1949, he has been employed by that Committee at Langley Field, Virginia, and Cleveland, Ohio, from 1939 to the present with the exception of the period 1946 to 1948, when he completed his education at Caltech, Pasadena, California, and at Columbia University, New York City. According to NACA records, subject was in a Leave Without Pay status during the above period.

PERL became an active subject in the ROSENBERG espionage ring about July 15, 1950, when it became evident that he had been closely associated with JOEL BARR, ALFRED SARANT, and other individuals, all of whom are currently being investigated as members of the above ring. On July 26, 1950, PERL admitted to Bureau Agents at Cleveland that he had been visited by VIVIAN GLASSMAN of New York City on July 23, 1950, and that she carried instructions from a "stranger" in New York that he should flee to Mexico. GLASSMAN offered him $2,000.00 cash from this individual and during the conversation ROSENBERG’S name was mentioned.

An active investigation is being conducted concerning GLASSMAN. She has refused to testify before the Federal Grand Jury, SDNY, and is under subpoena for another appearance on August 15, 1950.
MEMO
NY 62-15387

WILLIAM PERL has been subpoenaed to appear before the Grand Jury on August 18th next.

In connection with the Bureau's request for the preparation of a report, in Loyalty Report form, covering PERL'S activities, it is pointed out that the AEA file reflects information concerning subject to June 1950. The information developed since that time in instant investigation appears to be of such a nature, at least at the present time, that dissemination of same to outside agencies does not seem advisable.

Such a Loyalty Report will necessitate documentation of PERL'S various associates mentioned in the Cleveland and New York reports in instant case, all of whom are the subjects of active case files in this ring, as well as their alleged connections with ROSENBERG. Since none of these investigations has been concluded, dissemination of the information is not recommended.

It is pointed out that copies of such a Loyalty Report would be furnished to the Civil Service Commission and to the Loyalty Board. Furthermore, it is possible that PERL, himself, might be confronted with information contained in such a report.

It is further noted that, during previous hearings, the Loyalty Board has advised PERL concerning some information obtained in California to the effect that his ex-common law wife, HENRIETTA SAVIDGE, had made pro-Russian remarks to her former landlady in California. In recent interviews with Miss SAVIDGE in New York, she has identified the informant as RUTH McCANDLESS, which is correct.

PERL has also been advised concerning the allegations of his associations with BARR and SARANT by the Loyalty Board.

The report of the writer dated August 7, 1950, reflects information on Page 70 as obtained from Professor POLYKARP KUSCH, Executive Officer of the Physics Department, Pupin Laboratory, Columbia University, to the effect that PERL has been engaged as an instructor in the Physics Department, Columbia University, effective July 1, 1950, and is scheduled to begin teaching in September 1950. It is unknown if this information is currently available to NACA, Cleveland.

It is suggested that the above information be brought to the Bureau's attention in connection with its request for a Loyalty Report contained in rebulet.

WILLIAM PERL, WA; ESPIONAGE-R. ON AUGUST SIXTEEN LAST, SUBJECT THROUGH ATTORNEY RAYMOND L. WISE, EIGHTY BROAD ST., NYC, REQUESTED INTERVIEW WITH AUSA MILES LANE AT ELEVEN A.M. TODAY. WISE IN PRESENCE OF AUSA ADVISED SUBJECT TO COOPERATE WITH GOVERNMENT AND FURNISH ANY AND ALL FACTS IN HIS POSSESSION CONCERNING INSTANT CASE. AT LANE'S REQUEST, PERL INTERVIEWED BY SAS MAURICE W. CORCORAN AND LEO H. FRUTKIN FROM ELEVEN THIRTY A.M. TO FOUR P.M. TODAY. SUBJECT STATED THAT HE HAD ATTEMPTED TO MINIMIZE HIS ASSOCIATION WITH JOEL BARR AND ALFRED SARANT DUE TO THEIR POLITICAL BACKGROUND IN CONNECTION WITH COMMUNISM FOR FEAR SAME WOULD PREJUDICE HIM AND HIS LOYALTY INVESTIGATION. PERL NOW STATES HE MET ELEANOR GLASSMAN AS A CASUAL PICKUP ACQUAINTANCE IN A GREENWICH VILLAGE RESTAURANT ABOUT TWO MONTHS PRIOR TO APRIL SEVEN, FIFTY. HE CLAIMS HE DOES NOT RECOLLECT ANY DETAILS OF THIS PICKUP. NOW BELIEVES MEETING WITH ELEANOR GLASSMAN ON APRIL SEVEN, FIFTY, WAS BY APPOINTMENT, THE DETAILS OF WHICH HE PROFesses NOT TO RECALL. PERL WAS THOROUGHLY QUESTIONED REGARDING INCONSISTENCIES PREVIOUSLY REPORTED IN INSTANT CASE. HE IN NO INSTANCE RESOLVED ANY INCONSISTENCY BUT RELIED ON THE STATEMENT HE DOES NOT REMEMBER. PERL ADVISED HE HAS GIVEN NOTICE OF TERMINATION TO MACA, CLEVELAND, EFFECTIVE SEPTEMBER SECOND NEXT, AND THAT HE HAS BEEN HIRED BY COLUMBIA UNIVERSITY, NYC, AS AN INSTRUCTOR IN PHYSICS. PERL SCHEDULED TO APPEAR BEFORE PGJ, SDNY, TEN THIRTY A.M. AUGUST EIGHTEEN.

RE: WILLIAM PERL
ESPIONAGE - R

Re Knoxville teletype, 7/30/50, 11:45 A.M.

On August 14, 1950 SA Vernon G. Smith contacted ROBERT C. HARRON, Director of the Bureau of Public Information, Columbia University, New York City, for information concerning Professor POLYKARP KUSCH, Executive Officer, Department of Physics, Pupin Laboratory, Columbia University. Mr. HARRON advised SA Smith that he could not locate a photograph of KUSCH at the Men's Faculty Club, the University Secretary's office and through a check of various books, alumni records and appropriate library sources. However, the following information was obtained from the "Who's Who In American Colleges and Universities."

KUSCH was born January 26, 1911 at Blankenburg, Germany. He came to the United States in 1912 and was naturalized in 1922. KUSCH obtained a Bachelor of Science degree at the Case Institute of Technology, Cleveland, Ohio, in 1931; a Master of Science degree at the University of Illinois in 1933 and a Doctor of Philosophy degree from the University of Illinois in 1936.

The above source reflected that KUSCH was an Assistant in the Physics Department at the University of Illinois from 1931 to 1936 and was engaged in the same capacity at the University of Minnesota from 1936 to 1937.

The above source also reflected that KUSCH was employed by Westinghouse, New York City, from 1931 to 1942 and by the Bell Telephone Laboratories from 1942 to 1946.

According to the above source, KUSCH is currently residing at 375 Riverside Drive, New York City, is married and has three daughters.

During a recent interview SA Edward P. Morgan viewed KUSCH and supplied the following description in addition to that set forth above:

RE: WILLIAM PERL, wa
ESPIONAGE B
65-15387

Ref: S A HARRY C. JUNG, St. Louis, 8/2/50.

C. R. VOGEL, Assistant Manager, General Electric Building, 570 Lexington Avenue, NYC, advised that the present occupant of Room 711 of the building is BECHTEL INTERNATIONAL CORPORATION, which has itself or in the name of apparently affiliated corporations occupied the suite since early 1946. Lists available to him of affiliate corporations include SWEDEKUP & PARCEL. He said that ARTHUR W. SHAW, office manager in 711 has been there most of the period since 1946.

ARTHUR W. SHAW, Manager, New York Office, Bechtel International Corporation, advised that his office exists as a personnel and general service organization for Bechtel and various affiliate corporations in facilitating the international operations of those offices, especially in the Saudi-Arabian Oil Project. He said that PERL is unknown to him and is not listed in office indices as an employee of one of the affiliated corporations whom they have served.

GEORGE COUGHLIN, Assistant to Mr. SHAW, advised that for six months or so at about the time he first became an employee there, an office was set aside in the suite for SWEDEKUP & PARCEL for DR. THEODORE VON KARMAN and several of his assistants. He said that PERL is not known to him, however.

Mrs. MARIE JEANNE ANGUILO, Stenographer, Bechtel International Corporation, advised that she recalls WILLIAM PERL as one of VON KARMAN's assistants for a period of several months in the summer of 1947. She said that most of PERL's work was done at Columbia University and that he only occasionally came and went there and had but little contact with Bechtel employees. She recalled that about a year after the SWEDEKUP & PARCEL office was closed she had occasion to talk with PERL on the phone concerning a supposed friend of Dr. VON KARMAN who came there and borrowed money, probably on false pretenses, from her and several others in the office. PERL at that time was apparently still at Columbia University or at least in New York City. She said that she knew nothing of PERL's background, associates, activities and nothing of his current whereabouts.

[Markings on the page]
Miss MARGARET HUGHES, 2861 Harrington Avenue, Bronx, temporary Secretary, Bechtel International Corporation, formerly regularly employed, advised that she remembers PERL distinctly as an associate of Dr. von Karman, doing research at the Pupin Laboratories, Columbia University. She said that she saw very little of PERL, however, and then only as he occasionally came to the Svedrup & Parcel office, always alone and always reserved and distant. She said that she knows nothing about his background, associates, or activities. She said that LILLIAN FRICKER, Dr. von Karman's secretary, and Prof. F. S. EGILSHUD, then an associate of von Karman and Perl, would be the persons most likely to know more about Perl. Prof. EGILSHUD succeeded W M Von Karman in charge of the Svedrup & Parcel office for a short while and then went to Pratt Institute in Brooklyn to teach.

Mrs. MARY STEPHENSON, Stenographer, Bechtel International Corporation, advised that she remembers PERL, but said that she knows nothing about him except that he worked with Egilshud and von Karman, with an address noted on von Karman's card in the AF indices for PERL as Box 88 Pupin Laboratories, Columbia University, Box 827 is also listed as that for von Karman. She said that the latest address she has for LILLIAN FRICKER, 116 Marlborough Street, Boston, Mass., telephone Circle 8061 is two years old. Miss Fricker's family lives in Cleveland, and she lived at 9 East 62nd, Street, N.Y., where Mrs. Stephenson also lived in 1947. She recalled that Miss Fricker knew PERL much better and may have gone out with him on several occasions. Miss FRICKER is studying or working in nutrition or dietetics at Harvard or perhaps another school in or near Boston.

At the Engineering School of Pratt Institute, 195 Lexington Avenue, Brooklyn, NY, it was learned that Prof. E. S. EGILSHUD was not employed there after 1945. His home address is listed as 8903 Rutledge Avenue, Glendale, L.I., N.Y., telephone 9-7073. "Ebasco Services, Inc., 2 Rector Street, DI 4-400" is also listed on the card, probably representing an employment prior to his coming to Pratt Institute, it was said.

It is being left to the discretion of the agent to whom instant case is assigned to act out leads arising out of the above investigation, inasmuch as it is not known to the writer how much or what investigation has already been conducted by this office at Columbia University or otherwise.

At 4:50 P.M. 8/21/50, I telephonically contacted SA J. Kelly of Cleveland in connection with their teletype dated 8/22/50, wherein that office indicated they intended to reinterview both PERL and MIKE SIDOROVICH.

With reference to this matter I advised SA Kelly that AUSA Myles Lane has requested these reinterviews be withheld at present inasmuch as PERL at his last appearance before the Grand Jury in New York City, clearly stated in answer to questions that he did not know either ANN or MIKE SIDOROVICH.

In view of the above, SA Kelly was advised that Mr. Lane contemplates proceeding against PERL on perjury and anticipates again calling him before the Grand Jury in this case.

Re: WILLIAM PERL

C. L. TERRILL, Vice President, FAIRCHILD CAMERA & INSTRUMENT CORP.,
88-06 Van Wyck Boulevard, Jamaica, New York, checked the records of his
concern relative to payment of $50.00 to PERL in the form of Check No.
his records, TERRILL advised that this payment was made to PERL for con-
sulting services performed on May 28, 1948, in connection with the develop-
ment of a thrustmeter, believed to be used in connection with the manufacture
of jet planes. PERL'S services consisted in making recommendations as to
the best type of thrustmeter to be developed and used by FAIRCHILD in per-
forming work for the Government. This project was later developed at
FAIRCHILD'S branch at Pasadena, California, under the direction of DAVID
MOORE, who would probably be more familiar with this matter.

However, from the record in the files here, PERL was probably
recommended to make this study on the recommendation of either a JAMES A.
TOWNSEND, Project Engineer on Thrustmeters, Equipment Laboratory, Wright
Field, or a Mr. OSDIN, (first name unknown), who probably also was connected
with the Equipment Laboratory at Wright Field. PERL was recommended as a
theoretician who had been associated with the National Advisory Committee
for Aeronautics.

TERRILL advised that PERL had no personal contact with anyone at
FAIRCHILD other than on this particular occasion.

It was noted that the payment to PERL was addressed to him in
care of Box 88, Pupin Laboratory, Columbia University.

Reference Cleveland teletype to New York, August 19, 1950.

SIDNEY and HAROLD SHAMES of the MELARD MANUFACTURING COMPANY,
3725 32d Street, Queens, New York, were contacted on August 24, 1950 by
the writer regarding the letter they sent to the subject PERL. The
SHAMES brothers advised that they own and operate the MELARD MANUFACTURING
COMPANY at this address.

Mr. SIDNEY SHAMES stated that PERL is a creditor of the MELARD
firm, having lent the brothers $500.00 about one year ago, and that it was
regarding this matter that they had contacted PERL by letter. Mr. HAROLD
SHAMES stated that at the time the loan was arranged, the firm was short
of ready cash and since the brothers had known PERL while working with him
at the NACA in Cleveland, they approached him regarding the loan.

The SHAMES brothers stated that they worked with PERL on a pro-
fessional basis at the NACA in Cleveland and as such were friendly with him
but that they mixed with him socially on a very limited scale due to the
war work pressure and the fact that PERL stayed to himself most of the time.
SIDNEY SHAMES advised that PERL was a very hard worker while he was at the
NACA, and that he spent a great many of his evenings preparing reports and
other data. Neither of the SHAMES brothers knew anything about PERL'S
personal life or activities.

The indices of the New York Office were checked and have been found
to contain no information pertaining to SIDNEY or HAROLD SHAMES.

Bureau File Number 65-59312
DANFORTH, NEW HAVEN Sch. 7-50.4:00 EAM.

DIRECTOR, BI AND SAG, NEW YORK UNIVERSITY. 2. Subject pre-interviewed at town request at Hartford, CT, today, desired to change previous statement of young Communist League membership. Was member Steinmetz Club at CCNY which became unit of ACL. Attended both open and closed meetings.

For period of about seven months in senior year, recalls attendance at closed meetings of Julius Dr. Rosenberg, Morton Sobell, Max Blumenthal, William Danziger, Nathan Livian, and possibly William Mutterperl.

Subject denies being a leader in left-wing activities at CCNY but could have been logically regarded as such because of leadership in general student affairs. Claims parents completely opposed to left-wing activities and subject discontinued interest entirely after graduation.

Subject recently executed on September 11, in connection with work contemplated in guided missiles and radar field, cooperation with RCA, did not list ACL membership and exhibited concern over failure. Subject advised that

Three male visitors to Hartford on August twenty-six, three last were

Rosenberg of RCA, Camden, New Jersey, and two RCA associates. Visitors to Darien, CT, weekend of August. Eighteen last were Joseph and Helen

Darden of 10 Monroe St., New York City, both formerly sympathetic to Communism and for several years much opposed to Albany and Cleveland

Advised separately. For info report follows:

CORRECTION: Line six word six should be Rosenberg.

Re: WILLIAM PERL, was
ESPIONAGE - R

Re Cleveland teletype 8/17/50, 3:07 p.m.

Reference teletype requested SADIE MUTTERPERL be interviewed regarding a card sent to the University of Tennessee requesting copies of "Good Food" be sent to various individuals. This card contained the return address S. PERL, 963 Tiffany Street, Bronx 59, New York.

Because of the information in our files that SADIE MUTTERPERL was upset and according to her mother, SARAH MUTTERPERL, SADIE is not upset, the Bureau has been requested for advice as to whether or not SADIE should be interviewed.

Inasmuch as Mrs. MUTTERPERL'S first name is SARAH, it was considered possible that she might have been the S. PERL on the return address of the card, and therefore was interviewed at her home, 963 Tiffany Street, Bronx, New York by SA WALTER ROETLING and the writer on September 8, 1950.

Mrs. MUTTERPERL stated that SAM PERL was in France in July, 1950. This eliminated the possibility that the card was written by him inasmuch as it was dated July 17, 1950 and postmarked in New York. Mrs. MUTTERPERL stated that she had not written this card after the contents were described to her, and that in fact, she could not write, except for writing her name. (A sample of her handwriting is attached herewith.) She stated that since the request was for a booklet on good food, she was certain that her daughter, SADIE, had sent it because SADIE was continually sending postcards regarding foods and diets. The names of those listed on the postcard were mentioned to Mrs. MUTTERPERL. She identified her sons, SARAH and WILLIAM, and she stated that Dr. ADLERBERG is her doctor. She stated that she had no knowledge of the names SAUL or SOL KISCHNER or EDWARD GOLDZAND or PATRICE FLOOD.
She reiterated that her daughter is highly emotional and for little reason become terribly upset.

MEMO:

RE: WILLIAM PERL, WAS
ESPIONAGE - F.

At 10:25 A.M. on September 9, 1950, SA FRANK RAISBECK of the Newark Office called and advised that WILLIAM PERL was proceeding toward New York and at that time was in the vicinity of Easton or Philipsburg, Pennsylvania. It was estimated that PERL would reach New York within two or three hours.

Supervisor ROBERT R. GRANVILLE was notified immediately and SAs PAUL J. BLASCO, STEPHEN A. McGARR, and EDGAR C. FOREST were notified inasmuch as they were scheduled to pick up the surveillance of PERL from the Newark agents when PERL arrived in New York City.

Re: William A. Bull, was.
Espionage - D.

Reference made to Surveillance Log dated 7/9/50 wherein it is reflected subject handed a postcard to mail carrier on corner of 42nd St. and Park Ave., N.Y.C.

The mail carrier was approached by the writer and exhibited the postcard in question. It was addressed to: "Miss Glenor E. Bennett, 1404 1/2 E. 2nd St., Chattanooga, Tennessee." In the message subject simply stated that "New York is hot and humid. Am looking for a place to live. Hope you had a good trip. Will write again soon." The message was signed only "Z."

FBI - NEW YORK
SEP 14 1950
65-15387.2 66
Re telephone call of Special Agent MAURICE CORCORAN of the New York Office September 11, 1950 to Special Agent JAMES F. KELLY of this office, during which Agent CORCORAN advised that Assistant U. S. Attorney LANE desired photostatic copies of the Ohio Registration of THEODORE VON KARMAN's car; the registration of the Studebaker sold by EDWARD K. RHODES to WILLIAM PERL; and the registration of the Dodge automobile presently owned by PERL.

At the Auto Title Department, Office of the Clerk of Court, Cuyahoga County, no record could be found of the VON KARMAN 1935 Plymouth by means of searching the names of PERL and VON KARMAN. However, through a telephonic call of the motor number of this car, PJ31499, at the Bureau of Motor Vehicles, Title Division, Columbus, Ohio, it was determined that Dr. JOSEPHINE DE KARMA was the owner of instant Plymouth.

It was ascertained that the file on this automobile in the Auto Title Department contains the following documents:

1. 1944 and 1946 California Registration Cards of instant Plymouth in the name of Dr. JOSEPHINE DE KARMA, 1501 South Marengo, Pasadena, California.

2. 1947 New York Registration #3873732, dated April 10, 1947 for instant Plymouth in the name of Dr. JOSEPHINE DE KARMA, Gotham Hotel, 5th Avenue and 55th Street, New York City.

3. A photostatic or photographic copy of a Power of Attorney from JOSEPHINE DE KARMA to T. K. RHODES, executed and recorded in California, dated June 13, 1946.

4. Application for Ohio Certificate of Title for instant Plymouth executed by T. K. RHODES for JOSEPHINE DE KARMA motorized in Los Angeles, California on June 21, 1948. This application shows the applicant to be Dr. JOSEPHINE DE KARMA with address originally inscribed as Gotham Hotel, 5th Avenue and 55th Street, New York City. However searched for and indexed.

Cleveland, New York:

The original address is lined out and the address 3200 Franklin
stated in what appears to be a different handwriting.

Ohio Certificate of Title (1945) Number 182400412
issued in the name of Dr. JOSEPHINE DE KARMAN, 3200
Franklyn Boulevard, Cleveland, Ohio.

Certified photostatic copies of all these documents
except the 1934 and 1936 registration cards of instant Plymouth
were being forwarded to New York as an attachment to this letter.

It is noted in connection with the 1935 Plymouth
Coupe owned by Dr. JOSEPHINE DE KARMAN, that PERL'S name is in
no way mentioned, although 3200 Franklin Boulevard was at one
time his Cleveland address.

Certified photostatic copies of the following docu-
ments obtained from the Auto Title Department, Office of the Clerk
of Court, Cuyahoga County are also attached:

Assignment of Title of 1941 Studebaker, Motor Number
199802 from EDWARD E. RHODES to WILLIAM PERL.

Ohio Certificate of Title Number 182469067 obtained
by PERL for this automobile.

Ohio Certificate of Title Number 182834501 for PERL'S
1949 Dodge, Motor Number D30285346.

In the event it is desired to obtain copies of the
Ohio Passenger Registration Cards issued in connection with the
assignment of license plates to the above automobiles, it will
be necessary to contact the Bureau of Motor Vehicles, License
Plate Registration Division, Columbus, Ohio.

It is noted that Columbus, Ohio is within the juris-
diction of the Cincinnati Division.

Re Knoxville teletypes July 24, 1950 in instant case and Knoxville teletype July 20, 1950 entitled, "WILLIAM PEAL, sus. ESPIONAGE-R", which requests a photograph of any Columbia University professors contacted by WILLIAM PEAL while in New York City, to be forwarded to Knoxville for exhibition to SLACK.

Investigation at New York City reflected that subject has been in contact with Professor POLYKARP KUSCH, Executive Officer, Department of Physics, Columbia University, and that in April 1950 KUSCH employed PEAL as an instructor in the Physics Department, effective September 1950.

Surveillances of WILLIAM PEAL during recent visits to New York reveal that he spent some time on the Columbia campus and while it was not practical to determine the exact identity of his contacts it was noted that he visited the Pupin Physics Laboratory building where Professor KUSCH's office is located.

The following information was obtained from "Who's Who in American Colleges and Universities":

KUSCH was born January 26, 1911, at Blankenburg, Germany; he came to the United States in 1912 and was naturalized in 1922; he obtained a Bachelor of Science degree at the Case Institute of Technology, Cleveland, Ohio, in 1931; a Master of Science degree at the University of Illinois in 1933, and a Doctor of Philosophy degree from the University of Illinois, in 1936. This source revealed that KUSCH was an assistant in the Physics Department at the University of Illinois from 1931 to 1936 and was engaged in the same capacity at the University of Minnesota from 1936 to 1937. This source also reflects that KUSCH was employed by Westinghouse, New York City, from 1941 to 1942 and by the Bell Telephone Laboratories from 1944 to 1946. He is married, has three daughters and presently resides at 375 Riverside Drive, New York City.

Columbia University, confidentially advised by VERNON G. SMITH that a search of the records of the University's Secretary's Office, the Men's Faculty Club and through a check of the various books, alumni records and appropriate laboratory sources failed to reflect any information concerning Professor KUSCH not set forth above. He stated that there was no indication in the

New York (65-15587) □
records of Columbia University that Professor KUSCH has been abroad since his arrival in this country, nor was a photograph available.

HAROLD A. GILLETTE, General Employment Manager, Bell Telephone Laboratories, New York City, advised from his records as follows:

POLYXARP KUSCH attended the Case School of Technology from September 1927 to August 1931 when he obtained a Bachelor of Science degree in physics. He attended the University of Illinois from September 1931 to February 1933 when he obtained a Master of Science degree in physics. He continued at the University of Illinois from February 1933 to February 1936 when he was awarded a Doctor of Philosophy degree in physics.

According to the above record KUSCH was employed at the University of Illinois from September 1931 to August 1936 as a part-time instructor. He worked at the University of Minnesota from September 1936 to August 1937, performing research work on mass spectrosopy. From September 1937 to February 1941 he was engaged as an instructor in physics and mechanics at Columbia University, New York City. From February 1941 to March 1942 he was employed by Westinghouse Electric and Manufacturing Company, Bloomfield, New Jersey. From March 1942 to October 1944 he was doing research work in the Radiation Laboratory at Columbia University. From October 9, 1944 to April 12, 1945 KUSCH was employed at the Bell Telephone Laboratories, 463 West Street, New York City, as a member of the technical staff in the development of micro-wave electronic tubes. He resigned his position with Bell to accept a teaching position at Columbia University on the latter date.

The above records contain the following physical description of KUSCH:

- Born: January 28, 1911, at Blankenburg, Germany
- Height: 6'
- Weight: 146 lbs
- Hair: Brown
- Eyes: Brown
- Characteristics: Wears glasses
- Social Security No.: 022-19-0777
- Marital Status: Married; wife, EDITH STARR MORRIS, born Canton, Missouri.

A photograph of KUSCH was made available to this office a copy of a photograph of KUSCH taken in 1944.
It is noted that previous investigation in instant case revealed that SLACK was placed in contact with an unknown person by RICHARD BRIGGS, about 1937 to 1939, at New York City. He described this person as an instructor at Columbia University who had recently returned from a one year trip to Russia where he had been employed as an engineer in the construction of the Knesov subway. SLACK said this person was an engineer, mechanical or electrical, and described him as: 5' 7", slim build, dark complexion, dark hair, about 30 years of age at the time of the meeting, and presumably American born.

It is obvious from the above that the physical description of KUSCH varies from that of SLACK's contact between 1937 and 1939 and that the employment of KUSCH is accounted for through the pertinent period.

However, on the possibility that SLACK may have misjudged the height and further that KUSCH may have had a leave of absence from Columbia University, that is not reflected in available records, copies of a photograph of KUSCH, taken in 1944, as obtained at the Bell Laboratories, is submitted herewith to Knoxville for display to SLACK. Additional copies of this photograph are being retained by this office.

FEDERAL BUREAU OF INVESTIGATION

SYNOPSIS OF FACTS

Former employees of Consolidated Vultee interviewed for information regarding Xf-61 with negative results.

DETAILS

H. RICHARD ALEXANDER was interviewed on December 4, 1950 at the Stratos Corporation, 1307 Westwood Boulevard, West Los Angeles, California.

Mr. ALEXANDER advised he was transferred from Consolidated Vultee in Los Angeles to the Consolidated Vultee in San Diego in 1942. He said he had never performed any work on the Xf-61 and was not acquainted with anyone by the name of WILLIAM PERLM. He stated to the best of his recollection WILTON FARKER, presently employed at Air Research, worked on the power plant group engineers of the Xf-61 in 1944.

WILTON FARKER was interviewed at the Air Research Manufacturing Company, 9651 Sepulveda Boulevard and the following information was learned concerning his work on the Xf-61:

He said he was a group leader working on the power plant of the Xf-61 from January, 1944 until the time he resigned in September, 1945.
PARKER advised that he was not acquainted with anyone by the name of WILLIAM FIKL and that he had not corresponded with any representative of NACA Laboratories at Cleveland, Ohio concerning the X-61 or any other airplane.

PARKER stated that all correspondence was handled by EXCELA PRICE, Administrative Engineer, believed to be living in Fullerton, California and that the correspondence directed to NACA would have to be O.K.'d by PRICE. PARKER advised that he recalled that sometime in 1944 a group of NACA representatives visited Consolidated Vultee and were shown the X-61. PARKER could not recall the date or names of the persons or the details regarding this visit.

PARKER stated that Dr. RICHARD DUNCOMBE, of Consolidated Vultee in San Diego, might possibly have information concerning the X-61. PARKER advised that PAUL V. ANDERSON, formerly with Consolidated Vultee, presently living at 807 West Huntington Drive, Arcadia, California, worked on the power plant of the X-61.

PAUL V. ANDERSON, at the above address, was interviewed on December 7, 1950 for details concerning the X-61 and it was determined that he was not acquainted with WILLIAM FIKL or could he furnish any information regarding correspondence with NACA. ANDERSON advised that JOHN KIMBALL, 655 South Kenyon Avenue, Arcadia, California, might have possibly worked on the X-61.

Mr. JOHN KIMBALL, at the above address, was questioned and it was determined that he had not worked on this particular model.
At San Diego, California: Will interview Dr. Howard Burgess at Consolidated Vultee for information regarding the XP-80.

At Fullerton, California: Will interview Excell Piagi concerning correspondence be eight seminar with NACA involving the XP-80.

HAROLD FOKE, Project Engineer, Convair, San Diego, states he made trip to NACA Cleveland to discuss "flush ducts" early in development of XP-51 (Model 102). Check of FOKE's expense accounts reflects only trip to Cleveland during 10th was on July 2, 1944 "to discuss test results applicable to Model 102 with NACA personnel." Other interviews with former Vultee employees negative.

DETAILS:

AT SAN DIEGO, CALIFORNIA

Dr. HOWARD DUNHOLTER, 10631 Melba Drive, Mt. Helix, La Mesa, California, of the Thermal Dynamics Division, Engineering Department, Consolidated Vultee Aircraft Corporation, San Diego, California, stated that he could recall no correspondence or conferences he had had with NACA Cleveland regarding the XP-51 airplane, and advised that WILLIAM PERL was unknown to him personally or by name.

Mr. ROLAND B. PRICE, 500 Mountain View Road, Fullerton, California, advised SA EDWARD J. KIRBY that he had been Administrative Supervisor at the Vultee Field Division at Convair, Downey, California during the War and said he recalled no correspondence relating to the XP-51 to the NACA in
Mr. POPE said that at the time of his visit to NACA Cleveland, he believed they were either testing or were already running a jet engine in their wind tunnel, and held he seemed to recall that the problem which he discussed with SILVESTER was in connection with flush ducts.

POPE said he saw faintly recalled that SILVESTER or one of the other men present made a remark: "What is hell do you want flush ducts for?". POPE said that such a remark would then call for a general discussion of the XP-81 and the fact that air intake for the second engine could not be achieved through the nose of the plane, and would necessarily involve air ducts along the fuselage.

Mr. RALPH SCHICK, Consolidated Vultee Aircraft Corporation, was reinterviewed concerning his knowledge of POPE's visit and advised that he now recalled that POPE had been requested to make such a visit to the NACA Laboratory in Cleveland, but was unable to remember what the problem involved was. He said, however, that the problem of air ducts did present a large problem in the development of the XP-81 and that what possibly could have been the reason for the visit made by POPE.

Mrs. SELMA ROSANTE, General Accounting Officer, Consolidated Vultee Aircraft Corporation, San Diego, California, made available HAROLD W. POPE's expense accounts for the year 1948. A careful review of these expense accounts reflected that POPE had visited Cleveland only once during the year of 1948, and that on that occasion he arrived in Cleveland on July 2, 1948, stayed at the Hotel Cleveland, and left Cleveland on July 2. The purpose of his trip as reflected on his expense accounts was "to discuss test results applicable to Model 10 airframe personnel." The expense account further reflected that POPE had previously been to Schenectady, New York, to discuss vibration test equipment for the B-36 with the decor...
National Aeronautics Corporation, and had stopped at Detroit and Bay City, Ohio to outline a test program and to report the findings to the conference to the Wright Field Project Office. At Detroit.

In view of the fact that Koppe's visit to the HACA laboratory occurred subsequent to May 15, 1944, it is not believed to be pertinent to this case.

We will consider the following:

1. The Patient Register at NASA's Cleveland facility during the first six months of 1950. It may be noted that Consolidated Aircraft Corporation is also connected with Consolidated Aircraft Corporation.

2. We will also consider the examination of the records of the Army Liaison Office at NASA's Cleveland facility relating to the XP-81 airplane.

3. We will consider identifying the Major of volunteers described in this report by FOPF, the Liaison Officer at NASA, Cleveland, during the pertinent period and interview him concerning information about the XP-81 which might have come to the attention of WILLIAM PHELPS.

WILLIAM PERL
ESPIONAGE - R

Joseph and Anna Blum, 70-23 20th Street, Flushing, Long Island, New York, were interviewed at their home by the writer on Saturday, March 5, 1951.

Mr. and Mrs. Blum could not recall whether or not William Perl, Mrs. Blum's brother, was in New York during the Christmas season of 1949. They could not recall where Perl was in September, 1944 or during the Christmas season of 1946. They stated that they never heard of the Blue Mill in Greenwich Village or the Bird in Hand Restaurant on Broadway. Mrs. Blum stated that her brother William Perl was a very studious type man and saw that he never made it a practice to go to parties.

The letter dated Aug. 8, 1944 addressed to "Dear Joe, and Anne," and signed "Willy" which refers to two check vouchers was exhibited to Mr. and Mrs. Blum. This letter was among those that Mrs. Blum had previously loaned to the New York Office. Mr. Blum stated that he recalls that Perl had maintained two accounts in the South Brooklyn Savings and Loan Association and had sent money to him, Blum, for periodic deposits in these accounts. At the time this letter was received, Perl was preparing to be married and desired to close out the accounts. Blum stated that he believes that he sent withdrawal slips to Perl and the vouchers mentioned in the above letter were the withdrawal slips made out. Blum stated that he recalls closing out the accounts for Perl and believes that he received a check covering the balances in the two accounts. Mrs. Blum estimated that the total amount involved was about $700.00.

Mrs. Blum stated that Perl never sent any money to her or her husband to hold for him and as a matter of fact she never sent any money which she deposited in a bank. Mrs. Blum stated that she was well acquainted with her mother's finances and knows that William Perl sent money to her mother for her care and was very generous giving about $20.00 a month. However, he never sent money to her mother that was deposited in a bank.

It is suggested that the South Brooklyn Savings and Loan Association, Willoughby and Jay Streets, Brooklyn, the location of which was furnished by Mr. Blum, and a record of the accounts of William Perl be examined. Furthermore, determine if a bank check was issued in the name of William Perl, or Rutterperl at the time these two accounts were closed. If so, the examination of such a check may reveal an account of Perl in which this check was deposited from the bank stamp that will appear on the reverse side of the check.

On Sunday night March 11, 1951 at 9 P.M., Walter Winchell during his regular broadcast over Radio Station WJZ made the following comment which apparently refers to the subject of this case.

"A source very close to Columbia University told me this tonight - that a top scientist at Columbia University is in very great trouble with the Federal Grand Jury investigating espionage. The explosion will rock 'em any day."

March 13, 1951

I called Mr. Brannigan of the Bureau at 1:30 P.M. and advised him a true bill had been voted by the Federal Grand Jury against WILLIAM PERL charging him with violation of Title 18, Section 1621, U.S. Code on four counts. The indictment had been sealed and it was initially planned by the U.S. Attorney's Office to unseal it on Saturday 3/17/51.

While talking with Mr. Brannigan I requested that the Bureau expedite the review of the prosecutive summary report of SA Richard A. Minihan and authorize furnishing copies to the U.S. Attorney as soon as possible.

Re: SECURITY INDEX SUBJECTS

William Reul

"In every case involving a subject maintained in the Special Section in the espionage category where a summary for distribution has not been prepared, a summary report suitable for distribution must be submitted to the Bureau within 30 days of the receipt of this letter. In any case involving a double agent operation, these summaries should stress, where possible, a basis other than the espionage activity of the subject for inclusion in the Regular Section of the Security Index. For example, if a collateral subject in a double agent operation, who is maintained in the Special Section under the espionage category because his apprehension would destroy the effectiveness of the double agent operation, has a record of C.P. membership which in itself would justify his inclusion in the Security Index, such C.P. membership should be stressed in the report prepared for ultimate distribution. If the sole basis for inclusion in the Security Index is collaboration with espionage agents, this should be set forth concisely, appropriately concealing the source of information and informants.

"Regardless of the number of reports covering the investigation of a subject in the espionage category which are prepared subsequent to the above summary and which are not intended for distribution should, after the preparation of the summary requested above, be prepared each six months during such time as the subject remains in the Special Section."

Rebutel instant case 9:32 P.M., 3/14/51.

At 9:45 P.M., 3/14/51 I called the U.S. Attorney and asked him if the U.S. Attorney's Office had any objection to an immediate interview of ANNE and MICHAEL SIDOROVICH following a public announcement of the arrest of PERL.

Mr. Saypol advised there was no objection to this and I accordingly advised Mr. Moynihan of the Bureau at 9:50 P.M. and told him I would telephonically inform the Cleveland Office of this fact so that they could be guided accordingly and interview the SIDOROVICHES at their discretion.

Mr. Moynihan called back at 10:00 P.M. and stated the above was satisfactory with the Bureau and at 10:10 P.M., I spoke with SA O'Donoghue of Cleveland, referred to Bureau teletype of 9:32 P.M. in the PERL case and told him the U.S. Attorney's Office had no objection to an interview with the SIDOROVICHES following the public announcement of the arrest of PERL.

I explained to Mr. O'Donoghue that in all probability they would want to wait until March 15th to interview the SIDOROVICHES but that they could use their own discretion as to when they felt would be the most psychological time for the approach.

I requested Cleveland to keep us advised.

Ref: F.B.I. Exhibit file, Familial 1846, which contains 67 pieces of correspondence of Henrietta Savidge Park, which was obtained during the search of subject's apartment 2A, 104 E 38 St, N.Y.C. incidental to his arrest on March 14, 1951.

A review of this material has revealed nothing of immediate interest to your case, although same is being retained for possible future use.

The following correspondence are named in the above letter:

David Savidge
2450 Residence Drive
Hollywood 28, California

From the content of his letter,
it appears David Swidoff is Henretta's brother.

Richard G. Swidoff
2447 North Murray Ave.
Milwaukee, Wisconsin

From the contest it appears he is Henretta's brother. His wife's name is Elroye Swidoff.

Nancy McGuire
264 No. Main St.
Romeo Michigan

From the contest, it appears she is a very close friend of Henretta.

Doris Whitaker
244 West 16 St.
New York City, NY.

From the contest, it appears she is a close friend of Henretta who was a witness at her marriage to subject.
Mr. and Mrs. Fred C. Rodewald
North Greenbush Road
West Troy, N.Y.

From the context, it appears that Mrs. Rodewald may be a sister of Henrietta. However, it is noted that Fred C. Rodewald in 1937 was using a letterhead as follows: Fred C. Rodewald, Associates, Advertising Art, 440 46th St., N.Y. C. It is further noted that Henrietta and is a commercial artist.

Miss Katherine Maclean
461 19 St.
Santa Monica, Calif.

From the context, it appears she is a friend of Henrietta.

Jack G. Day
Attorney
526-28 Standard Bldg.
Cleveland 13, Ohio.
Telephone Main 6235

From the context, it appears he was the attorney who was handling Reed's "common-law" divorce from Henrietta, prior to their marriage in October 1950.

Mrs. Ruth W. Candless
375 So. San Rafael Ave.
Pasadena, California

From context, it appears she is a close friend of Henrietta. It is noted she has been interviewed by the Los Angeles office in recent case.

Inasmuch as a review of the correspondence from the above named persons reveals that they are members of the Sculpge family and friends of Henrietta, who have not figured in instant investigation, with the exception of Mrs. Ruth W. Candless who has already been interviewed, no further action is being taken concerning them at the
present time. A review of the evidence concerning
them revealed no pertinent info.

RE: WILLIAM PERL
ESP-R; PERJURY

Reference is made to newspaper articles contained in March 15th issue of "New York Daily Mirror," the "New York Post" and the "New York Journal American" which stated in substance that during search of subject's apartment during 3/14/51, same was left by agents in a disorderly state.

It was noted by the undersigned agents upon entrance to the apartment that it was filled with numerous books, magazines, pamphlets and pencil and paint sketches. The immediate impression was one of overcrowding and disorder. As a result of this the agents conducting the search were particularly careful to replace the material searched in its original position. When the search centered on the closet located in the living room, everything was removed and searched. This material consisted mainly of boxes and suitcases containing clothing.

At the conclusion of the search of this closet the agents had replaced the bulk of this material in its original position in the closet and there remained on the living room floor three or four small suitcases and two or three cardboard boxes.

At this point Mrs. PERL requested that agents discontinue placing the material in the closet inasmuch as she desired to rearrange and clean the closet. So Tully stated that the agents would replace all of this material; however, Mrs. PERL reiterated that she would like to arrange the closet herself. Again, before leaving, Agent Tully commented that the agents were willing to replace the few articles remaining outside the closet to which she again replied that it was unnecessary.

During the entire search both Mrs. PERL and the subject were very cooperative and had no criticism or objection to the manner in which this search was conducted.

RE: WILLIAM PERL

Re my memo 3/15/51.

On 3/16/51 subject's wife, Mrs. HENRIETTA PERL, telephoned this office to speak to the writer in connection with certain newspaper publicity in this case on 3/15/51 pursuant to the arrest of subject the previous evening.

Mrs. PERL stated she had read articles in several newspapers which described the appearance of her apartment upon the departure of the agents with subject in custody as in a "state of shambles" and as having been "ransacked." Mrs. PERL wanted to apologize to this office for the articles and made the following explanation.

Mrs. PERL said that immediately after the departure of the agents several reporters practically forced their way in. She finally opened the door and they attempted to interview her in the doorway and in the hall leading to her apartment. One of the reporters made mention that the apartment was a mess and that the agents must have "gone over everything." She told them that she was in the process of cleaning the closet (in the living room) and that the appearance of her apartment should be of no concern to them. Mrs. PERL stated she desired to again advise the writer she had no criticism of the manner in which the search was conducted by agents and did not want this office to think she had given out any false stories to the press.  

For information, during the above conversation Mrs. PERL said she had made arrangements to see subject at the FHD at 12:30 on 3/17/51. She also said she had raised $11,000.00 bail money and hoped to see a few more people. She said Mr. Wise, subject's attorney, was leaving for Florida today, 3/16/51, and that one of the men in his office would handle the case in his absence.

It was recalled that on one occasion last fall Mr. Wise advised AUSA Lane in the writer's presence, that in the event of Wise's absence his associate, Stanley Kanarik would know the details of this case and could be contacted by AUSA Lane. It may be that Mr. Kanarik will act for Mr. Wise during the latter's absence in Florida. AUSA Foley has been advised of Mr. Wise's departure for Florida.

On March 17, 1951, the writer interviewed a man who had requested that an agent contact him concerning information he held with respect to the subject.

The interview took place at his home in New York. He revealed the following:

Instead of Isaac Siegel, Lieutenant, who is the son of Mr. H. R. Siegel, the subject wife.

The lieutenant owns dairy farms outside Spring Valley, N.Y. and Henry Siegel, who engaged in any kind of legitimate enterprise from which he could derive an income of substantial amount of income.

By means of the fact that Lieutenant came to maintain in the fall of 1950 a check in the amount of the $10.00 after B., Lieutenant as long as said they suspected that he may have had more than a casual interest in such.

This he admitted was purely conjecture on the part of Lieutenant's wife. She described B. as an...

It is noted that upon opening the first account referred to above, subject gave as his address 16808 Madison Avenue, Lakewood, Ohio. The bank statement for November, 1944 reflects a new address of 2744 Mayfield Road, Cleveland, Ohio, and during December of 1944 and January of 1945, the address appears as 3744 Mayfield Road, Cleveland, Ohio. The latter is a non-existent address and may be a typographical error, since PERL’s residence at 2744 Mayfield Road has been verified.

Details concerning this will be shown later in this report.

The February, 1945 statement and all succeeding statements reflect PERL’s address to be 1560 East 120th Street, Cleveland, Ohio.

**INTERVIEW OF LILLIAN FRICKER**

On February 21, 1951, the writer and SA DAVID A. WIBLE interviewed LILLIAN FRICKER, 694 Crestview, Akron, Ohio.

FRICKER advised she first met PERL in March of 1947 when both were employed by Dr. THEODORE VON KARMAN at the General Electric Building in New York, noting she has been employed sporadically by VON KARMAN since 1929. According to FRICKER, VON KARMAN’s employees shared space with the Bechtel Engineering Company in this building. At that time, PERL was acting as assistant to VON KARMAN and was pursuing his doctor of philosophy degree at Columbia University. All confidential files were under the control of FRICKER or VON KARMAN during the period she was employed by him; however, throughout the day, anyone employed could have material from the files by going to FRICKER. These files were always locked at night and FRICKER and VON KARMAN were the only ones who possessed keys. The only document of genuine value to a foreign agent, according to FRICKER, would be a document pertaining to the future prospects of the United States Air Force. According to FRICKER, this was a detailed analysis of the possibilities of aviation for the next twenty to thirty years and was classified "top secret." She stated PERL had no access to this document as long as she was employed by VON KARMAN and it was returned to the USAF prior to her departure.
FRICKER advised that VON KARMAN left for Europe the early part of July, 1947, and that she went to Europe approximately one week after. Following this, PERL was left alone in VON KARMAN's office with an unrecalled secretary and during that period, would have had access to any material in VON KARMAN's office. During the period March through July, 1947, FRICKER recalls that PERL used the address 65 Morton Street for mail and probably lived there since she sent a telegram to him there at one time at the behest of Dr. VON KARMAN.

FRICKER advised she returned to the United States in August of 1947 and was employed by Harvard University from September 15, 1947 until April of 1948 when she returned to Akron. After her return to Akron, she contacted PERL at Cleveland and invited him to her home in Akron where she resides with her parents. She recalled that PERL visited them on one occasion and she knew that he was in possession of the VON KARMAN car during the summer of 1948. She was unable to describe this car and did not recognize photographs of it. She advised she has seen PERL occasionally since 1948 and had dinner with him and attended several movies as recently as the Spring of 1950.

FRICKER advised she had no reason to question PERL's loyalty and knew none of his associates.

INTERVIEW OF ELEANOR WILKINS

Miss ELEANOR WILKINS was interviewed by SA EDWIN B. BIRNEY and the writer, at which time she furnished the following information:

WILKINS advised she has been employed at the Lewis Flight Propulsion Laboratory, NACA, Cleveland, since August of 1947 as a librarian. She advised she first met PERL about September of 1948 and occasionally had a dinner date or theater engagement with him. She emphasized that her social contacts with PERL were irregular and of a limited nature.

WILKINS recalled that PERL's interest in the NACA library, when she first met him, centered on "Theories of Turbulence" and during his last year at NACA, he concerned himself with the study of "Solids." Generally, PERL desired a greater bulk of information than the other scientists and requested photostatic copies of magazine articles quite regularly. Although WILKINS had access to
"Confidential" data, it is her recollection that he usually sought unclassified material. WILKINS advised that she has no access to "secret" or "top secret" material. At no time did PERL exhibit any evidence of being other than loyal to the United States. WILKINS does not recall ever discussing politics with PERL nor does she recall any expression of interest on his part toward his family or college classmates. She knew of no close associates of PERL at NACA and described him as a studious person and a "lone wolf."

WILKINS advised she visited New York during November of 1950 and called PERL on one occasion; however, he advised he had recently married and she therefore did not recontact him. They did meet unexpectedly on one occasion thereafter but separated after a few moments of conversation. This has been her only contact with him since he left the employ of NACA in September of 1950.

ETHEL V. LYON, Chief Librarian, Lewis Flight Propulsion Laboratory, NACA, advised that WILKINS had no access to "secret" or "top secret" data.

**INTERVIEW OF KEITH COXE**

KEITH E. COXE was interviewed on March 15, 1951 by the writer, at which time he furnished the following information:

COXE advised he had been employed by the National Advisory Committee for Aeronautics at Langley Field, Virginia from approximately October of 1940 until August of 1943. From October of 1940 until approximately June or July of 1941, COXE resided at 197 Melrose Avenue, Hampton, Virginia. He described this as the home of the Chief of Police of Hampton and stated that he, COXE, and the subject, as WILLIAM MUTTERPERL, were the only roomers. COXE pointed out that neither boarded at this home, taking their meals in nearby restaurants, although he was not sure where PERL dined. He stated that PERL had the front upstairs bedroom, while he had the only downstairs bedroom. He pointed out that he did not associate with PERL nor did he know of any of PERL's associates. He described PERL as very studious but having no social inclinations. PERL was polite and civil but did not attempt to become friendly and, as a result, COXE did not go out of his way to become overly friendly with PERL.

COXE advised that he and PERL worked in different areas at Langley Field, PERL being engaged in theoretical work while COXE was in the Technical Service Division.
COXE advised that in August of 1943, due to poor health, he resigned from NACA and returned to his home in South Dakota to have a nasal operation. He secured a position with Bendix Aviation Corporation, South Bend, Indiana, in September of 1943, but was drafted into the United States Army in October of 1943 where he served until April of 1946. After several business ventures in South Dakota and Maryland, he rejoined NACA in September of 1948 in Cleveland where he was employed until March 15, 1951, when he resigned to take an engineering position with the Cadillac Tank Plant, Cleveland Airport, Cleveland, Ohio.

During his employment with NACA in Cleveland, COXE advised he had no contact with PERL, although he recognized him as the person who had lived in the same home with him in Hampton, Virginia. He has never had occasion to talk to PERL and doubts very seriously if PERL recalls him. He noted that he did not associate the name PERL with the subject since he had known him as Mutterperl, and due to the poor likeness portrayed in newspaper articles concerning PERL’s arrest on March 14, 1951, he did not realize that the person arrested was his fellow roomer at Hampton, Virginia.

COXE was unable to identify photographs of Morton Sobell and stated he did not recognize Sobell as ever having visited Perl at Hampton.

COXE recalled that when he first moved into the Melrose Avenue address, Perl owned an old car which he described as a "relic" and which he believed to be either a Cadillac or LaSalle. While they were residing together, however, Perl bought a new Studebaker Champion which was probably a 1941 model, but may have been a 1940 Studebaker.

Mrs. IDA SCULL, Clerk, Auto Title Bureau, County of Cuyahoga, West Third and Lakeside, furnished the following information:

Title No. 181590354 dated March 17, 1944 reflects that Perl owned a 1941 Studebaker, Motor No. 153004. The title had been transferred from Virginia Title 1860303 dated May 3, 1941 and reflected that Perl had previously resided at 197 Melrose Avenue, Hampton, Virginia. The Virginia title was issued to WILLIAM MUTTERPERL and also indicated that said automobile had been purchased from the Stutz Motor Company of New York City.
On March 23, 1945, instant title was issued on said car and given number 180027477-D. However, this title was deferred and on March 29, 1945, subject was issued Title No. 181689068.

RESIDENCE, 2744 MAYFIELD ROAD
CLEVELAND, OHIO

As is noted heretofore, in this report, T-1 advised that bank statements of the Cleveland Trust Company for the months of November and December, 1944 and January, 1945, indicated the subject had received said statements at 2744 or 3744 Mayfield Road.

Investigation reveals 3744 Mayfield Road to be a vacant lot.

HARRY ROGIN, real estate operator, 2744 Mayfield Road, advised he is the owner of a twelve suite apartment building at this address. After lengthy consideration and study of photographs, ROGIN advised he recalled a MUTTERPERL whom he believed to be identical with a photograph of PERL as having resided in his apartment sometime during the war.

ROGIN was not sure whether PERL had remained in his apartment for more than a few days, but stated he may have resided there a month or two. He was quite doubtful, however, that PERL did stay there for more than a week. ROGIN recalled that PERL was accompanied by a woman who was an artist, and that they impressed him favorably upon first meeting. However, when they moved in, they had little or no furniture and were very careless and "dirty" in maintaining the apartment. He recalled that PERL brought in a great number of boxes, contained among which were several boxes of electrical apparatus and wires. ROGIN could not be specific but felt that PERL stated that the electrical apparatus and various machinery, which he was unable to describe, was used by him in connection with his work at NACA. He recalled that PERL on occasion was known by him to be "fooling around", probably with the wires and electrical apparatus, as early as 2 AM to 3 AM in the morning.

ROGIN is quite certain he did not accept any rent from them, since he did not desire that they remain as tenants, and he is not certain as to what time of year they resided in his apartment, although he stated it may have been Spring. He also advised that he maintains no records but would make a search of his personal belongings for any documentary evidence reflecting PERL's residence at 2744 Mayfield Road. ROGIN was unable to identify a photograph of HENRIETTA SAVIDGE PERL.
It will be recalled that PERL, during interviews with agents of the Cleveland Division, maintained that while he was on leave from August 28 through September 2, 1944, he spent his time preparing the apartment at 1516 East 120th Street, Cleveland, Ohio, in anticipation of the arrival of his then common-law wife, HETTI SAVIDGE PERL. At no time during interviews did PERL mention residing on Mayfield Road, although he was specifically questioned concerning all residences.

Divorce Docket No. 617230, Court of Common Pleas, County of Cuyahoga, Cleveland, Ohio, filed August 16, 1950, reflects WILLIAM PERL of 663 East 103rd Street, Cleveland, Ohio, sought to be divorced from HENRIETTA BOYD SAVIDGE of 104 East 38th Street, New York. Petitioner stated he had been married to SAVIDGE on September 1, 1944 at New York City and there were no children of this marriage. Service was by publication and the petition was dismissed without prejudice on October 31, 1950.
LILLIAN FRICKER advised that during the period she knew PERL, he did not appear to be proud of his family and she blamed this on the fact that he had been poor in his younger life and was somewhat ashamed of his background. She advised she knew none of PERL's friends or associates in either Cleveland or New York and did not recognize any of the photographs of the ROSENBERG ring which were displayed to her.

She recalled that Dr. HSU-SHEN TSIEN was also employed as a consultant under Dr. VON KARMAN on a contract for SVERDRUP and PARCEL, Consulting Engineers of St. Louis, Missouri. However, she felt that TSIEN and PERL had never met and that TSIEN's part of the consulting job done for SVERDRUP and PARCEL was limited to a few hours discussion with Dr. VON KARMAN.

FRICKER advised she has not been in contact with PERL since June of 1950 and did not realize he was under FBI investigation.

Re ELEANOR WILKINS:

On December 7, 1950, ROBERT BELL, former FBI agent and presently Security Officer, National Advisory Committee for Aeronautics, stated he had heard that ELEANOR WILKINS had been a close associate of WILLIAM PERL.

Mr. JACK BROWN, Personnel Manager, Lewis Flight Propulsion Laboratory, NACA, Cleveland, furnished the following background information regarding WILKINS:

Birth date: August 23, 1918
Birth place: Kansas City, Missouri
Sister: BOBETTE A. WILKINS, Maple Springs, New York.
However, BOBETTE WILKINS is presently residing with her sister, ELEANOR, at 1615 Mars Avenue, Lakewood, Ohio.

Former address: 1518 Ansel Road, Cleveland, Ohio
Education: Webster Grove, Missouri, High School, Washington University, St. Louis, BA Degree in English 1936 - 1940; Carnegie Library School, Pittsburgh, Pennsylvania, 1941 - 1942, BS in Library Science.
Employment:

Carnegie Library, Pittsburgh, 1942-1944.
War Department, USAAP, Eglin Field, Florida, March, 1944 to February, 1945.
Carnegie Library, Pittsburgh, February, 1945 to June, 1946.
June, 1946 to December, 1946; travelled - no employment.
Cleveland Public Library, Cleveland, Ohio, January, 1947 to August, 1947.
NACA, Cleveland, August, 1947 to present. Classified as Librarian GS-7, Salary $3950. Last efficiency rating "Excellent."

On December 16, 1950, IVA BALDWIN, Assistant Manager, Evangeline Residence, 1518 Ansel Road, Cleveland, Ohio, advised that ELEANORE E. WILKINS resided at the Evangeline Residence from January 26, 1947 to November 17, 1948. She was employed as of January 22, 1947 by the Business Information Bureau of Cleveland Public Library. Her parents resided at Library, Pennsylvania. Her father, O. L. WILKINS, died early in 1948, after which ELEANORE WILKINS endeavored to locate a home for her sister and mother. ELEANORE WILKINS subsequently resided at 1615 Mars Avenue, Lakewood, Ohio. Her former roommate and associate was one KATHLEEN BOLDI0 residence c/o W. S. LEAPER, Landerwood Drive, RD No. 4, Chagrin Falls, Ohio, employed Millcraft Paper Company, 1927 East 19th Street, Cleveland. References EDITH CASE and ROSE BORNELLER, both employees of the Cleveland Public Library. Miss BALDWIN stated that due to the illness of the father of ELEANORE WILKINS, Miss WILKINS frequently visited her home in Library, Pennsylvania.
WALTER ORR, Information Officer, NACA, Cleveland, residence apartment houses on the northwest corner, 30th and Euclid Avenue, advised that he had been informed by JOSEPHINE CASE, his secretary, that WILLIAM PERL and ELEANORE WILKINS were frequently seen at lunch together at NACA.

ETHEL V. LYONS, Chief Librarian, NACA, residence 375½ Riverdale, Rocky River, Ohio, residence telephone LA 1-0585, advised that she had first met ELEANORE WILKINS, Assistant Librarian, NACA, at the Cleveland Public Library in 1947 and associated closely with WILKINS since August, 1947, when WILKINS obtained her present position at NACA. Miss LYONS stated she believed that WILKINS had obtained her position at NACA through one PHYLLIS SNYDER, formerly Chief Librarian, NACA. PHYLLIS SNYDER, upon leaving NACA, went to Columbia University to obtain a library degree and then accepted a position as a County Librarian in Fresno, California. PHYLLIS SNYDER is presently believed to be employed by the State of North Carolina as a librarian, possibly in public relations work. Miss LYONS stated that WILKINS was a conservative, intellectual, and a restless person who was not too happy, and that WILKINS desired to attend Columbia University to obtain an advanced degree in Library Science.

Miss LYONS stated that the sister and mother of ELEANORE WILKINS came to Cleveland for a short time in the fall of 1947 or 1948 and then moved to a cottage near Chautauqua Lake, New York, and that WILKINS’s sister had worked during that time at Jamestown, New York. The mother and sister of WILKINS then returned to Cleveland about November, 1950. WILKINS resided at 1615 Mars Avenue, Lakewood, with one JEAN SMITH SINETSKY who was formerly a library assistant at NACA until October, 1950. JEAN SMITH SINETSKY, according to Miss LYONS, is presently employed in New York City by the Public Library and is seeking a position with the Kellex Company, an AEC facility in New York.

Miss LYONS stated that she had observed PERL and WILKINS together many times in the NACA library and that WILKINS was very attentive to PERL and would "beat the ears off any girl who wanted to wait on him." Miss LYONS stated she had no information regarding the association of PERL and WILKINS outside of the NACA library.
Miss LYONS stated that WILKINS had been considering attending Columbia University and seeking a job in the New York area and that WILKINS was interested in obtaining a U. S. Fulbright Scholarship for study in a foreign school. Miss LYONS stated that WILKINS has not been "cleared" and does not have access to "secret" material or "classified AEC" material but does have access to "confidential" and "restricted" material.

Miss LYONS commented that WILLIAM PERL was like a "pack rat" in accumulating documents from the NACA library and that some of the material apparently had not been charged out and that they had some difficulty in having it returned.

Miss LYONS furnished the names of the following library assistants presently employed at NACA:

- Mrs. ELEANOR SCADDING
- Mrs. EVELYN DALZELL
- Miss MARGARET MILHUK
- Miss JOANNE FOLK
- Miss BARBARA BACON
- Mrs. MARGARET NEIDENGARD

Miss KATHLEEN BOLDT employed at Millcraft Paper Company, 1927 East 19th Street, Cleveland, Ohio, was interviewed on December 19, 1950. She stated that she had been a roommate of ELEANORE WILKINS for more than a year at the Evangeline Residence beginning January, 1947, and that WILKINS had been a close friend of one Miss CROOKSTON who had formerly worked with WILKINS at the Cleveland Public Library. Miss CROOKSTON is presently employed by Meldrum & Fewsmith, Carnegie Hall Building, Cleveland, Ohio.

Miss BOLDT stated that WILKINS "dated" PERL occasionally and admired PERL very much. She stated that WILKINS was very close about her personal affairs but that she used to speak about PERL in connection with her work at the NACA Library and stated that she always endeavored to find the material that PERL desired in the NACA Library. Miss BOLDT stated that WILKINS on her recent trip to New York found that she could not afford the Library Science course that she wanted to take at Columbia University but that since her return to Cleveland has received "some sort of offer." WILKINS is also considering attending Western Reserve University in Cleveland. WILKINS reportedly attended a number of "lectures" while in New York. Miss BOLDT stated that WILKINS, during the first year she had known her,
visited her mother and sister in Library, Pennsylvania, but that her
mother and sister were now residing with WILKINS on Mars Avenue
in Lakewood, Ohio.

On January 3, 1951, Miss BOLDT advised that on Christmas
Eve, 1950, WILKINS had informed her that she had seen PERL on her
recent trip to New York and that PERL had informed her that he had
recently re-married his former wife.

The Cleveland indices contained no information regarding
ELEANORE E. WILKINS, PHYLLIS SNYDER, or JEAN SMITH SINETSKY.

The following descriptive data regarding ELEANORE E.
WILKINS was obtained from the records of NACA and the Evangeline
Residence:

Birth date: August 23, 1918
Birth place: Kansas City, Missouri
Race: White
Sex: Female
Previous Residences:
- 1513 Ansel Road, August, 1947

During the interview of WILKINS, she furnished the following  
personal background information and data concerning her association  
with WILLIAM PERL. The information concerning PERL set forth herein-  
after will duplicate to some extent information set forth in the  
Details of this report; however, it is being included to maintain  
the continuity of the interview:

Background Data:  
Born:  
August 23, 1918, Kansas City, Mo.  

Parents:  
OTTO LEVI WILKINS (deceased)  
ELEANORE KENNEDY WILKINS, resides  
1617 Mars Avenue, Lakewood, Ohio

Sister:  
BOBETTE A. WILKINS HERBERT,  
1617 Mars Avenue, Lakewood, Ohio  
Elementary School, Indianapolis, Indiana; Junior High School, Louisville; Kentucky; High School, Webster Grove, Missouri; College, Washington University, St. Louis, Missouri - Bachelor of Science, 1940;

After leaving Eglin Field, Florida, WILKINS returned to the Carnegie Library at Pittsburgh for a short time and during the summer of 1946, she vacationed at Van Buren Point on Lake Erie with her mother. Toward the end of September, WILKINS travelled to the west coast and was in San Diego during the annual meeting of the California Library Association held at San Diego in the fall of 1946. She then visited her sister, BOBETTE A. HERBERT, who was then residing in San Francisco, and returned to Cleveland in December of 1946.

WILKINS first met PERL about September of 1948 and occasionally had a dinner date or a theater engagement with him. WILKINS emphasized that her social contacts with PERL were irregular and of a limited nature.

WILKINS recalled that PERL's interest in the NACA library, when she first met him, centered on theories of turbulence and during his last year at NACA, he concerned himself with the study of solids. Generally, PERL wanted a greater bulk of information than the other scientists and requested photostatic copies of magazine articles quite regularly. Although WILKINS had access to "confidential data, PERL usually sought unclassified material. WILKINS advised that she has no access to "secret" or "top secret" material and access to such material is limited to the Chief Librarian, ETHEL B. LYON, ELEANOR SCADDING, and EVELYN DALZELLO. (It is here noted that 116 investigations of the latter three revealed nothing derogatory.) At no time did PERL exhibit any evidence of being other than loyal to the United States. WILKINS does not recall ever discussing politics with PERL nor does she recall any expression of interest toward his family or college associates.
PERL had no close associates at NACA, according to WILKINS, but probably was better known to MILTON KLEIN and FABIO GOLDSCHMIED than to any others.

WILKINS advised she visited New York during November of 1950 and called PERL on one occasion; however, he advised he had married and she did not recontact him. They met unexpectedly on one occasion and separated after a few moments conversation. Her only contact with him since he left the employ of NACA in September of 1950.

Cleveland Police Department advised the writer on March 20, 1951 that he was involved in an automobile accident with the subject at Rocky River Drive and Brookpark Road on 20 March. Advised that PERL had pulled away from the curb, striking his car and PERL readily admitted the accident to be his fault. Since he agreed to pay for damages to the car, no accident report was made. No recalls another man and woman may have been in the car with PERL, but he was unable to describe them and did not identify any photographs of the individuals involved in this investigation.
The information concerning the XP-81 was secured from the April, 1948 issue of the "Aeronautical Engineering Review", a copy of which was furnished by the San Diego Division, and from material furnished by CARLTON KEMPER, Lewis Flight Propulsion Laboratory, NACA.

It will be recalled that WILLIAM PERL has denied any knowledge of a Vultee built jet fighter.

KEMPER recalled that after receiving this memorandum, he sent it directly to the Altitude Wind Tunnel and most probably to AL W. YOUNG, who is now in charge of one branch of the Altitude Wind Tunnel. He recalled that complete arrangements were made for the power plant of the XP-81 but no actual work was done.

AL W. YOUNG was interviewed and advised he vaguely recalled the preparations for testing the power plant of the XP-81, but stated that in 1944, the Altitude Wind Tunnel was headed by ABE SILVERSTEIN and all documents which came to YOUNG would have to clear through SILVERSTEIN. He stated he had no knowledge of PERL's being involved in the preliminary work on the XP-81, but advised that
PERL was very close to SILVERSTEIN and could easily have had knowledge of it. He stated he was positive PERL worked on the preliminary plans for testing the XP-92, another Vultee aircraft, and recalled that all data were cleared through SILVERSTEIN for that plane also.

It is to be noted that PERL has denied any knowledge of any Vultee aircraft.

YOUNG also stated that the XP-81 project was assigned to MERRITT PRESTON, who is now in the Flight Plans Room 201, Flight Research Section, NACA, Cleveland.

ETHEL V. LYON, Chief Librarian, NACA, personally made a thorough search of the NACA Library in the presence of the writer and was unable to find a copy of HARTMAN's memorandum, referred to above. She did, however, locate several memoranda pertaining to the XP-81, among them a letter written by HARTMAN. However, all of this material was dated 1945 and later.

ABE SILVERSTEIN, Chief Engineer, Lewis Flight Propulsion Laboratory, NACA, advised the writer he recalled some early testing of the TG-100 turboprop engine, which was used in the XP-81. However, the work was terminated, since the engine was not believed to be practical. SILVERSTEIN, who has been closely associated with PERL, advised PERL did not work on any of the experiments concerning the XP-81 and that any information he had concerning this craft would have been second-hand.
WILLIAM PERL has admitted being involved in the testing and experiments of the XP-59 and it is noted that AL W. YOUNG stated he recalls a meeting at NACA which he believes concerned either the XP-81 or XP-92, which involved a Consolidated Vultee official and an Army Liaison Officer. YOUNG is quite certain PERL attended this meeting.

NUCLEAR ENERGY PROPELLED AIRCRAFT

DAVID GREENGLASS has recalled that in 1948, JULIUS ROSENBERG told him that the mathematics had been worked out for production of an atomic airplane engine. GREENGLASS gained the impression that ROSENBERG was at that time in possession of these mathematics.

Dr. EDWARD R. SHARP, Director, Lewis Flight Propulsion Laboratory, NACA, and CARLTON KEMPER, Executive Engineer, Lewis Flight Propulsion Laboratory, NACA, furnished the following information concerning the nuclear energy propelled aircraft project:

Theoretical compilations began in 1945 and the first actual development utilizing nuclear energy as a propellant, began at Massachusetts Institute of Technology under the name "Project Lexington." Any competent physicist could advance mathematical theories for such an engine. However, experiments had resolved but a few theories by 1948 and until very recently, the atomic propelled aircraft was considered "no good."

The principal drawback to production of such a craft lay in the excessive weight caused by the shielding surrounding the source of nuclear energy. This problem has only recently been conquered and the recent publicity given indicates to all physicists that they have conquered the problem of shielding.

WILLIAM PERL had no direct access to information concerning the research being done on the project, although it was planned that he would engage in such work up until the Bureau's inquiry of 1950. PERL's duties involved the theoretical analysis of compressible flows at supersonic speed. PERL's superior, ABE SILVERSTEIN, had been and now is aware of all developments concerning the project.
Work at the Cleveland Laboratory began as the result of a directive from Washington headquarters of NACA, and the following persons have been directly connected with it since its inception:

ADDISON M. ROTHROCK
CARLTON C. KEMPER
BEN PINKEL
JOHN H. COLLINS JR.
JESSE HALL
SIDNEY L. SIMON
ROBERT F. SEIDEN
EUGENE J. MANGANIELLO
LERoy V. HUMBIE
ALFRED R. BOBROWSKY

All of those mentioned are still employed at NACA, Cleveland, with the exception of ROTHROCK and BOBROWSKY. ROTHROCK is now employed by NACA at its Washington headquarters while BOBROWSKY is employed at Willow Run, Michigan. All were investigated under the Atomic Energy program and with the exception of BOBROWSKY, no derogatory information was developed.

BOBROWSKY performed the analytical work on the shielding and also engaged in material studies for the project. His report on the method of computation for the shielding was distributed after being reduced to report form. For further information on BOBROWSKY, your attention is directed to Cleveland letter captioned "WILLIAM PERL, ESPIONAGE - R", dated December 29, 1950.

No one was actually in charge of the group studying on this project. However, ADDISON ROTHROCK handled liaison between Cleveland and Washington and as such, probably had a greater knowledge of the project than anyone else.

Informants stressed that possession of the mathematical compilations would not indicate they were received from anyone at NACA since any competent physicist could advance such compilations accurately. Information concerning the line of research regarding the shielding would be of value since it could avert unnecessary research and experimentation.

That PERL had knowledge of this project is evidenced by his official visit to Oak Ridge National Laboratory during December of
CV P. O.
65-2750

1949 and is supported by the following information furnished by
Knoxville letter dated February 16, 1951:

"Mr. LARRY P. RIORDAN, Superintendent, Security Division,
Oak Ridge National Laboratory, advised that his records reflect
that Dr. PERL and Dr. MEAMS (Dr. JAMES LAWRENCE MEAMS) visited Dr.
ALVIN WEINBERG on December 9, 1949 with the purpose of the visit
as 'unclassified side of pile into chemical extraction area'
(unclassified area). Mr. RIORDAN stated the chemical extraction area
is one of the more highly secret projects being conducted at the Oak
Ridge National Laboratory and deals with shielding of aircraft
powered with atomic energy."

W. G. GIBBONS, NACA, Cleveland, has advised that PERL
spent only a day or so at Oak Ridge since his AEC clearance did not
come through; however, MEAMS remained and is still employed at Oak
Ridge on a loan basis from NACA.

Special Agent in Charge
The National Advisory Committee for Aeronautics (NACA)

The National Advisory Committee for Aeronautics is an independent government agency engaged in basic research in aeronautics. Many of its projects have immediate military implications and have been classified as "secret." Its headquarters are located at 3724 F Street, Northwest, Washington, D.C. It maintains three major laboratories located as follows:

- Langley Aeronautical Laboratory, Langley Field, Virginia.
- Lewis Flight Propulsion Laboratory, Cleveland Municipal Airport, Cleveland, Ohio.
- Ames Aeronautical Laboratory, Moffett Field, Moffett, California.

Each of these laboratories has been designated as a "Vital Facility" by the Secretary of Defense. These laboratories and the Headquarters of the agency are granted classified contracts. In addition to the main laboratories, the NACA maintains two other facilities located as follows:

The Divisional officials should immediately establish contact with the
security officers and make the facility list to advise them of the Bureau's
jurisdiction and to ensure prompt receipt by the Bureau of information affecting
these facilities. Confidential plant informants should be immediately developed
in facilities which are not located on military reservations. The Washington
Field Office need not develop plant informants at NACA headquarters since
such lists have already been established by the Department of Commerce.

Under separate cover the interested Divisions will be furnished lists
and the classified contracts of NACA. Upon receipt, these contracts should be
incorporated into the Facility Subdivision Guide cards in the Confidential Plant Informant
Index.

When submitting reports containing information relating to espionage,
subversive, or sabotage activities affecting the work of NACA, site facilities or
similarly classified contracts, the interest of NACA should be reflected
in the first paragraph of the administrative section of each report. The
attention of the Bureau should also be called to the interest of NACA in reports
central to security information affecting NACA employees, members of NACA
committees and subcommittees, and persons in the aeronautical manufacturing or
engineering fields who have contracts with NACA or receive NACA research reports.
NACA reserves such information particularly where the information might indicate
reconstruction to indicate the need for special precautionary measures or the removal
of those persons from access to classified information.

The field must be alert at all times to call to the attention of the
Bureau information of interest to the NACA so that this agency may be promptly
informed the pertinent data. The dissemination of information to NACA should
also be made by Bureau offices as much as dissemination of such information will be
in accordance with the Bureau at the request of Government.

Very truly yours,

William Peel was

Epinage-R

William Latchkey, manager of Latchkey Cameras, Chrysler Building, 42nd St., and Lexington Ave., was contacted by the

writer on May 17, 1951.

Mr. Latchkey identified the photograph of William

Peel taken at the time of his arrest as the person who

had been a customer at his store. He stated that

Peel had always worn glasses on the occasions when

he visited the store.

He advised that Peel had been a customer at the

store for several years and that during this period

Peel or his wife had brought in a good many rolls

of 35 mm. film for development and printing. He

stated that on some occasions he would bring in

1 or 2 rolls at a time and that sometimes the charges

for the work amounted to 10 or 12 dollars. He further

advised that Peel and his wife had become so

well known to him that he generally did not

give him a receipt for the film but simply

took the film from him and would

over to him when he returned supplies

of the work.
Lotochi stated that as far as he could recall, the films brought in by Perl consisted chiefly of photographs of people standing in front of buildings. He stated he recalled one photograph of documents or similar material. He also advised that from the quality of the photographs he believed that they were taken with a rather good camera, possibly a Contax or a Leica. The last films Perl brought into the store was about six weeks ago.

Lotchochi stated that approximately ten days ago Perl had made inquiries indicating he wanted to purchase a 16 mm. sound movie projector. One of them which Perl seemed to be interested in was a Bell & Howell projector selling for $149. They had also discussed an Eumig projector selling for $275. Lotchochi formed the opinion that price was no object with Perl but that he was more interested in a portable machine and portability was the chief consideration.

Lotchochi also stated that Perl had discussed the possible purchase by him of a Bell and Howell Automatomatic 16 mm. movie camera. The price of this camera with a one-inch lens is at $504.95.

In addition, Perl had discussed the purchase of a 2-inch lens at $92 and a 6-inch telephoto lens at $207.
While discussing the purchase of this equipment, Paul asked whether or not he could get it without the excise tax incurred as the equipment was to be taken or shipped out of the country. Loboche stated Paul seemed to be quite serious about this and not merely trying to get Loboche to sell him the equipment without the excise tax to save his money. Loboche stated he told Paul he would find out about the matter of the excise tax and let Paul know whereupon Paul gave him a phone number to call. Loboche later called this number and was told by some man that Paul could be reached at Columbia University. Loboche stated that he had discarded the address which Paul told him to call but believes it to have been the Shelburne Hotel. He has no recollection of the extension or the name of the man to whom he talked.

In addition to the above, Loboche advised that the store had received, by mail, films for processing from a Mr. Paul N. Patroff, 15 Featherbed Lane, Bronx, N.Y. He stated that when he sent in the film, Mrs. Patroff had advised that the store had been recommended by Mrs. Perl for the quality of the work. Loboche stated that he would be in the
lookout for any films which Perlos or Petroffi would send or bring into the store in the future and would immediately advise this office should they be received.

Edward Coffrin, Peerless Camera Store Inc., 1324 Nt. was contacted in an effort to ascertain whether or not Carl might have made inquiries or had purchased the equipment mentioned at the Peerless stores. The results of this inquiry were negative.

RE: WILLIAM PERL, esq.
ESPIONAGE - E.
PERJURY

The writer's father, STANLEY GRABOWSKI, Sr., is employed as manager at the Pechter's Baking Co., Bakery located on 173rd Street off Park Avenue, Bronx, N.Y.

On 4/13/51, writer's father advised that PERL'S father, ABRAHAM MUTTERPERL, is employed on his shift 5 days per week and has been so employed for the past few months.

After subject's arrest and the setting of $20,000 bond, MUTTERPERL had asked for time off in order to raise the bond. MUTTERPERL indicated that he had $14,000 and that the remaining $6,000 might be raised by other members of the family. It was the writer's father's impression that MUTTERPERL had money in the Drydock Savings Bank. Above for information.

On 4-30-51 SA Arnold E. Leiser contacted Prof. Harold Wolf, School of Electrical Engineering, College of the City of New York, who made available to him one bound copy of subject Master's Thesis written in the Spring 1939 for his Master of Electrical Engineering degree. It is entitled "Electromagnetic Theory and Some Applications."

SA Arnold gave Prof. Wolf a signed receipt upon acceptance of this thesis and assured him same would be returned. Prof. Wolf stated that it was agreeable for this office to retain the desk, as long as needed, re noted that it be returned to him personally. These should be obtained by the agent who returns the thesis at the completion.

MEMO:

Re: WILLIAM PERL
ESPIONAGE-R

NATHAN SUSSMAN was interviewed by writer on 6/6/51 re WILLIAM PERL.

SUSSMAN stated he definitely recalls WILLIAM PERL, as MUTTERPERL, as a member of the Steinmetz Club, YCL at City College during the time they were in school there. SUSSMAN stated that he himself was a member of the "Main Club" at CCNY, but that he would have worked with the Steinmetz Club, and PERL was a member of the latter club.

In this connection, SUSSMAN stated that Steinmetz Club was organized in 1936 or 1937, and its membership was composed of Engineering students. Thus, the Steinmetz Club was the Engineering Club of the YCL.

SUSSMAN further advised that he is unable to recall any specific instance of action in YCL by PERL, or any incident which would connect PERL with this club. STANLEY RICH was also in the Steinmetz Club of YCL at CCNY.

Concerning the Karl Marx House, SUSSMAN stated that this was a three-story brownstone house located 3, 4, or 5 blocks north of CCNY, and, he believes, east of Convent Avenue. He stated the college acquired it in about 1935, it was rented, and was utilized by the students as a meeting place. He stated the college no longer has the Karl Marx House. He stated he imagined the college let the place go because of the rent.

SUSSMAN stated he does not recall MILTON KLEIN. Neither did he recall anyone at CCNY with whom PERL was particularly close. In this connection, SUSSMAN stated that if he could see pictures in the year book, he could pick out the YCL members, and could probably recall someone who was associated with PERL.

Recontact SUSSMAN for purpose of displaying year book pictures to him.

NY teletype to Norfolk 6/13/51; Norfolk teletype to Bureau, Cleveland, and NY
6/14/51.

Enclosed herewith are photostats of ledger stubs located at the
Merchants National Bank, Hampton, Va., pertaining to account of WILLIAM
MUTTERPERL. It is noted that these ledger stubs run from 1/41 to 1/19/44,
at which time subject closed out his account.

The checks issued by subject on his account from the latter part
of 1/41 or early 2/41 through 1/19/44 had been run through the Recordak machine
showing the face of the check only. All the checks written by subject as
reflected from Recordak film, totalling some 340 rolls of film, have been
screened by this office, and descriptive data on each check, including amount,
date of check, number of Recordak roll, date check was entered on account of
subject, and name of person to whom check was payable, have been noted on the
enclosed work sheets which total 17 pages.

NY is requested to scrutinize the ledger stubs and the checks
described on the work sheets with the object of ascertaining which of the
checks should be photographed. Ample time should be afforded the Norfolk
Office to obtain instant film, since it is not desirable to have too many of
the rolls of film out of the bank at one time.

LOYALTY OF GOVERNMENT
EMPLOYEES

SYNOPSIS OF FACTS:

Mrs. BENJAMIN SENITZKY, former
roommate of employee, stated Miss
WILKINS dated WILLIAM PEARL during
1948-50 in Cleveland, Ohio, but
that neither WILKINS nor PEARL
ever indicated disloyalty. She
stated employee resided in NYC
for about 1 month in fall of 1950,
and that employee saw PEARL on one
occasion during this time. PEARL
indicted 3/13/51 for perjury.
Employee's residence at 123 W. 13th
St., NYC from 11/5/50 to 12/10/50
verified and investigated. No dis-
loyal information developed. CI
NYC T-1 through T-6 do not know
employee. No record at NYCPD or
Credit Bureau.

RESULTS OF INVESTIGATION

Acquaintances:

Mrs. BENJAMIN SENITZKY (the former WILMA JEANNE SMITH),
Library Assistant, The Neville Corporation, 120 Wall Street,
New York, New York, who resides in apartment 9-D, 202 Riverside
Drive, New York, New York, advised that she was employed with
ELEANORE WILKINS as a librarian for the National Advisory
Committee for Aeronautics (NACA) in Cleveland, Ohio, from
August, 1948 to September of 1950. Mrs. SENITZKY explained
that from October, 1948 to September, 1950, she shared an apart-
ment at 1615-1617 Mars Avenue, Lakewood, Ohio, with the employee,
and, that Mrs. ELEANORE K. WILKINS (the employee's mother) lived
with them for five or six months during this period of time.

In September of 1950, Mrs. SENITZKY said, she married
BENJAMIN SENITZKY and moved to New York City where her husband
is currently attending Columbia University Graduate School of
Physics. Approximately in November, 1950, Mrs. SENITZKY stated,
the employee also came to New York City, where she resided at
the Salvation Army's woman's residence on West 13th Street,
for the purpose of attending Columbia University. She said,
however, that after being in New York City for about one month,
Miss WILKINS was unable to secure a suitable part-time job
and she, Miss WILKINS, returned to Ohio. Mrs. SENITZKY added
that she visited Miss WILKINS at her New York City residence
on one or two occasions.
While she worked for the National Advisory Committee for Aeronautics, Mrs. SENITZKY advised, she became casually acquainted with a Mr. WILLIAM PERL, another employee of the National Advisory Committee for Aeronautics, who infrequently visited the library in connection with his work. She explained that the librarians were instructed that Mr. PERL, as well as others, was not to receive documents which were of a classified nature because he was not "cleared" to see such material. Mrs. SENITZKY asserted that Miss WILKINS, who was infatuated with Mr. PERL, (PERL, however, did not appear to feel the same way toward the employee) invariably waited on him when he came to the library for reference material, and they occasionally went out together socially.

Over a period of eight or nine months during the year 1950, Mrs. SENITZKY explained, Mr. PERL visited Miss WILKINS at 1615-1617 Mars Avenue five or six times and that she, Mrs. SENITZKY, spent the evening in their company on three or four occasions. Mrs. SENITZKY said, however, that shortly after she came to New York City, Miss WILKINS wrote to her and said that Mr. PERL had recently married and that she, Miss WILKINS, wanted nothing more to do with PERL.

Shortly after Miss WILKINS came to New York City, Mrs. SENITZKY asserted, she and the employee were on the Columbia University campus to visit Mr. SENITZKY when they happened to meet Mr. PERL. After the usual exchange of greetings, Mrs. SENITZKY said, Mr. PERL left, whereupon Miss WILKINS remarked that she had previously seen Mr. PERL on one occasion in New York City. Mrs. SENITZKY added that the employee did not further explain any particulars concerning her meeting with PERL.

Mrs. SENITZKY asserted that neither Miss WILKINS nor Mr. PERL had ever indicated that they were members of or in sympathy with any "Communist organization". To the best of her knowledge, Mrs. SENITZKY added, the employee and the members of her family are loyal and patriotic American citizens.
NY 121-11368

Mrs. Sennitzky said that she was very much surprised and shocked when she read in the New York City newspapers that William Perl was recently indicted for perjury by a Federal Grand Jury in New York City. She declined to furnish a signed statement or to appear before a Loyalty Hearing Board.

The files of the New York Office of the Federal Bureau of Investigation contain no pertinent information concerning Mr. and Mrs. Sennitzky.

It is to be noted that on March 13, 1951, William Perl was indicted by a Federal Grand Jury, Southern District of New York, charging him with perjury in four counts in violation of Section 1621, Title 18, United States Code, in that he denied acquaintance with: 1. Morton Sobell, 2. Helene Elitcher, 3. Julius Rosenberg, and 4. Anne and Michael Sidorovich. Perl was arrested at his home, 104 East 36th Street, New York, New York, on March 14, 1951, and arraigned before the Honorable Henry W. Goddard, United States District Judge, Southern District of New York, at which time Perl entered a plea of not guilty. On March 19, 1951, he was released on bail pending trial.

Morton Sobell and Julius Rosenberg were indicted on January 13, 1951, by a Federal Grand Jury in the Southern District of New York for conspiracy to commit espionage on behalf of Soviet Russia. On March 29, 1951, they were convicted by a petit jury in the United States District Court for the Southern District of New York. On April 5, 1951, Sobell was sentenced to thirty years imprisonment, and Rosenberg received the death penalty.

On September 7, 1950, Mrs. Helene Elitcher was interviewed at her home, 164-18 72nd Avenue, Flushing, New York, at which time she stated that she had been a member of the Communist Party from approximately the end of 1943 to September or October of 1948.

The Communist Party has been declared by the Attorney General to be within the purview of Executive Order 9835.
Concerning ANNE and MICHAEL SIDOROVICH it is to be noted that MICHAEL SIDOROVICH in 1950 advised representatives of the Federal Bureau of Investigation that he joined the Young Communist League prior to his graduation from Stuyvesant High School at New York City, and that in 1937 he enlisted in the Abraham Lincoln Brigade.

The Young Communist League and the Abraham Lincoln Brigade have been declared by the Attorney General to be within the purview of Executive Order 9835.

Residence:

John and Mary R. Markle
Memorial Home
123 West 13th Street
New York, New York

Miss ANNE MERO, Cashier, advised that the Memorial Home is a girls residence operated by the Salvation Army, housing approximately three hundred women on a transient basis. She stated that the records of her office reflect that ELEANORE E. WILKINS occupied room 1505 from November 5, 1950 to December 10, 1950, and that the employee's home address was 1617 Mars Avenue, Lakewood, Ohio. The record contains no information concerning her loyalty. Miss MERO said that she recalls Miss WILKINS as a quiet young woman who never indicated that she was other than loyal to the United States.

Miss CLAIRE SIMMONS, Clerk-telephone operator, advised that she recalls the employee as a former resident. To the best of her knowledge, she said, Miss WILKINS was a loyal citizen.

Miss GLORIA HORNUNG, telephone operator, stated that she remembers Miss WILKINS as a former resident for a short period of time during 1950. To the best of her recollection, Miss HORNUNG said, Miss WILKINS never indicated that she was other than a loyal American citizen.
Miscellaneous:

Confidential Informants New York City T-1, T-2, T-3, T-4, T-5 and T-6, of known reliability, who are familiar with general Communist Party activities in the New York City area, advised that they do not know the employee.

The files of the Bureau of Special Services and Investigation and the Bureau of Criminal Identification, both of which are sections of the New York City Police Department, contain no information concerning Miss WILKINS.

The files of the Credit Bureau of Greater New York reflect no record of the employee.
The Confidential Informants referred to in the report of SA JOHN W. SALTER dated June 27, 1951, at New York, are identified as follows:

The Norfolk Office is requested to furnish details concerning deposits to PERL'S account. It is requested that, regarding the deposit tickets, Norfolk Office examine these on a selective basis with a view to tracing monies which the subject may have received from sources other than his employer.

Regarding the signature card for this account, it was noted that PERL'S address was listed as 14 River Road, which was scratched out and the address 240 N. N. Avenue inserted. Also on this card, the name Borea, Ohio, was shown. Norfolk is requested to advise if the two addresses listed apply to residences in Norfolk or possibly in Berea, Ohio.

Norfolk is requested to search the Indices and, where possible, identify and submit background information concerning the above individuals.

Also, Norfolk is requested to attempt to determine the purpose for which the payments were made to N.A.C.A.

It is not necessary to interview the various individuals to determine this information.

Re: WILLIAM PERL
ESPIONAGE - R

NATHAN SUSSMAN was interviewed on 6/18/51, by SA CHARLES P. SILVERTHORN, and the writer, at which time SUSSMAN examined photographs of the engineering graduating classes of the College of the City of New York for the years 1938 and 1939.

SUSSMAN stated that an individual by the name of MAURICE DISTEL was one individual who might possibly know PERL during his attendance at CCNY. SUSSMAN stated that so far as he knew, DISTEL had not been a member of the YCL at CCNY. He stated that he does not know the present whereabouts or employment of DISTEL, but recalled that in 1942 he, (SUSSMAN) was taking what he referred to as "defense courses" at Brooklyn Polytechnic Institute, and he believes that DISTEL had attended one of these classes.

Another individual whom SUSSMAN believes might remember PERL was SAM LEVINE, and he stated that he believes LEVINE was a member of the YCL at CCNY. He could furnish no current information concerning LEVINE.

One BEN ZUCKERMAN is also an individual whom he stated might recall PERL. This individual was not known to SUSSMAN to have belonged to the YCL at CCNY.

It is pointed out that these three individuals were all members of the engineering class at CCNY in 1938.

Reference is also made to Pittsburgh letter to the Bureau, copies to New York, dated 6/1/51, entitled: "JULIUS ROSENBERG, ETHEL ROSENBERG, was, Et Al, ESPIONAGE - R," reflecting the results of an interview with MILTON MANES. Further reference is made to the first full paragraph in this letter on page 4, concerning a separate sub-group of the YCL at CCNY, known as the "engineering group." This paragraph was read to SUSSMAN, and he stated that this is his understanding of the matter, and stated that in all likelihood the "engineering group" referred to by MANES, is undoubtedly the Steinmetz Club of the YCL at CCNY. SUSSMAN added that it is possible.

that the Steinmetz Club at one time probably became a separate  
anization parallel with what he has previously referred to  
as the "main group," and controlled by YCL headquarters at that  
time located in Harlem.

SUSSMAN also stated that it is his recollection that  
this sub-group membership was probably closer to 20 than the  
10 or 12 members as recalled by MANES.

On page 5 and 6 of the above-referred to letter, appear  
the names of various individuals as recalled by MANES. SUSSMAN  
was asked about these individuals, and furnished the following  
information:

MARK PAGE, aka,  
MARK POGARSKY

SUSSMAN stated that he recalls that POGARSKY left  
school prior to his graduation, but that while in attendance at  
CCNY, he had been a member of the main group of the YCL.

NAT SHOIKET

SUSSMAN has previously furnished information concerning  
this individual, and he is the Subject of NY file 100-99991.  
It is noted, however, that MANES recalls SHOIKET as a chemical  
engineer major at CCNY, but SUSSMAN states he was a mechanical  
engineer graduate. He stated that SHOIKET was an honor student,  
and graduated with very high honors.

IRVING WEINGARTEN

SUSSMAN could recall no information concerning this  
individual.

PETSONK

SUSSMAN stated that he believes this individual's first  
name was EDWARD, and that for a time he too was a member of the  
YCL at CCNY. He stated that this individual finished school either  
in late 1936, or early 1937, and he can recall no additional  
information concerning him.
Letter to Director,
NY file 65-15387

SUSSMAN states that he is not positive, but believes that he recalls an IRVING HERMAN, who was a member of the YCL. He could recall nothing further.

(MORRIS__) SAVITSKY

SUSSMAN has previously furnished information concerning this individual, and he is the Subject of a case file in the New York Office.

IRVING GUSS

SUSSMAN stated that he believes there were two individuals by the name of GUSS, but he could recall no information concerning them.

Reference is made to a Bureau relotype dated August 2, 1950, 9:41 P.M., which authorized the interview of the above mentioned individual. As the case entitled WILLIAM FRANK, ESTIMATE 10, 10-1-50.

It is noted that PENL advised the Cleveland office of his intention to visit Professor KUSCH and on July 27, 1950, a physical surveillance reflected that PENL did enter the Physics Laboratory. It was not believed discreet for the surveillance agents to enter the laboratory and therefore it would not be definitely ascertained that PENL had actually visited Professor KUSCH.

Mr. Edwin G. Morgan, Jr., of this office, interviewed Professor KUSCH on August 9, 1950, and reported the following information.

It seems from Morgan's account that he would like to acquire about WILLIAM FRANK and before the nature of the investigation was revealed, Professor KUSCH stated that PENL is one of the finest men he has ever known. He stated that PENL is of great intellect, refined and of excellent character. He added that as evidence of his opinion of PENL, the subject had been hired on the staff of the Physics Department of Columbia University effective July 1, 1950. KUSCH stated that PENL will begin his teaching duties in September and remarked that the subject was desiring a $9,000.00 position to teach for approximately $8,000.00 annually. Professor KUSCH remarked that PENL had come to see him about three weeks ago and that he knew that the case was investigating him. KUSCH said that PENL told him that the reason for the investigation was his lab associations and KUSCH expressed Thủ the trouble. You can't judge a man by his associates. If you checked his associates, you would find that they were as bad as PENL's. He said that the University only needed a prospective instructor on three potential candidates. His intellectual qualifications and his scholarship and qualifications, KUSCH then added that his lab associations nothing to do with teaching physics. He said that if he were to deal with the liberty cases were engaged in different businesses and, while he wouldn't...
BY 62-9066
Letter to the Director

...so that the agent's was a "bad business," he wouldn't be mixed up in it for anything.

KUSCH next said that "of course FEHL is a liberal. I'm a liberal, too. All great educators are liberal. They have to be."

...Mr. Morgan asked KUSCH if the latter knew of anyone else in the laboratory whom FEHL visited when he was last there. KUSCH replied that FEHL having known many people in the department while he was a student, might have seen someone else but that he (KUSCH) was not aware of it.

He said that the only reason for the subject's visit to his was to advise him that he was being investigated by the FBI and to offer to resign if such an investigation would discredit Columbia University. KUSCH said he told FEHL that the fact that he was being investigated by the FBI made no difference to him and he felt certain that it would not affect his teaching ability.

...Mr. Morgan told KUSCH that he realized that he was very busy and that his undoubtedly passed very quickly to a man in his position but that the agent date of FEHL's latest visit to him was an important point. Mr. Morgan then asked if it could have been the previous Monday when FEHL visited him. At this point Professor KUSCH leaped from his chair, crossed to a window and began speaking visibly. KUSCH said: "It could have been last Monday, a week ago Monday or two weeks ago Monday. What possible difference can it make? It considers that question to be impertinent and feel that no explanation is due me for this delving into Mr. FEHL's personal affairs."

Mr. Morgan explained that he certainly did not intend to offend Professor KUSCH and further explained the exact reason for his question as follows: FEHL was recently interviewed by agents of the Cleveland office and advised them that he intended to be in New York City from approximately July 29th to August 1st, 1950. At that time he had stated that he intended to visit Professor KUSCH and indicated that this visit was to be on Monday, July 31, 1950. The reason for the question asked Professor KUSCH was to determine if FEHL had visited him on the day stated and also to determine if FEHL had made another recent trip to New York City. (It is noted that KUSCH had earlier stated that FEHL had come to see him "about three weeks ago," whereas actually it was only three days prior to this interview that FEHL was in New York City and was observed entering the Pepin Laboratory.)
SIGNED LETTER TO THE DIRECTOR

FEBRUARY 1, 1967

"KUSCH then said, practically shouting, "It's unanswerable to this line of questioning and object strongly to it. I don't know whether I am being investigated or not and don't give a damn. It's bad enough when the FBI asks about a man's loyalty, character and qualifications, but to ask where he was on a certain day is going too far."

Col. Morgan advised KUSCH that he was not under investigation and again explained the Bureau's interest in PERL's activities. KUSCH said he did not care to answer any further questions from Col. Morgan, or any other FBI agent. It was obvious that KUSCH was unreasonable, irrational and unavailable in his remarks concerning PERL and any further attempts to place him would be futile and accordingly, the interview was terminated.

In analyzing KUSCH's reaction to this interview it appears that he has sponsored or approved PERL's appointment to the Columbia faculty and any divergence now from his original position might tend to discredit KUSCH's judgment in the eyes of Columbia University officials.

A further action is being taken by this office however a statement has been placed against Professor KUSCH's name in the Bureau of Information File in the New York Office.

The above is being furnished for the information of the Bureau.

On August 22, 1951 I interviewed one Milton M. Klein, 860 Fox Street, Bronx, N.Y. as requested by the Cleveland Office, at a date of August 15, 1951, in connection with a security investigation of one Francis Henry Patti who worked in Cleveland, Ohio with Klein and Perl at the National Advisory Committee for Aeronautics. (File number 116-61394).

Klein, who is an admittedly longtime friend of William Perl, remarked during the course of the interview that he was interviewed at length by agents of the Cleveland Office concerning the association between William Perl and Julius Rosenbery.

Klein said that in his opinion he does not believe Perl is guilty of espionage activities.

Klein was very cooperative and stated that he would be glad to aid the F.B.I. in any way possible.

He stated, however, that if William Perl is tried for perjury by Klein, he would probably appear as a character witness for the defense. He advised that he has been asked by the Public attorney to appear as a character witness.

For your information, Major General Robert L. Walsh was the first commander of the field in the Ukraine during World War II. He is presently in the Office of the Secretary of Defense, Room 20543, Pentagon Building, Extension 53697.

According to information received, Major General Walsh remained at the base and was joined by Brigadier General Alfred A. Kesslar, who is now located in Room 42209, Pentagon Building, Extension 54900.

In connection with the Italian bases, according to CSI, there were several. CSI advised that Major General Walsh and Brigadier General Kesslar would be able to furnish information as to the persons in charge of the Italian bases during the pertinent period.

On October 15, 1951, the employment record of SIDNEY J. SHAMES was examined at the Fairchild Camera and Instrument Company, 88-06 Van Wyck Boulevard, Queens. This employment application was dated October 26, 1946 and reflected that SIDNEY J. SHAMES, Social Security Number 117-10-4841 of 1568 Macombs Road, Bronx, New York, was applying for a position with this firm as a Project Engineer.

He advised he was a United States citizen, single and had been born August 21, 1917. Regarding his military service, he advised that he was a member of the ACER. The relative to be notified in case of accident was MAX SHAMES, telephone LU 7-2306.

His previous employments were listed as:

1- Stratos Corporation, Babylon, Long Island.

He was employed here as a Project Engineer from January 1946 to October 1946 at a salary of $105.00. He left this firm as he desired to return to the Engine Control Field.

2- National Advisory Committee for Aeronautics, Cleveland Air Port.

He was employed by NACA as an Engineer from August 1941 to January 1946 at a salary of $85.00 per week. He left NACA as he desired to enter industry.

3- Penn State College, State College of Pennsylvania.

He was employed here as an instructor from January 1941 to July 1941 at a salary of $40.00 and he left when his graduate work was completed.

4- G. G. Sharp, 80 Church Street, New York City.

SHAMES was employed here as a draftsman from February 1940 to September 1940. He left this employment in order to return to college.

On October 28, 1946, SHAMES was hired by the Fairchild Camera and Instrument Corporation and was assigned to the Electro Mechanical Device Laboratory. His employment file contained a letter dated November 7, 1946 from NACA, Cleveland, Ohio, in which they advised SHAMES had entered on duty at the Langley Field Laboratory, Hampton, Virginia, on August 26, 1941 as a Mechanical Engineer. On January 20, 1943 he was transferred to their Cleveland facility.

SHAMES resigned from NACA on January 11, 1946 to do development engineering with prospects of a better income.

By letter dated October 28, 1946, the Stratos Corporation, Babylon, advised Fairchild that SHAMES was employed by them from January 16, 1946 until October 25, 1946 when he left to accept another position.

SHAMES attended CCNY from September 1935 to February 1940 when he was graduated with a degree of Bachelor of Mechanical Engineering. His scholarship record at CCNY was good and nothing was known against his character, according to the Fairchild record.

SHAMES was laid off by Fairchild on July 2, 1948 due to a lack of work.

POLYKARP KUSCH - NY - 15796

Reference is made to Bureau letters to Minneapolis, 9/6/51 and 9/15/51 and to the report of SA VERNON G. SMITH, AT NY, five copies of which are submitted herewith.

The following information is furnished for the completion of the Bureau files concerning the applicant and is not being included in the Details of referenced report since it is not deemed advisable to do so.

During the interview with Mrs. CAROL SCHNEIDER, Professor KUSCH'S secretary, she volunteered the following information:

She advised SA SMITH that she had not been at work on August 3, 1950 when Professor KUSCH was interviewed by SA EDWARD C. MORGAN, Jr. of the New York office. She related, however, that Dr. KUSCH told her a day or so later about his interview with SA MORGAN and expressed the feeling that he had been wrong at that time. According to Mrs. SCHNEIDER, Dr. KUSCH said SA MORGAN had contacted him on the "worst day," stating that he had been up the entire previous night with illness in his family and at the time of the interview had a terrible headache. He also said he was sorry SA MORGAN had come on a day when he was that way because he had not been very cooperative.

Mrs. SCHNEIDER said Dr. KUSCH also felt bad about the mutation because he thought that he had probably prejudiced the case of WILLIAM PERL. Mrs. SCHNEIDER also said that Dr. KUSCH commented he regretted his action and that he only wished the whole matter could be erased. She stated she believed that if Dr. KUSCH were interviewed again concerning the same matter it would be a different story and that he would prove most cooperative. Mrs. SCHNEIDER expressed the wish that there might be need by Agents of this Bureau for such a recontact with Dr. KUSCH concerning WILLIAM PERL.

It is to be noted that Mrs. SCHNEIDER is a mature person who appears to be very sincere, straightforward, and honest and has been extremely cooperative with Bureau Agents in the past. It is believed that considerable weight can be placed in her appraisal of this matter.

In an effort to determine if WILLIAM MUTTERPERL had personally deposited money to his account in the South Brooklyn Savings and Loan Association, 44 Willoughby Street, Brooklyn, New York, on 8/1/44, the deposit slips for these deposits were examined. It is noted that on 8/1/44, two five-dollar deposits were made to the Account No. 809 and 830 in this institution. From an examination of the deposit ticket, it is noted that $5 was deposited in each account; however, it is not possible to determine if WILLIAM MUTTERPERL had appeared in person or had mailed the deposit ticket to the bank together with his money.

JOSEPH P. BLUM, brother-in-law of the subject, has previously advised that he made deposit to this account for the subject.

It is noted that on 2/29/44, two deposits of $5 each were made to the subject's account at the same bank. Also, a $5 deposit was made to Account No. 722 in the name of JOSEPH P. BLUM at the same bank. The deposit ticket for the subject's

SARAH MUTTERPERL advised she had immigrated to the US from Rotterdam, Holland and had entered the port of New York under the name of SURE MUTTERPERL on 9/7/11 on the "SS CAMPAELIA". The witnesses to her Petition For Naturalization were ANNA BLUM, 79-23 Oceania Street, Bayside, Long Island; ABRAHAM MUTTERPERL, 936 Tiffany Street, Bronx, New York.

The records of the US Court, Southern District of New York, reflect that Declaration of Intention was filed 6/23/20, for ABRAHAM MUTTERPERL, No. 45198. He listed his occupation as a baker, born Shedletz, Russia on 4/18/81. His residence at the
time that the declaration was filed as 290 East 104th Street. He immigrated to the US from Liverpool, England on the "SS TEUTONIC", arriving in New York, 8/25/09. The records also contained a Certificate of Arrival dated 12/27/22 under the statement "no record of his arrival could be found." The reason was shown to be "unable to locate record."

ABRAHAM MUTTTERPERL was admitted to the US citizenship on 4/16/23. According to the records, ABRAHAM MUTTTERPERL obtained a duplicate of his application, date unknown; however, any information concerning the duplicate, No. 51784, could be obtained from Central Office of INS.

dated 8/24/42 reflects that one set of Russian text books costing $3.50 was shipped to WILLIAM MUTTERPERL, Hampton, Va. According to Miss MC KENNA, invoice #26110, dated 11/21/42 reflects that one set of Russian text books was shipped to MUTTERPERL, Hampton, Va. According to Miss MC KENNA, this was a duplicate order which appeared to be a mistake on the part of the institute.

It is noted that the WILLIAM MUTTERPERL file in the institute also contained a form letter dated 8/3/42 addressed to Mr. H., PASS, 2101 Kecoughton Street, Hampton, Va. This letter was the usual form letter used by the institute to follow up previous correspondence with students and stated to the effect that the institute had not heard from PASS and inquired if he was still studying their course. At the bottom of the letter PASS inserted a note which was received by the institute on 8/24/42. In this note to the institute PASS advised "WILLIAM MUTTERPERL and I have taken up your course in Russian, incidentally, we are still waiting for the text on grammar and vocabulary."

Re: SIDNEY SHAMES  
ESPIONAGE - R

On 10/8/51 SIDNEY and HAROLD SHAMES, Melard Manufacturing Company, 37-25 32nd Street, LIC, were interviewed for any information they might possibly have concerning WILLIAM PERL. They furnished SAS LOUIS H. WOIWOODE (A) and EDWARD J. CAHILL (A) the following information concerning PERL'S associates and activities:

SIDNEY SHAMES stated he attended City College of New York from 1935 to 1940, when he was graduated with a degree in Mechanical Engineering. In 1940 and 1941 he attended and received his Master's degree from Pennsylvania State College, State College Pennsylvania. Some time during August 1941 SIDNEY secured employment as a Mechanical Engineer with the National Advisory Committee for Aeronautics, Langley Field, Virginia.

While working at Langley Field, SIDNEY said he met WILLIAM PERL, and their acquaintanceship developed to the point that PERL would occasionally visit the SHAMES' apartment at 2103 Kecoughtaw Road, Hampton, Virginia.

During the entire interview both SIDNEY and HAROLD SHAMES would point out to the interviewing Agents that PERL was not very sociable and kept to himself a good deal of the time. Referring to the occasional visits paid by PERL to the SHAMES' apartment, SIDNEY stated that during these visits they would play various musical records and engage in general conversation. Also, from time to time PERL would play touch football with SHAMES and other workers from NACA.

SIDNEY SHAMES was questioned concerning visits he made to PERL'S lodgings. He stated that on rare occasions he had visited PERL'S room, but stated that PERL generally had

cc: 65-15387 (WILLIAM PERL)  
EJC:LE
quarters which were not suitable for entertaining guests. SIDNEY went on to state that PERL was very studious and pointed out that PERL was graduated with a degree in Electrical Engineering from City College; however, through home study, he was able to earn a degree in Aeronautical Engineering. PERL, because of these studies and interest in his work, generally stayed to himself and his social contacts were limited.

SIDNEY SHADES was transferred in January 1943 to the NACA Laboratory at Cleveland, Ohio. While in Cleveland, SIDNEY resided at the Lake Shore Country Club, Lake Shore Boulevard, Cleveland, Ohio. Approximately a year later, PERL was transferred from Norfolk to NACA facility at Cleveland, Ohio. PERL held the position of Section Head.

SIDNEY stated that while in Cleveland he saw little of PERL outside of working hours. However, SIDNEY occasionally played handball with PERL. He recalled that shortly after PERL was married in 1944 to HENRIETTA SAVIDGE, he had attended a small housewarming party at PERL'S apartment. He believes the other guests may have been fellow workers from NACA.

SIDNEY SHADES resigned from NACA, Cleveland, in January 1946 to seek private employment in NYC. In January 1946 SIDNEY obtained employment as a Mechanical Engineer with the Stratos Corporation, Babylon, LI, and in October 1946 he left Stratos to accept a position with the Fairchild Camera and Instrument Corporation, LIC, NY, as a Project Engineer. SIDNEY SHADES recalled that some time in late 1946 PERL returned to NYC from California, where PERL had been studying at the California Institute of Technology, Pasadena.

After PERL'S return to NYC, he was in contact with SIDNEY SHADES, who could not advise interviewing Agents how this contact came about. SIDNEY estimated that he had had dinner with PERL about four or five times during the last eighteen months. During this period they dined at Dennis' Restaurant, Broadway and 88th Street, and at an Italian restaurant in the vicinity of Broadway and 120th Street.

SIDNEY said prior to going to dinner he would meet PERL at Pupkin Laboratory, Columbia University, and from there
they would leave for the restaurant. However, he recalled that on one occasion he drove his car to Greenwich Village, where PERL was at that time residing.

SIDNEY SHAMES described this apartment as being located several stories above the ground, with no elevator service. SIDNEY recalled the apartment building was on the right hand side of the street when he faced towards the Hudson River. SIDNEY guessed probably it may have been a red brick building. Later SIDNEY was asked if the apartment could have been located at 65 Morton Street, and he said the address sounded familiar. SIDNEY described this apartment as being sparsely furnished and recalled some of the furniture consisted of a bridge table, easy chair, bed, and many books.

When SIDNEY SHAMES arrived at this apartment it was early in the evening. PERL was alone and working at the bridge table. SIDNEY believes that the work consisted of studies in connection with his attendance at Columbia University. PERL advised SIDNEY that "the fellow who had the apartment had gone to Cornell and he (PERL) had to pay him the rent." SIDNEY stated that PERL had made this arrangement because if the original tenant had notified the landlord, the landlord would rent the apartment to someone else at a much higher rate. SIDNEY advised that PERL took the apartment in order to have more time and quiet to devote to his studies.

SIDNEY stated that after PERL had left for Cleveland to resume working at NACA, HENRIETTA SAVIDGE moved into the apartment at 65 Morton Street. When questioned concerning the source of this information, SIDNEY stated he had probably received the information from HERBIE PASS, a friend of the PERLS. As to how he received this information, PASS may have written a letter to SIDNEY, or PASS may have been in NYC around 1938, which was the time when PASS left for CLEVELAND. SIDNEY advised that HERBIE PASS had worked with PERL and himself at NACA, Norfolk, Virginia.

Concerning the associates of PERL, SIDNEY SHAMES advised that he was friendly with HERBIE PASS, now working for the Navy in California, MILTON KLEIN, co-worker at Langley Field, Virginia, and SAM KATZOFF, co-worker at Langley Field, Virginia.
MEMO
NY 65-0

HAROLD SHAHES, brother of SIDNEY SHAHES, was present during the above interview, and he advised that in 1944 he had graduated from C.C.N.Y. with a degree in Mechanical Engineering. In 1944 he secured a position as a Mechanical Engineer at NACA, Cleveland, Ohio.

He stated PERL was a Section Head at Cleveland and he was merely one of the engineers, and he claimed he had little to do with PERL outside of regular office hours. HAROLD stated that his brother, SIDNEY, was on closer terms with PERL since they had known one another at Langley Field, Virginia, and had played handball together in Cleveland.

HAROLD SHAHES stated that after PERL returned to NACA, Cleveland, in June 1948, they would occasionally lunch together. However, HAROLD stated PERL was the type who had neither many social engagements nor friends. He named HERMAN EPSTEIN, Professor at the University of Pittsburgh, as being very friendly with PERL. He pointed out that he would occasionally be at lunch with PERL and EPSTEIN, and because of his limited knowledge of electronics, a good deal of the conversation was not familiar to him. He would generally leave EPSTEIN and PERL together because of this lack of knowledge on his part. HAROLD recalled attending several parties at the Co-op House, Cornell Road, Cleveland, Ohio, when PERL was present.

Concerning the $500 which was loaned to the Melkard Manufacturing Company by PERL in June of 1949, SIDNEY SHAHES advised that in early 1949 the Melkard Manufacturing Company, of which he is President, needed working capital. SIDNEY SHAHES advised he had decided to contact various friends to obtain their assistance. He contacted HERBIE PASS and WILLIAM PERL and as a result they both loaned him $500 each for the business. He said the Melkard Manufacturing Company has been repaying these loans from time to time. To obtain the dates of repayment, SIDNEY SHAHES advised that it would be necessary for his accountant to locate this information in the books; however, if agents desired this information, he would obtain it for them.
MEMO
NY 65-0

He advised that shortly before WILLIAM PERL'S arrest, PERL had telephonically contacted him and advised he was in need of the money, and that as a consequence SIDNEY had forwarded final payment on the loan to PERL. Shortly after PERL'S arrest in March 1951, SIDNEY SHAMES talked to PERL on the telephone, at which time PERL'S arrest was discovered. PERL advised SIDNEY that it was all a mistake.

M

SIDNEY SHAMES stated a short time later he again contacted the PERL residence and talked to HENRIETTA PERL and during the conversation offered financial assistance. SIDNEY stated he did this because PERL had helped him when he needed money and he felt sure that PERL needed financial assistance at that time. As a result, HAROLD SHAMES drew a $500 check on his account at the Bank of Berea, Berea, Ohio, payable to HENRIETTA PERL. HAROLD advised interviewing Agents that he did not have the check available but would make same available if the Agents desired it at a later date.

M

Both of the SHAMES advised it was a shock when they heard of PERL'S arrest, and they feel sure that he will be able to explain or straighten the matter at the time of his trial. They stated that they always considered him to be a loyal and patriotic American.

M

Both HAROLD and SIDNEY SHAMES advised that they had never recalled seeing PERL with any photographic equipment in any of his apartments, nor had they seen anything which would lead them to believe that he was engaged in any espionage activities.

and later signed in the office. Dwyer stated Prof. Kagan was in the office some of time and he appeared very friendly with Von Karman.

Most of documents in Von Karman were weekly reports from Air Material Command, Dayton, Ohio dated 1947. Dwyer stated Von Karman was person who authorized destruction of the documents. He recalled that one sheet, probably a letter, which was secret was taken by Mais in his own brief case. The remaining material was packed in a large wooden box for shipment the next day to Wash. After burning the material Kagan, Mais Von Karman & Dwyer booked lunch at the "Prof Club". After lunch Von Karman left for downtown & Mais & Dwyer returned to pack.

Concerning material destroyed. Dwyer stated Mais prepared a handwritten (pen) list on a sheet of paper about 8½ by 11". This paper carried (he estimated) about 20-35 documents. Dwyer witnessed the paper which was retained by Mais. Only one copy was prepared. Kagan handled arrangements for burning.
The Mr. Tegard referred to in 7th let is probably Thomas Tegard/Property and Supply Clerk, in Air Materiel Command Office & he was the person handling the return of safe from Van Haren's office.

Re Los Angeles letter dated December 12, 1951.

Enclosed herewith are two photostatic copies of 31 pieces of personal correspondence (numbered 1 to 31) between WILLIAM PERL and Dr. THEODORE VON KARMAN during the period of July 13, 1947 and November 4, 1949. The original file of this correspondence is currently in the custody of Mrs. MARIE RODDENBERY, personal secretary of Dr. VON KARMAN at his residence 1501 South Marengo Avenue, Pasadena, California.

This material is not being evaluated or reported by this office and is being furnished to you for informational purposes.

cc: 105-873 (Dr. VON KARMAN)
Serials 827 and 828 inadvertently skipped in serializing.
Reuel 12-10-51 setting forth the results of additional information made available to your office by Arthur W. Tifford who was recently interviewed in connection with the above-captioned subject.

It is desired that your office re-interview Tifford at an early date for the purpose of determining whether he has any information concerning ICL and Steinmaas Club activities on the CCNY campus during the period that he attended that school. It should be ascertained whether he may have attended any of the functions of these organizations and thus is in a position to recall the identity of other members of his class who formerly attended these meetings. Any information he might possess as to the ICL and Steinmaas Club activities on the part of Perl, Stanley Robert Rich, Julius Rosenberg and Norton Sobell should be exploited during this interrogation.

For your information a check has been made of Puriles but no identifiable information of a derogatory nature was located therein concerning Tifford.

In view of Tifford's present position as an assistant professor of aeronautical engineering at Ohio State University in which capacity he is the instructor for several classes of Air Force and military personnel, the substance of Tifford's recent admissions to your office as reflected in referenced letter are being brought to the attention of O-2 and OSI.

Office Memorandum • UNITED STATES GOVERNMENT

TO: SAC, NEW YORK (65-15387)  
FROM: SAC, LOS ANGELES (65-5075)  

DATE: January 10, 1952

SUBJECT: WILLIAM PERL, WAS. ESPIONAGE - R; PERJURY

Reurlet dated November 2, 1951, page 4, Item 4, requesting that PASS be asked to make available for review any letters, diaries, or pictures he might have concerning PERL. Reurlet, also, of December 13, 1951, requesting that photographs of HERBERT RALPH PASS be obtained and furnished your Office.

During the course of the interview with PASS, at the Security Office of the Naval Air Missile Test Center, Point Mugu, California, as reflected in the report of Special Agent JOHN P. ANDREWS, dated January 10, 1952, at Los Angeles, in the above-captioned matter, PASS stated that he had no letters or diaries. He believed, however, that he may have some photographs taken while on one of the camping trips, but their whereabouts were currently unknown to him. They were probably among his personal effects moved to his mother's residence in Santa Monica, California, some forty miles away. Certain of his belongings had been stored there after he, himself, had changed his residence recently. He has resided only for the past two months at his current address of 6773 South Westward Beach Road, Malibu, California. Prior to that, for approximately a year, he had resided at a beach house at Solromar, California, where his mailing address was Post Office Box 22. Prior to that, he resided in a trailer camp, also in Solromar, California.

As a result of his lack of definite information as to the possible whereabouts of these pictures, PASS agreed to conduct an immediate search at his own current residence and at his mother's home at the earliest possible time. He volunteered to deliver these photographs when located to the Security Office of the Naval Air Missile Test Center, under whose cooperation and knowledge this interview was held, and would appropriately direct them to the Federal Bureau of Investigation.

Upon failure to receive any material from PASS through regular channels, Resident Agents being in regular, normal contact with the Security Office, PASS was recontacted on December 12, 1951 by an Agent of this Office. PASS explained that certain photographs had been located by him, and he claimed that the day following the interview he had put them in the base mail, marked "Security Officer to Mr. NORMAN (a Resident Agent) for Mr. ANDREWS (one of the interviewing Agents)." He claimed that
he didn't know what had since happened to the material. Subsequent inquiries at the Security Office of the Naval Air Missile Test Center reflected that no such envelope had ever been received by that office. Additional inquiries to Miss N. MC DANIELS, who handles all mail going out of the department in which PASS works, and EDWARD CERNI, who is in charge of all Base Mail Service, failed to locate it. CERNI added that he had never seen any such envelope and would have if it had not been properly addressed, or if the men handling the mail had any question as to where it should have been delivered. There appears to exist, therefore, a reasonable doubt that PASS did in fact forward these photographs to the Security Office in accordance with his previous agreement.

In the event the alleged photographs are subsequently located and furnished to the Los Angeles Office, they will be immediately forwarded to your Office.

Attached herewith are two photographs of HERBERT RALPH PASS, obtained from the Security Office of the Naval Air Missile Test Center, Point Mugu, California.

Dr. THEODOR VON KARMAN furnished the following information in Paris, France, on March 5, 1947.

VON KARMAN said that from 1933 to May 1944 he was Director of a jet propulsion laboratory in Pasadena, California.

In May 1944 he arrived in New York City, where he entered a private hospital located in the vicinity of 64th Street. At this hospital he underwent a serious abdominal operation. Subsequently, he lived in a small hotel located on Madison Avenue near 70th Street in order to be near the hospital, at which he received treatment as an out-patient for an extended period. He could not recall the name of the hospital or the exact address. He recalls that the hotel was named the seatwood, or some similar name. He said that he stayed in New York City for about three months and then, in September 1944, he went to Lake George, New York, for further recuperation.

VON KARMAN stated that while he was at Lake George in October 1944, he received a telephonic invitation from General ARNOLD of the USAF to come to Washington. He accepted this invitation and arrived in Washington in early November 1944, where he assumed the position of Director of the Scientific Advisory Board to the Chief of Staff of the U. S. Air Force. He remained in Washington until May of 1945, when he visited France, Germany and Russia on an official mission in connection with his official duties. This trip lasted until July 1945, when he returned to Washington and remained there until February 1946.

VON KARMAN denied that he had any knowledge of the JB-2 jet propelled guided missile. He denied that he had participated in any manner in the planning or research connected with this project, and that he had any materials available to him in 1944 relative to this bomb. VON KARMAN also denied any knowledge that Republic Aviation Corporation had ever engaged in work on the JB-2 bomb or any similar device.

VON KARMAN denied any present recollection of acquaintance with any knowledge of ANDREI SHERNICHENKO, Soviet Government Purchasing Commission representative in the aircraft industry in the United States during 1944 and 1945. He said that he cannot now recall ever having heard of such an individual.
In connection with the present basis of the interview with him, VON KARMAN advised that he had no knowledge of an acquaintance between SCHRÖDING and WILLIAM PELL, and that he never had any conversations with PELL concerning SCHRÖDING.

VON KARMAN denied knowledge of any acquaintance WILLIAM PELL may have had with individuals at the Republic Aviation Company, Faralne
dale, Long Island.

VON KARMAN said that at various meetings of technicians in the aviation industry in the United States he had become casually ac
quainted with one KEIL, Technical Director at Republic Aviation Company, and with one BLADE, who was formerly connected with the Republic in some technical capacity. He said that these acquaintances, how
ever, were casual ones, had never involved any technical discussions of any sort, and that both dated from about 1935. He indicated that he had no contact with these individuals in 1944.

VON KARMAN said that the only American version of the German V-1 rocket bomb concerning which he had ever even heard was the one which was under development by the Northrop Aviation Corporation in California in 1945 and 1946. He denied, however, that he had any connection with this project or any technical knowledge concerning it.

In connection with the present nature of the interview, VON KARMAN said that WILLIAM PELL had been recommended to him as an assistant at Columbia by Professor RABI, who was at that time (1946) Director of Columbia's Institute of Physics. VON KARMAN said that when PELL was recommended to him by RABI, he readily accepted PELL because PELL's name, at least, was already known to him. VON KARMAN said that while he cannot now remember having previously met PELL, he may have previously met him in connection with the latter's employment by NASA, either at the NASA laboratories in Cleveland or at Langley Field.

VON KARMAN said that during the period of his association with PELL, the two conferred at Columbia about two or three times a week for periods of from one to two hours for each conference. PELL was preparing a thesis on "transonic flow." PELL prepared lecture notes for VON KARMAN, which were later published. He likewise conducted research for VON KARMAN.
During the interview VON KARMAN appeared to be somewhat ill at ease and seemed rather reluctant to furnish information. At the termination of the interview, which lasted less than an hour, he volunteered the opinion that instant investigation relative to F-BL is "on the wrong track", implying that it was a waste of his time and of the agent's time. In this connection he was courteously informed that the purpose of the inquiry was to exhaust any and all possible avenues of information in order that all facts relevant to the case of F-BL might be known.

It may be of interest to the Bureau to know that during his present stay in Paris, Dr. VON KARMAN has as his assistant Mr. WILLIAM M. MILLER, one of the Assistant U.S. Air Attachés. MILLS has advised that he was assigned by the General Staff of the U.S. Air Force to assist VON KARMAN, who is teaching a course in aerothermodynamics at the Sorbonne. VON KARMAN Lectures on Tuesday of each week from 4:45 P.M. to 6:00 P.M. It appears also that he may be engaged in official work of some type for the U.S. Air Force. During recent efforts to arrange an interview with him, MILLS indicated that he was in Germany temporarily, but would be back in Paris on a specified date.

WILLIAM PERL, WA, ESP R, PERJURY. DR. POLYKARP KUSCH INTERVIEWED
RE INST CASE AT PUPIN LABORATORY, COLUMBIA, JANUARY 9. PER
APPOINTMENT. KUSCH VERY COOPERATIVE IN ANSWERING QUESTIONS.
PUT TO HIM. PRODUCED PERL'S GRADUATE FILE AND VOLUNTEERED
EXPLANATORY INFO RE SAME, AS WELL AS OFFERING COPIES OF
MATERIAL CONTAINED THEREIN. WAS ONLY CASUALLY ACQUAINTED
WITH VON KARMAN BUT GAVE KNOWN DETAILS RE PERL'S RELATIONSHIP
WITH VON KARMAN AND HIS ACCESS TO VON KARMAN'S FILES. ALSO
SUGGESTED OTHER INDIVIDUALS AT PUPIN WHO MIGHT ASSIST THIS
INVESTIGATION. AT TERMINATION OF INTERVIEW, KUSCH BROUGHT
UP A PREVIOUS INTERVIEW WITH THIS OFFICE CONCERNING PERL CASE.
HE STATED HE DESIRED TO APOLOGIZE FOR HIS ATTITUDE THAT DAY
AND EXPLAINED SAME TO BE DUE TO CONDITION OF HIS HEALTH AT
THAT TIME. SAID HE HAD RECENTLY UNDERGONE SURGERY ON HIS
HAND WHICH WAS VERY PAINFUL AT TIME OF PREVIOUS INTERVIEW
AND FURTHER, JUST PRIOR THERE TO HE HAD UNDERGONE USUAL
INNOCULATIONS NECESSARY FOR ANTICIPATED EUROPEAN TRIP.
STATED WHILE HE DOES NOT PERSONALLY SEE REASON FOR SOME
INVESTIGATIONS CONDUCTED BY FBI AND GOVERNMENT GENERALLY HE
REALIZED THAT INVESTIGATORS IN BETTER POSITION THAN HE TO
MAKE DETERMINATIONS. STATED HE DOES NOT WISH TO LET RESULTS

Re: MAX ELITCHER
HELENE ELITCHER
ESPIONAGE - R

On 12/28/51, MAX ELITCHER was contacted by the writer and was shown photographs of JAMES WEINSTEIN,
MILTON KLEIN, MAX FINESTONE, and SAMUEL B. PERL.

He did not know any of these individuals either by name or photograph with the exception of SAM PERL.

ELITCHER met SAM PERL once in the summer of 1944. He could not identify the photograph of PERL. However, the photograph of SAM PERL was taken in 1949.

DIRECTOR, FBI (65-59341)

SAC, LOS ANGELES (65-5112)

UNKNOWN SUBJECT:
Unknown Consultant at Aswan Dam,
Egypt, 1946 - 1949
ESPIONAGE - R

Mrs. MARY P. RODDENBERRY, personal secretary to
Dr. THEODORE VON KARMAN, 1301 South Marengo Avenue, Pasadena,
California, advised on 6/23/52 that she has no personal
knowledge of the exact relationship between VON KARMAN and
WILLIAM PERL in connection with the Aswan Dam Project in
1947 since she, herself, was then a Government employe
attatched to the Scientific Advisory Board of the USAF in
Washington, D.C. As such, she therefore had no personal
detailed information of VON KARMAN's activity while in his
N.Y.C. office.

It has been her understanding, however, that PERL
had originally been assigned as VON KARMAN's assistant by
Columbia University. As to the specific Aswan Dam Project,
correspondence which has since come to her attention indicates
that PERL worked as a technical assistant to VON KARMAN but
apparently was paid directly by the firms concerned.

As to the check in the amount of $700.58 referred
to in report charged to VON KARMAN's Chase National Bank
account on 7/7/47 (being identical with a deposit of WILLIAM
PERL's account on 7/7/47) Mrs. RODDENBERRY had no personal
knowledge or information. An examination of available canceled
checks for the pertinent period in 1947, however, failed to
reflect this particular item. It was also noted, however,
that bank statements from the Chase National Bank were also
missing for the period between 5/29/47 and 3/3/48. On the
latter date it was observed the statement had been mailed
to VON KARMAN at the Hotel California in Paris, France,
Mrs. RODDENBERRY recalled that about July 1, 1947 VON KARMAN
had gone to Europe where he remained for a number of months.
As to the present whereabouts of these missing checks and
statements Mrs. RODDENBERRY was unable to offer any assistance.

cc: Los Angeles file 65-5073
1 - New York (65-5384)
2 - New York (65-5387)
1 - VPO (65-5345)
1 - VPO (65-5545)
She explained, and it was self-evident, at the VON KARMAN residence that very large quantities of correspondence, papers, scientific data, etc., have accumulated at the VON KARMAN residence in recent years, a great portion of which has not yet been sorted or arranged in any logical order. Since her own recent assumption of duties, it has been physically impossible for her to arrange all this material in order. It is, therefore, quite possible, she continued, that the check in question may be among these papers. It was self-apparent that a further search for this specific check at this time is impossible.

Mrs. RODDENBERRY speculated that during VON KARMAN's absence in Europe in 1947 ANDREW J. HILLEY, Attorney, Washington, D.C., held a power of attorney on VON KARMAN's behalf and undoubtedly signed checks for various items. She felt that he may well have received the Chase National Bank checks and statements in question. She suggested that he be recontacted in this regard, a lead for which has already been set out in reports. It is recalled further that HILLEY, upon interview by the Washington Field Office recently in the WILLIAM PERL matter (File 65-59312) as referred in Washington Field letter dated 12/28/51, has already indicated that he issued only six checks under his power of attorney, none of which was payable to PERL.

As to the general matter of payments made to PERL by VON KARMAN, you have already been advised by Los Angeles letter, 5/28/52 in the above-captioned matter that an examination of all available checks has failed to reflect any such payments.

With regard to the matter of available financial records which VON KARMAN may have maintained, Mrs. RODDENBERRY explained that VON KARMAN's financial records appeared to have consisted only of his cancelled checks. No other records have come to her attention. She added that even the check stubs are not available in all cases and those which are available are not always completely filled out.

In connection with the possibility that VON KARMAN may have ever paid PERL directly though indications thus far appear to have been to the contrary, the following paragraph referring to office financial affairs from a letter to VON KARMAN.
LA 65-5112

From his former secretary LILLIAN FRICK, dated 10/3/47, is being set out. Attention is called to the last sentence.

"3) As for Bill (referring to WILLIAM PERL); about the middle of the summer he changed his mind about the arrangements made earlier for his salary so that he has now been forwarding time sheets for work done on the wind tunnel directly to S and P (Sverdrup & Parcel) after having them approved by Professor HILDUND and has been paid by them. You had arranged before you left for him to bill Chemical Construction directly. He did, and he says there is nothing else that is still due him from you. You had cleared it up with a check through July 1."

No derogatory information developed concerning Mr. and Mrs. KARL G. KESSLER, Bethesda, Md. During 1950 information received that HERMAN T. EPSTEIN, then associated with the University of Pittsburgh, had on one occasion stated that in the event of war with Russia he would not support the United States. Individuals acquainted with subject at the University of Michigan could furnish no specific information concerning subversive activities on the part of EPSTEIN. One former instructor, however, stated that while at University of Michigan EPSTEIN was sympathetic to and active in the American Youth for Democracy or the American Youth Congress.

Details:

It has been previously reported that the subject during the month of May, 1951, was in contact with a Mrs. K. J. KESSLER, 5927 Anniston Road, Bethesda, Maryland. Investigation has disclosed that KARL G. KESSLER, a physicist employed by the U. S. Bureau of Standards, and his wife, ELTTY, reside at 5927 Anniston Road, Bethesda, Maryland. Background information concerning these individuals has been reported.

It is noted that the Washington Field Office has developed no information of a derogatory nature concerning the KESSLERS.
It has been previously reported that during the month of May, 1951, the subject was in contact with Mrs. R. W. PIDD, 2001 Anderson Avenue, Ann Arbor, Michigan.

The Detroit Office has advised that Mrs. R. W. PIDD, aka. Mrs. Ann Pidd, presently resides at 2801 Brockman Street, Ann Arbor, Michigan, and is the wife of ROBERT WALLACE PIDD, Assistant Professor at the University of Michigan. Further, Mrs. PIDD is employed at the Willow Run Airport, Willow Run, Michigan. The Detroit Office is in possession of no information of a derogatory nature concerning the PIDDs.

It is noted that during the fall of 1950 T-1, of unknown reliability but who was acquainted with the subject during the period EPSTEIN was employed by the National Advisory Committee on Aeronautics at Cleveland, Ohio, was interviewed in connection with another matter. During the interview, T-1 stated that on one occasion he had heard HERMAN T. EPSTEIN, who was then associated with the University of Pittsburgh, state that in the event of a war with Russia he, EPSTEIN, would not support the United States. T-1 furnished no further information with reference to EPSTEIN.

The Detroit Office has advised that ARNOLD MARTIN KUETHE, Professor, University of Michigan, formerly Acting Chairman, Department of Aeronautics, during the time of the subject's attendance at the University of Michigan, advised that he did not associate with EPSTEIN socially but that he was employed with him for a period of approximately six months on a project at the University of Michigan which was classified as confidential. KUETHE recalled that it was a project concerning the examination of documents from Germany and stated that EPSTEIN worked on this project to help finance his attendance at the University. KUETHE related that EPSTEIN was not very easy to know and, to the Professor's knowledge, did not have many friends.

Professor KUETHE advised that he has had no contact with EPSTEIN since the subject left the University in 1946, and KUETHE could recall no conversations in which he and the subject had engaged which in any way concerned political matters. Professor KUETHE stated that he could not honestly state whether or not the subject was affiliated with or sympathetic with the Communist Party or any related organizations.
The Communist Party has been cited by the Attorney General of the United States under Executive Order No. 9835 as an organization which seeks to alter the form of Government of the United States by unconstitutional means.

Dr. HORACE RICHARD CRANE, Professor of Physics, University of Michigan, has advised that he was EPSTEIN's counselor while the subject was attending the University. His association with EPSTEIN, however, was strictly that of a teacher-student and he knew little concerning EPSTEIN outside of the classroom. Dr. CRANE could furnish no information concerning EPSTEIN's associates and was in possession of no information which would in any way reflect upon the loyalty of EPSTEIN.

It is noted that both Professor KUETHE and Dr. CRANE suggested that Professor ROBLEY WILLIAMS, presently at the University of California, Berkeley, California, might be in a position to furnish information concerning the subject.

Dr. EMERSON WARD CONION, Chairman of the Aeronautical Engineering Department, University of Michigan, who was in charge of the classified project on which EPSTEIN and Professor KUETHE were employed, advised that he had no recollection whatsoever concerning the subject and could furnish no information concerning EPSTEIN.

The Detroit Office advised that no further information concerning EPSTEIN was available.

The San Francisco Office has advised that on October 1, 1952, Professor ROBLEY C. WILLIAMS, Virus Institute, University of California, Berkeley, California, advised that he was associated with the subject on a student-teacher relationship at the University of Michigan and also that the subject was under his immediate supervision at the time EPSTEIN wrote a thesis at the University.

Professor WILLIAMS stated that he knew of no specific acts of subversive activity concerning the subject. Professor WILLIAMS stated that he had had numerous political discussions with EPSTEIN and it was WILLIAMS's opinion that the subject followed the thinking of the Communist theories. Professor WILLIAMS advised that he has had no recent contact with the subject and was not aware of EPSTEIN's present attitude toward Communist matters.
In conclusion, Professor WILLIAMS advised that EPSTEIN had been greatly influenced by the teaching of two men, one RSPHEVSKY who is a mathematician in the Biophysics Department at the University of Chicago, and one ORLANDOIVSKY, an engineer who is presently at the University of Michigan or the University of Chicago. Professor WILLIAMS stated that these two individuals influenced the thinking of EPSTEIN to the point that the subject was sympathetic with and active in the American Youth for Democracy or the American Youth Congress at the University of Michigan in 1946.

It is noted that the American Youth for Democracy and the American Youth Congress have been cited by the Attorney General of the United States under Executive Order No. 9835 as Communist organizations.
Copies of this report are being furnished the New York Office since the subject is a known former associate of WILLIAM PERL, who is presently under indictment in New York on a charge of perjury.

Through National City Bank of N.Y. Broadway & 111 St N.Y.C. it has been determined that on 11/3/57 Perl deposited in his account $1250 consisting of $50 cash and a $1000 check. Examination of deposit ticket reflects the check was drawn on National City Bank of N.Y., Lenox Hill Branch, 167 E 72 St. The maker was not identified.

However, M.C.B., 17 E 42 St, admitted that 3 $1000 checks were returned to the Lenox Hill Branch on following business day further that the $1000 check deposited by Perl was one of the three. However, could not furnish any additional data.

M.C.B. Lenox Hill Branch traced the 3 $1000 checks and determined they were charged to the following a/c 25-15387-7027

Herbert S. Ribner
Albert Sherman
Lee Lorch
Sidney M. Hamon
C. E. Greenberg
Harry Greenberg
Ralph D. Miller

The above info was furnished to the Norfolk Office by a Confidential Informant designated as "X" and not otherwise described. "Norfolk Letter" dated 2-6-53 entitled "William Peel, see E. P. H. (NY 65 15377 10314)" identifies "X" as

Headquarters
Army Air Base, Langley Field, Va.

The info was apparently set forth in a weekly bulletin published by the "NAOC" on 11-30-47, which indicated that during 11-47 the chapter of AASW was formed.

The above report further relates back-ground info concerning the parent organization of AASW as its original founding in 1938.

Additional information concerning the parent
organization, its purposes and programs and all else.

This bulletin announced that all members of the NAAC staff were eligible for membership in the CASW chapter and invited all to join.

The Department also gave information about a meeting of the local chapter held in the NAAC building at Tangley Hall. It was conducted in a disorderly fashion and it was impossible to obtain details of the meeting clearly. However, it was determined that the discussion of ideas were mainly dealt with in 3 parts:

a) Discussion of race vote and the races involved.

b) Discussion on setting up a fund to hire, employ or help a good attorney to defend persons accused of violating the Jim Crow laws.

c) Discussion regarding enlisting, and publicizing the organization.

According to informant, the colored people employed at NAAC do manual labor on the janitoring, etc. No members of the CASW committee are colored.

The above report set forth background...
wage on the various officers and members of
The N.A.W, above mentioned, as reflected in the
personal files of N.A.W.

Per my teletype April 20 last, which states

AUSA Sherry advised Jerry Smith for present case would be same as for Ruff case scheduled for May 4. It is recalled that instant trial was scheduled originally for May 4 but on that date postponed to May 18.

On May 12, 1953 at 3 pm AUSA Robert Martin advised writer he had just learned from Jerry Sherry that a new panel would be necessary for May 18. He was advised this request should have gone to the Dept. who should have written and advised the Bureau in Washington.

AUSA Lloyd MacMahon, SDNY, telephoned at 4:10 P.M., 5/12/53, and advised he had just been conversing with Mr. William Foley of the Department, who had authorized the FBI to conduct a Jury Panel investigation in their PERL case. Have we received word from the Bureau on this as yet? If not, you may desire to immediately confirm and thereafter institute the check.

ADDENDUM: The above matter has been called to the attention of the Bureau and permission has been received to make the Jury Panel check. In addition, special permission has been received for the New York Office to incorporate the results of the Jury Panel check in a memorandum for filing in the Bulky Exhibits in this case. It will not be necessary to submit a report to the Bureau.

At about 2:00 PM this date I received a telephone call presumably intended for a complaint agent from a Father WILLIAM J. GORDON, 123 Nassau Avenue, Malverne, L. I., telephone LYNbrook 9-8961.

He said that he understood that an agent was supposed to come out and see him today in order to obtain certain information which he has relating to instant case, that no agent had come, and that he could not wait around much longer.

I tried to ascertain from him the source of his belief that an agent was to interview him, and he said that he had been in touch with a FRANK CROSBY, of Washington, D. C., who, according to Fr. GORDON, is an assistant to John Edgar Hoover.

The above information was reported immediately to SA CORCORAN, who said he would get in touch with Fr. GORDON by phone.

At 1:30 p.m., 5/18/53, I telephonically contacted SAC J. A. ROBY of Kansas City to request if Kansas City had been able to obtain any information on the civilian personnel file of MORTON SOBELL with the Bureau of Ordnance, Department of Navy, Washington, D.C.

Mr. ROBY advised that Kansas City had just sent a teletype out advising that these records were located in St. Louis and that Mr. HORN BOSTEL of the Government's Services Administration had contacted St. Louis telephonically and arranged to have these records transmitted to Mr. EUGENE P. BRANNAN, Regional Counsel, GSA, Room 1220, 250 Hudson Street, New York City.

I gave this information to SA MAURICE W. CORCORAN who will handle it with the United States Attorney.

Immediately thereafter I telephonically contacted Inspector HENNICH at the Bureau and advised that a jury had been picked on the morning of 5/18/53 in this matter and that the Government was opening its case at 2 p.m. today with its opening statement.

I then contacted Mr. DINGLE in the Documents Section of the Laboratory and requested that the Laboratory come to NY to testify bring with him photographic copies of money order applications mentioned in NY tel of 5/11/53, particularly those identified in the following manner:

734126 dated June 30, 1948
193721 dated July 24, 1948.

DINGLE advised that these money order photographs were available and would be brought to New York.

TO: SAC, NEW YORK
FROM: TS COLE MILLER
SUBJECT: WILLIAM PERL (65-15387)

DATE: 6/5/53

At 12:00 noon instant date I telephonically advised Mr. Hennrich that Judge Ryan had imposed a sentence of five years on each of the two counts against WILLIAM PERL, such sentence to run concurrently.

I also told Mr. Hennrich Judge Ryan stated that although the jury had recommended clemency he could not accept this inasmuch as PERL'S explanations were stupid.

At 1:30 P.M. I telephonically advised Mr. Cleveland of the Bureau that the following events had transpired since PERL received his sentence.

The defense moved for an arrest of judgment which was denied.

PERL'S attorney filed an immediate notice of appeal on this.

The defense applied for PERL to be released on bail pending his appeal which was denied.

PERL'S attorney immediately went to the Circuit Court of Appeals on the bail issue only and moved before Justices Snow, Chase and Read on the bail matter only and PERL was denied bail by the Circuit Court of Appeals.

Re: Memo 5A Robert E. Hall 4-22-53

(Serial 1053 instant file) which concerns the

returning from Columbia University of Perl’s Doctor’s

Dissertation for review by the USA Office.

This is to record that same was made

available to the USA Office and returned to

the OSS subsequent to Perl’s trial.

On June 4, 1953, 5A J.J. Daley returned

the book to Rosalee W. Saito, Columbia Univer-
sity and obtained a receipt for same. This

receipt is being placed on the 1B blank of this

file.

ADDITIONAL DEROGATORY INFORMATION IN NEWARK FILES:
1) ON ASSOCIATES:

**JULIUS ROSENBERG**

JULIUS ROSENBERG was a member of a Soviet espionage apparatus. Following trial and conviction, he was executed in 1953.

**MAX and HELENE ELITCHER**

MAX ELITCHER has admitted membership in the YCL and CP. He attended CCNY with JULIUS ROSENBERG and MORTON SOBELL and after leaving school and going to work for the Navy Dept. in Washington, D.C. he was persuaded to join the CP by SOBELL. He was an active member in the Navy Cell, CP. His wife, HELENE, was active in the Housewives Branch, CP. He has admitted that JULIUS ROSENBERG asked him to furnish information for the Russians. ELITCHER was a Government witness in the prosecution of JULIUS ROSENBERG, ETHEL ROSENBERG and MORTON SOBELL.

**JOEL BARR**

JOEL BARR was a member of the Soviet espionage apparatus in which JULIUS ROSENBERG functioned. He left U.S. and is reportedly in Europe.

**ALFRED SARANT**

ALFRED SARANT was a close associate of JULIUS and ETHEL ROSENBERG. JULIUS ROSENBERG allegedly used SARANT's apartment located at 65 Morton St., Greenwich Village, New York, N.Y. for photographing espionage documents during the week-end of 7/4/48. ROSENBERG visited SARANT at Ithaca, N.Y. during June, 1950, allegedly to pick up espionage materials. SARANT left the U.S. approximately ten days after the arrest of the ROSENBERGS and his present whereabouts is unknown.
VIVIAN GLASSMAN

VIVIAN GLASSMAN was the girl friend of JOEL BARR, an individual who has been identified as a Soviet Agent by JULIUS ROSENBERG, convicted espionage agent, in conversation with DAVID GREENGlass, another convicted espionage agent. GREENGlass has advised Bureau Agents that JULIUS ROSENBERG told him that VIVIAN GLASSMAN was involved in the espionage apparatus.

GLASSMAN has associated with persons involved in the ROSENBERG espionage ring and has acted as a messenger on occasion. She has also admitted to Bureau agents as having been very friendly with the ROSENBERGS and having been affiliated with the American Labor Party.

HELEN SOBELL

HELEN SOBELL is the wife of MORTON SOBELL, convicted espionage agent involved in the ROSENBERG case. She was formerly married to CLARENCE DARROW GUREWITZ, who was reliably reported to be a member of the CP in Washington, D. C.

It has also been reliably reported that HELEN SOBELL was a member of the CP in Washington, D. C. as of 2/1/44.

MORTON SOBELL

MAX ELITCHER, a self-admitted CP member and associate of both JULIUS ROSENBERG and SOBELL, stated that he was recruited into the CP by SOBELL. ELITCHER advised that ROSENBERG had informed him that SOBELL had attempted to enlist him in espionage work by turning over information to SOBELL obtained by ELITCHER in the course of his employment with the Navy Dept. Bureau of Ordnance, Washington, D. C. ELITCHER stated that SOBELL requested him to furnish the names of possible recruits for purposes of engaging in espionage work. SOBELL was an associate of BERNICE LEVIN(E), Department of Labor, Washington, D. C. who was named by ELIZABETH BENTLEY, as an individual who had furnished information to Soviet espionage networks. Various classmates of SOBELL at CCNY identified him as a "liberal" and "leftwinger", while attending college. SOBELL fled to Mexico in June, 1950 after the arrest of HARRY GOLDBERG, one of the participants in the ROSENBERG espionage apparatus in May, 1950. SOBELL was arrested at Laredo, Texas on 10/10/50. SOBELL, JULIUS ROSENBERG, ETHEL ROSENBERG, ANATOLI A. YAKOVLEV and DAVID GREENGlass were charged with conspiracy to commit espionage. SOBELL was tried, convicted and sentenced to 30 years' imprisonment on 3/29/51.
MICHAEL SIDOROVICH

DAVID GREENGLASS, self-admitted Soviet espionage agent, and his wife, RUTH GREENGLASS, have identified MICHAEL and ANNE SIDOROVICH as close friends of JULIUS ROSENBERG. Both the GREENGLASSES said that they were told by ROSENBERG that ANNE would contact them in New Mexico to get information from DAVID about the Atom bomb.

PHILIP PARZEN

PHILIP PARZEN registered to vote for the ALP in 1945, 1946 and 1947. A supervisor of PARZEN stated that he considered PARZEN to have "questionable political beliefs" and further advised that PARZEN spoke openly about the fact that KLAUS FUCHS should not have been punished for giving away Atomic secrets. He is an associate of several of the persons involved in the ROSENBERG case and has been in the company of JULIUS ROSENBERG, himself on two occasions.

RECOMMENDATION:

WILLIAM PERL was the subject of an Espionage-R investigation in the New York Office. No action for Newark.
Reurtel July 22, 1950, entitled "JULIUS ROSENBERG, Espionage - R re WILLIAM PERL" in which you requested a stop notice be placed at the Passport Office, State Department, on PERL and to page 66 of the report of SA JOHN P. BUSCHER dated September 21, 1950, at Washington, D. C., copies of both furnished New York.

Advice is requested as to whether or not you still desire that this stop be maintained.

DISSIDENT INFORMATION IN VIVIAN FILES

A. On Subject

New York, an office of origin, will report pertinent derogatory information in addition to the following:

WILLIAM KUTTERPERL in the subject of an AIA investigation in which no derogatory information was set out by Newark.

Subject has associated with members of the JULIUS ROSENBERG espionage ring. He resided at the apartment of ALFRED SORLS, alleged to have been the apartment where JULIUS ROSENBERG did microfilm work and made Soviet espionage contacts. MAX KITCHER stated that he, PERL, ROSENBERG, SORLS, SORLS and SORLS were in contact during the middle 1940s.

VIVIAN GLASSMAN admitted going to Cleveland, Ohio, immediately following the arrest of JULIUS ROSENBERG and offering subject $2,000 to flee to Mexico.

Subject advised an informant of unkown reliability that he was active in the Young Communist League at CCHS with JOEL BARK, MAX KITCHER, KETIA SORLS and JULIUS ROSENBERG.

During 1938-40, PERL advised an informant of unknown reliability that he was dropping his Communist activities since he felt it would be harder to obtain employment if he were still active in Communist affairs.

Source of unknown reliability stated that he knew WILLIAM KUTTERPERL as being pro-Communist.
MERTZ COBELL, convicted espionage agent, listed WILLIAM KATTER as a reference when he filed an application for employment at the General Electric Co., Schenectady, N.Y.

According to a source of unknown reliability, subject, during the week-end of 7/4/43, brought to JULIUS ROSENBERG's home secret documents from Columbia University where FNL was doing aeronautical research. ROSENBERG sent out of town for an individual with a false accent, whom the informant believed to be MICHAEL SKIRNICK. These three, plus a fourth individual, photographed for seventeen hours without interruption.

According to CIC files, PHILIP PANIZ gave subject as a reference in 1942.

Subject was tried on four counts of perjury in that he denied knowing MURIEL SOBILL, MELANIE FLITNER, JULIUS ROSENBERG and MICHAEL and ANNE SKIRNICK. Subject was found guilty on counts involving SOBILL and ROSENBERG and sentenced to five years in prison, which he is presently serving at the Federal Penitentiary in Terre Haute, Ind.

Dissertation

not known
TO: SAC, New York
FROM: THOMAS G. SPENCER, SA (65-1038)
DATE: OCT 16 1953
SUBJECT: SEMONTEL RESIGNATION - R (NO. 65-16363)

In connection with the Semontel Project, the Bureau has issued instructions that the Newark Office was to submit blind memos on all persons brought to their attention by CIC. In turn, these were forwarded to the NYO where blind memos were prepared setting forth all derogatory information on the individuals named in the Newark blind memos. Subsequently, these memoranda were sent to the Bureau where Bureau files were reviewed, and then transmitted to the Newark Office, which office in turn had the responsibility of recommending whether or not a case should be opened and the type of case that should be opened. At the present time, the Newark Office is forwarding these recommendations to the NYO.

In view of the fact that practically all of the cases opened to date have been in the Security Matter - C category, the writer on 10/13/53 telephonically communicated with Inspector HENRICH to obtain a clarification as to what material should be reported in these SM-C cases. It was pointed out to Mr. HENRICH that the file reviews conducted by the NYO and the Newark Office and the Bureau had turned up information on relatives and associates and other individuals that would normally not be reported in a regular SM-C report.

Mr. HENRICH stated that in view of the current status of the Senator McCarthy probe into individuals formerly or presently employed at Fort Monmouth, the Bureau was going to follow very closely any cases opened as a result of the Semontel review. He stated that one Bureau supervisor would be responsible for reviewing and following all cases opened as a result of the Semontel Project. He requested that in writing reports on these individuals that all information obtained as a result of the file review should be reported and that these cases should be given a very high priority as he felt that the Bureau would probably within the next few days, issue instructions that all cases opened as a result of the Semontel review would have to be completed within a period of thirty days.
Of the original five cases that were opened as a result of Newark's recommendations, this office was in possession of closed case files on these individuals. These have been reopened.

With each case file the agent to whom this case is assigned will receive (1) a copy of the New York blind memo incorporating a summary of the derogatory information in the CIC file as well as derogatory information obtained from the Newark office; (2) a copy of a blind memo prepared by the NYO setting forth all derogatory information found in the NY files that had not been previously reported in the Newark memo; (3) a blind memo from the Bureau; (4) all of the indices search slips that were utilized in checking names of the subject and his associates, relatives, and references. All of the above should be made a part of the Reopened file.

Particular care should be taken to attribute derogatory information to the necessary T symbols when this information has been set forth in report form. The blind memo contains all of the informants who should be referred to as T symbols. Particular emphasis should be placed on having these reports completed as expeditiously as possible.

In the event that any question arises concerning the contents of the blind memos prepared in the Semontel investigation, inquiries should be made of S. LAWRENCE H. BRACKEN and the writer who are familiar with all of the ramifications of this project.

When any of these investigations originating out of a Newark recommendation in the Semontel investigation is completed, a brief memo should be directed to the Semontel file. It is not necessary that a copy of a report be designated for this file. If such copies are designated, they will be returned to the main case file.

Reference is made to the case entitled, "SEMONTEL;
ESPIONA - R", New York file 65-16382, Bufile 65-61685,
Newark file 100-34455.

As a result of the investigation conducted in the
SEMONTEL case, the Newark office, in accordance with Bureau in-
nstructions, has recommended that a case be opened on the above-
captioned individual.

There is attached, the Newark blind memorandum, the
New York blind memorandum, the Bureau blind memorandum, and
indices search slips which were correlated as a result of the
SEMONTEL project. In view of the fact that there is, at the
present time, an inquiry being made by Senator JOSEPH MC CARTHY'S
Committee into the activities at Fort Monmouth, New Jersey, this
case should be afforded priority and expeditious attention.

DATE: 2/11/54

At 2:35 p.m., I telephonically contacted Assistant Director BELMONT at the Bureau and advised him that the Circuit Court of Appeals consisting of Judges MEDINA, FRANK and HICKS, had unanimously confirmed the conviction of WILLIAM PERL.

BELMONT then suggested that it might be time to consider approaching PERL in line with our previous thoughts in this connection.

I told Mr. BELMONT that New York would submit its recommendations in this regard.
You are requested to continue the stop placed with the Passport Office, State Department, against the name of WILLIAM PERL, 416 E. 82nd St., New York, N.Y. Revisit to NY, 1/19/54.

Re: Milton M. Klein

On February 27, and March 3, 10, 13, and 31, 1953, Milton M. Klein was interviewed by Special Agents of the New York Office. The information secured from Klein in the course of these interviews is set forth below:

**Personal Background Data**

Klein stated that his full name was Milton M. Klein, but that the initial M. was not given to him at birth, but is an initial which he adopted to distinguish him from other people having the same first and second names. At the time of interview he was residing at 2690 Morris Avenue, Bronx, New York. He was then employed in the Physics Department of New York University as an instructor. Klein said that in this position he did not have access to any classified material and was not connected with any research work. He was married in the State of New Jersey in September, 1951 to Emile Rachel Nassen. He attended the College of the City of New York from September, 1934 through June, 1938, and upon graduation from college received a Bachelor of Engineering Degree.

Following his graduation from college, he worked for a period of time for the National Youth Administration in New York City. Thereafter, he secured a position with the Bureau of Census in Washington, D.C. Klein said he believed that it was in July, 1941, that he left the Bureau of Census and secured a position with the United States Army Air Corps, Chanute Field, Illinois, which is located near the town of Rantoul. While with the Air Corps Klein served as an instructor in aircraft hydraulic systems. His employment by the Air Corps continued until about February, 1942.

His next position was that of a physicist with the United States Navy Department. During this time he was located at Norfolk, Virginia, and Baltimore, Maryland. On July 6, 1942, Klein secured employment with the National Advisory Committee on Aeronautics (NACA) at Langley Field, Virginia. In January, 1947, Klein said he left NACA and returned to New York City for the purpose of studying mathematics and physics. He pursued his studies until June, 1948 when he again secured employment with NACA; this time at Cleveland, Ohio. He continued in this employment until approximately the late summer of 1950 when he again returned to New York and secured employment at New York University.

**Information Concerning William Perl**

With respect to William Perl, also known as William Mutterperl, Klein furnished the following information:

He and Perl both attended high school together and later attended the College of the City of New York at the same time. He said he considered himself to be a fairly good friend of Perl. During this period they occasionally went out together socially. While in college both Klein and Perl were interested in athletics and had formed a group that used to play ball together. He recalled that others in this group were Philip Farzan and William Danziger, who were fellow classmates at the College of the City of New York. During this period, Klein said that he and Perl went out socially with other individuals from school and recalled some of them as Philip Posner, Philip Kohn, Milton Amgott, Max Feinsilver, Morris Watenberg, and another individual named Kofsky.

Klein recalled that while at the College of the City of New York, Perl had mentioned to him that he was active in the Young Communist League. Klein said this occurred in the 1937-1938 period. He recalled that while Perl never asked him to join the Young Communist League, Perl told Klein that people like Joel Barr, Max Elitcher, and Morton Sobell were active in the Young Communist League, and stressed the fact that it was a good organization.
Klein said that he himself on occasion, during the period 1937-1938, attended two meetings of a group which he presumed was the Young Communist League. Klein recalled that both of these meetings were held in the East Bronx, New York, area, in a hall which was located near Prospect and Westchester Avenues. He said the address of this hall might have been 809 Westchester Avenue. At the time of interview, Klein said he had recently been in the area and had viewed the hall at 809 Westchester Avenue, and that the location had looked familiar to him. He did not recall any specific name for the hall, but said it was the type of place which could be hired for meetings.

Klein attended these meetings at the invitation of William Danziger. Danziger and Danziger's girl friend, Sylvia, who is now his wife, and William Perl, accompanied him to these meetings. Klein recalled that at both of these meetings, when they arrived at the meeting hall, they saw several other individuals there from their classes at the College of the City of New York. Included among these were Morton Sobell and Julius Rosenberg. Klein recalled that he and Perl went over and joined Rosenberg and Sobell, and the others who were present, and chatted with them. Klein said that Perl apparently knew Rosenberg and Sobell, because he recalled Perl greeting them in a friendly manner.

In addition to Rosenberg and Sobell, Klein recalled that Max Elitcher, Stanley Rich, Israel Kofsky, and another individual named (first name unknown) Cohen, who was a friend of Danziger, were also present.

During this same period, 1937-1938, Klein said he recalled riding on a subway train with a group of College of the City of New York students. Included in the group were Stanley Rich, Max Elitcher, Morton Sobell, Julius Rosenberg, Joel Barr, William Perl, Philip Frenzen, and several other individuals whom he could not recall. He believed that Max Feinsilver was possibly in this group. Klein said he believed that they were traveling on that occasion to a rally in the downtown section of New York City, but he was not certain.
In this connection he recalled that on several occasions the aforementioned group had attended rallies in Union Square, New York City. These rallies were held in support of Loyalist Spain. Klein said he could not recall any other particulars concerning these rallies other than the fact that he knew that Denzinger, Sobell, Blitcher, Rosenberg, Rich, Parzen, and Perl had attended these rallies. Klein said he wished to state that he was not a regular member of the group that attended these affairs, but nevertheless, he was sure that he had on several occasions attended such rallies with the aforementioned individuals.

Klein recalled that during the years 1938 to 1940 he had occasion to see William Perl. At that time Perl was doing graduate work in electrical engineering at the College of the City of New York. Sometimes during this period, Perl told Klein that he was dropping his Communist activities. Klein recalled Perl was doing so because he felt it would be harder for him to secure a job if he was known to be still active in Communist affairs. Klein said he believed he secured this information from Perl during lunch one day while both he and Perl were students at the College of the City of New York prior to their graduation.

Klein stated that in 1940 he was in Washington, D.C. working for the Bureau of Census. At that time he was rooming with Philip Parzen, mentioned above. During that period he recalled that William Perl made a trip from his place of employment at Langley Field, Virginia, to visit him and Parzen in Washington, D.C. Klein said he and Parzen knew in advance that Perl was coming to visit them, but said that Perl did not arrive at their address until about 11:00 p.m. although they had expected him much earlier. Klein recalled that Perl told them that he had been visiting with Max Blitcher and Morton Sobell before coming to see Klein and Parzen.

Klein recalled another occasion during this period of time when Perl had visited him in Washington, D.C. On this occasion he and Perl went for a ride in Perl's
Studebaker. He could not recall any other details.

In 1942, after Klein started to work at Langley Field, Virginia, he said he had visited Perl. During one of his visits to see Perl he recalled discussing with Perl other people whom they both knew from the College of the City of New York. On this occasion Klein recalled that they had discussed Morton Sobell, and Perl told him at that time that Sobell had gone to study at the University of Michigan. Klein also recalled that he had previously received this same information from Philip Farzen.

Klein said he had commenced work with the NACA at Langley Field, Virginia, on July 7, 1942. He remained so employed until January, 1947. He did not recall ever having resided with Perl during this five year period, but he said he had seen Perl at work quite often and on occasion they had visited together after working hours. Klein said that Perl had left Langley Field, Virginia, for Cleveland, Ohio, about January 1944, and that he lost contact with Perl after that time. Klein said he may have written a letter or two to Perl, but thereafter had stopped writing since he believed that Perl had not acknowledged his letters.

While employed at NACA, Langley Field, Virginia, Klein said he resided at 76 Cavalier Road, Hampton, Virginia. Klein said he was not familiar with the American Association of Scientific Workers, but said that he believed he was a member of the Federation of Architects, Engineers, Chemists, and Technicians, while at Langley Field. He said that while he had some recollection of holding membership in this organization, he was not an active member. He indicated that he may have been a member of the American Association of Scientific Workers, but he was not sure, stating that he never was a good organization member.

After leaving NACA in January, 1947, Klein returned to New York City for additional studies at New York University and took courses in mathematics and physics. At the same time he attended one course at Columbia.
University where he happened to meet William Perl who was also studying at that time under Dr. Theodore Von Karman. Klein said he believed that Perl at that time, was also working for Dr. Von Karman.

From January, 1947 until July, 1948, Klein said he had on a number of occasions been in contact with Perl. These contacts occurred at Columbia University and in Von Karman's offices which Klein said were located in downtown New York on Lexington Avenue. Klein stated that during this period he never visited Perl at the latter's home address, 936 Tiffany Street, Bronx, New York. He said he had never visited Perl at 46 Morton Street, New York City.

Klein said he knew at that time that Perl was living in an apartment downtown since Perl had told him so. Klein stated his visits to see Perl in Dr. Von Karman's office during the aforementioned period were due to their mutual interests in the source of transonic flow. Klein said that Perl had certain ideas concerning various projects and they had discussed possibilities of developing these ideas. Klein said that during this same period of time they had never gone out on double dates and had never visited each other socially.

Klein stated that he returned to work at the NACA installation at Cleveland, Ohio, on July 19, 1948. He stated that Perl was instrumental in helping him secure a position there. Klein said that Perl wrote a letter to NACA in his behalf and Klein believed that this letter assisted him in receiving more consideration for a position although he stated that he had no doubt he would have gotten the position on his own merits.

Klein stated that by the time he arrived in Cleveland in July, 1948 Perl himself had already returned to NACA. Upon his arrival in Cleveland he lived with Perl at 3200 Franklin Boulevard for a period of several months. Thereafter, Klein moved to 16-610 Sedalia Avenue in the
western part of Cleveland. Klein stated that Perl did not live with him at this address and accordingly, he and Perl did not see each other regularly. However, he said they had visited one another at work.

From the Sedalia Avenue address Klein moved to 1903 Grant Avenue in Cleveland, and resided with a family named Goldschmied. Klein said that while living at this address Perl had visited him on several occasions. In turn, Klein had visited Perl at his residence.

In the summer of 1949, Klein resided at 2021 Cornell Road in Cleveland. While there Klein recalled that Perl occasionally came over to visit him. On occasion they went out on double dates. He recalled that Perl, at that time, had dated a girl named Bregman. Klein said his date was a friend of Miss Bregman.

In the summer of 1950, Perl secured the apartment of one Sidney Harmon with Klein's assistance. Klein stated that he had been friendly with Sidney Harmon and explained that Harmon, Perl, and himself were handball enthusiasts and had played handball together regularly during 1950.

Klein recalled that in the summer of 1948, Perl had the use of Professor Von Karman's car, but believed that Perl had returned the car to Von Karman's sister before September, 1948. In about September of that year Klein recalled that Perl was anxious to buy a second-hand Studebaker automobile. He said that Perl had been checking the newspaper advertisements for sales of Studebakers.

Klein recalled that on one occasion about this time he accompanied Perl to look at a couple of Studebakers which had been advertised for sale. Klein recalled that they looked at one Studebaker for which the owner wanted $1,100. Perl, however, was unwilling to pay more than $1,000. Klein said he suggested to Perl that they take a look at the other car that had been advertised. Thereafter, they contacted a Mr. Rhodes, who lived in the neighborhood.
Ref: Milton W. Klein
April 13, 1956

of 110th Street on the east side of Cleveland. Klein said that Rhodes was interested in selling his 1941 Studebaker and recalled that Rhodes and Perl finally agreed upon a price which was in the neighborhood of $850. Klein recalled that Perl paid for this car and that he and Perl drove off in it. Shortly after, however, something happened to the automobile since the accelerator did not work properly.

Klein recalled that he telephoned Mr. Rhodes who subsequently drove out in a station wagon to pick them up. Klein recalled that he, Perl, and Mr. Rhodes had a bite to eat and then separated. He recalled that he took a bus to his residence which was then the Young Men’s Christian Association in Cleveland, while Perl took another bus to his residence in Lakewood, Ohio.

Information Concerning Sidney Harmon

Klein recalled that when Sidney Harmon entered the University of Michigan in June, 1950 Perl secured Harmon’s apartment which was located at 666 East 103rd Street, Cleveland, Ohio. Klein said he had worked with Harmon at NASA, both at Langley Field, Virginia, and at Cleveland, Ohio. He said he had known Harmon reasonably well, but could not recall ever having resided with him.

About 1943 to 1944 Klein said he had been a member of the Federation of Architects, Engineers, Chemists, and Technicians at Langley Field, Virginia, and had paid membership dues to Sidney Harmon. Klein described Harmon as an extreme liberal who was always talking about certain things in the United States that were wrong, and what one should do to rectify them. Klein said Harmon had mentioned on occasion that certain things were better in the Soviet Union. Klein said he could not recall Sidney Harmon ever being active in the Federation of Architects, Engineers, Chemists, and Technicians at Cleveland, Ohio, during the period 1943 to 1950.

Klein recalled that about July, 1950, shortly after the news of the arrest of Julius Rosenberg appeared in the newspapers, Perl remarked to him that the Federal
Re: Milton M. Klein
April 13, 1956

Bureau of Investigation had interviewed him. Klein said Perl made a few remarks which he could not recall and that he had not questioned Perl any further concerning this matter. Klein recalled, however, that Sidney Harmon said that the Federal Bureau of Investigation was interested in William Perl because of Julius Rosenberg, a former classmate at the College of the City of New York.

Klein said he had not questioned Perl for an explanation since it did not mean anything to him and he did not know if it meant anything to Perl. Klein stated that Perl was very quiet about many things and was not the type of individual who would allow himself to be pressed for additional details.

Information Concerning Joel Barr

Milton Klein advised that he had known Joel Barr casually and had met him occasionally when they were attending the College of the City of New York. Klein said that during the period 1938 to 1940 he was in contact with Perl, who was then doing graduate work in electrical engineering. It was during this time that Klein and Perl saw Joel Barr, and while he could not recall all of the times that they had met, they had been together in the lunchroom at the College of the City of New York.

He recalled during the same period of time one evening when he and Perl visited Barr at Barr's home. Klein said that Barr, at that time, was interested in amateur radio work and was a ham operator. He believed that Barr was then residing in Brooklyn, New York. Klein stated that his impression was that William Perl was very friendly with Joel Barr. Klein recalled that during the period 1947-1948, he had met Perl, who was then taking courses at Columbia University. In the course of one of their conversations Klein recalled that reference was made to the fact that Perl was renting an apartment from Joel Barr. Perl told Klein that the apartment was located in downtown New York, but did not furnish Klein the address.
Information Concerning William Danziger

Klein stated that he was acquainted with William Danziger at the College of the City of New York and said that Danziger had on occasion gone out socially with Perl and himself. Klein recalled that when he first went to Washington, D.C., in 1940, he saw Danziger once or perhaps twice. At that time Danziger was married and was living with his wife at some address unknown to Klein.

Klein recalled, however, that he visited Danziger and his wife at their home in Washington, D.C. Klein stated that he never kept in touch with Danziger and said that at no time did Danziger ever attempt to recruit him into the Communist Party. Klein stated, however, that Danziger had at one time mentioned that he was a Communist. Klein also stated that he knew Danziger to be a Communist at the time Danziger was a student at City College.

Information Concerning Philip Parzen

Klein stated that William Perl had associated at the College of the City of New York with one Philip Parzen. At the time of interview Klein stated that Parzen was then employed for a company in New Jersey associated with the International Telephone and Telegraph Company, working in their research laboratories. Klein estimated that Parzen was a fairly good friend of Perl. He said that he had seen Parzen at Young Communist League meetings during their student days at the College of the City of New York, but added that Parzen had never mentioned to him that he was a Communist.

Information Concerning Julius Rosenberg

Klein recalled that in July, 1950 William Perl mentioned to him that he had been interviewed by the Federal Bureau of Investigation. Perl also mentioned to him that the Federal Bureau of Investigation was interested in Julius Rosenberg. Klein said, however, that Perl made no mention of the fact that this was the Julius Rosenberg who had been their classmate at the College of the City of New York.
Klein also recalled that Perl had mentioned the name Joel Barr in connection with the same interview with the Federal Bureau of Investigation. He recalled Perl saying that the Federal Bureau of Investigation was interested in the fact that he, Perl, had occupied Joel Barr's apartment. Klein said that Perl furnished him no other details concerning his interview with the Federal Bureau of Investigation agents.

As noted above, the aforementioned interviews with Milton H. Klein took place during February and March, 1953.

On May 19, 1953, Milton Klein was called to testify for the government as a witness in the perjury trial of William Perl in the United States District Court, Southern District of New York. In part, Klein testified that he had known William Perl from 1932 until 1950, both socially and as a friend. He also testified that he knew Morton Sobell and Julius Rosenberg, and that he attended two Young Communist League meetings at which Rosenberg, Sobell, and Perl were present.

Klein also testified that in July, 1950, in Cleveland, Ohio, he had a conversation with Perl who told him that the Federal Bureau of Investigation was following him because he was involved with Julius Rosenberg. It is noted that William Perl was convicted of perjury on two counts on May 22, 1953, and was sentenced to five years on each count on June 5, 1953, the sentences to run concurrently.

In March, 1951, Julius and Ethel Rosenberg, and Morton Sobell were convicted in Federal District Court, Southern District of New York, of conspiracy to commit espionage. The Rosenbergs were subsequently executed in Sing-Sing Prison in June, 1953. Morton Sobell is presently incarcerated in Alcatraz Penitentiary serving a thirty-year sentence.

TO: SAC., NEW YORK (105-6948)
FROM: MA. JOSEPH E. MAHONEY
SUBJECT: ACADEMIC PRESS INC.
DATE: 3/18/57

On 3/18/57, Mr. KURT JACOBY, President, Academic Press Inc., 311.5th. Ave., NYC was interviewed by the writer and MA PETER J. MCCORMACK, Jr., and advised that he was considering hiring Mr. WILLIAM PERL as a copy reader for Academic Press Inc.

Mr. JACOBY further advised that he has learned that MR. PERL is presently on parole after having served a sentence for perjury. This sentence arose out of the J. ROSENBERG trial, and he has heard that PERL testified that he was not acquainted with ROSENBERG, however it was subsequently proven that they were acquaintances while in College.

Mr. JACOBY stated that he wanted to advise the FBI of the fact that he was considering hiring PERL, because of the nature of PERL's background. JACOBY also stated that if PERL is hired, he will be a free lance copy reader in matters dealing in physics. JACOBY added that it is very difficult for them to get copy readers (technical) inasmuch as the pay is quite low, however he believes that PERL is interested in this position, even though he has a PhD in Physics, because he probably is having difficulty in obtaining employment because of his connection with the ROSENBERG case. JACOBY said that his firm does not handle any restricted or confidential government materials, so PERL in no way would have access to anything that would be detrimental to the best interests of the U.S.

Mr. JACOBY said that the recent issue of The American Physical Society gives PERL's address as Box # FEB 10325, Terre Haute, Indiana, however PERL gave the following as his present N.Y. address: 7 West 92nd, Street, NYC. Telephone # AG 2-7016.

RE: Letter to Bureau, dated 3/26/57, captioned
FREDERICK SEITZ, Internal Security - N.

FREDERICK SEITZ, Professor Physics, and Technical Director, Control System Laboratory, University of Illinois, Urbana, on 4/1/57, contacted the Urbana Resident Agency of the Springfield Division and volunteered the following information stating that he desired to furnish it to the Bureau for whatever value it might have.

SEITZ advised that he is the co-editor of Professional Scientific books which are published by the Academic Press, publishing firm of New York City, which organization has been in business in this country since before World War II. SEITZ advised that prior to the 1930's, it was one of the two largest technical publishing firms in Germany and known as the Akademische Verlag, located at Leipzig, Germany and owned by Jewish people. He stated that due to the rise of power of HITLER, this organization abandoned its operation in Germany during the period 1933 to 1938, and established itself in this country and is now conducting a large scale publishing business in specialized high level technical works. SEITZ advised that all the owners of the firm are presently citizens of the United States to his knowledge and that the only one he knows by name is one KURT JACOBY, who came to this country approximately in 1940. SEITZ advised that to his knowledge this publishing firm does not publish any classified publications nor do they anticipate entering into the publication of classified material.

SEITZ advised that in mid-March, while visiting the publishing firm in New York City, on March 13, 1957, for the purpose of discussing the preparation of another volume in the series being edited by him, members of the Academic Press requested his advice. SEITZ advised that these individuals advised him that they had been approached by an unidentified...
individuals in the New York City area, inquiring if they would employ as a technical manuscript reader one (FNU) PERL, who reportedly had served a prison term in connection with the ROSENBERG Espionage prosecutions, SEITZ advised that it was related to him that PERL had known the ROSENBERGS while he was a student in the New York City area, but in connection with the prosecution of the ROSENBERGS, had refused to testify. As a result of this refusal, PERL served a prison sentence and is presently on parole, in connection with this matter. SEITZ advised that PERL was described as being a physicist with considerable experience. He stated that it is difficult to obtain the service of a scientist with technical knowledge who is willing to do the routine work of reading manuscripts. SEITZ advised that the representatives of the Academic Press asked for his advice in view of the fact that he has been in the past connected with research on classified material and the fact that the Academic Press did not desire to become involved in anything that would interfere with their publishing business. SEITZ advised that it was stated to him that the manuscripts PERL would be assigned to were not to be of a classified nature and that in fact the Academic Press does no work on any classified publications. He stated that the representatives of the Academic Press did not identify the individual who approached them with the proposition that PERL would be available for such employment.

SEITZ stated that in principle, he advised the Academic Press that inasmuch as they were not working on classified matters, he could see no objection to their hiring PERL but he suggested that before taking any such action, they should contact PERL's parole board or parole officer.

SEITZ advised that no further information concerning this incident was given to him and that he desired to furnish it to the FBI, inasmuch as he did not know what significance, if any, this incident might have.

Files of the SI Division contain no information concerning any person by the name PERL other than information concerning a WILLIAM MUTTER PERL, also known as WILLIAM PERL, who is possibly identical with the individual referred to by Professor SEITZ and who, according to the SI files, was involved in the espionage investigation concerning MORTON SOVELL.

The above information is furnished to the Bureau for its information in this case. No further action is being taken by the SI Division. CLOSED.

SUBJECT: WILLIAM PEARL - Information Concerning

On 9/6/57, Mr. L. I. WALDMAN, owner L.I. WALDMAN Inc, 40-01 29th STREET, L. I., City, phone EX 2-5650 advised that several months ago Agent Blair (PH) questioned other employees about William Pearl of 7 W. 92nd St., NYC who is employed as an Electrical Engineer for WALDMAN, Inc.

WALDMAN advised that he wished to discuss this matter with an Agent, as he was out of town the day Agent called on his firm. WALDMAN did not learn of Agent calling at this firm until recently. He said further he did not know why subject was being checked but had the feeling that it may have been related to internal security.

TO: SAC New York (65-15387)
FROM: [Redacted]
SUBJECT: William Perl, aka Tsp R

On 7/2/62 a search was conducted at 45-10 45th St., Woodside, Queens to determine if subject still resides at above address. Subject was not observed leaving the building. A check of the building directory still showed listed him as living in apartment 57. [Redacted] was contacted and he advised the Perl still reside in apartment 57 but he believed they were on vacation as he had not seen them for a week or two days. In addition he had received their rent check by mail and he exhibited an envelope addressed to him from W. Perl postmarked July 6, 1962 at Flushing, NY.
Memorial Hospital and it was ascertained that
Dr. Wm. Pell continued to be employed there
and he could be reached in his flat,
extension 330. (MV-8-3500 is hospital phone.)
It was not ascertained if Dr. Pell was
at the hospital in person on 7/22/62.
The following investigation was conducted at Montgomery, Alabama, by SA [redacted] on June 28, 1962. The Bureau of Vital Statistics, advised that a check of her records from 1953 through 1960 inclusive, does not reveal any record of divorce for subject in Alabama during this period. [redacted] advised she checked various combinations of the subject's last name and the search was still negative. She further advised that if the subject had obtained a divorce in Alabama, her department would have a record of such divorce since each individual county reports all divorces to her particular office.

Office of the Register in Chancery, Montgomery County Courthouse, advised on June 28, 1962, that her files do not reveal any name identifiable with subject or his wife as having obtained a divorce in Montgomery County from 1953 through 1961.

Office Memorandum - UNITED STATES GOVERNMENT

TO : SAC, NEW YORK (65-15387)
FROM : SUP. #331 b1c
SUBJECT: WILLIAM PERL aka ESP-R

This case is being reopened in compliance with 0-1 form, which has been returned to the Bureau advising that a report will be submitted 12/31/63.
UNIVERSAL STATES GOVERNMENT
MEMORANDUM

TO : SAC, NEW YORK

FROM : SUP.

SUBJECT : WILLIAM  PELL

DATE: 4/22/64

Bureau teletype dated 4/13/64 instructed that a letterhead memorandum be disseminated to Secret Service on all Security Index cases. Captioned subject is listed on the Security Index by virtue of previous espionage or Internal Security-R connections. Accordingly, a letterhead memorandum must be prepared on this subject.

The Agent to whom this matter is assigned will review the instructions of Supervisor dated 4/20/64, which is available on the Section 33 Supervisor's desk, and will thereafter conduct such file review and investigation as may be necessary and rough draft an appropriate letterhead memorandum.

Since this entire project must be completed within 30 days, each Agent should complete his assignment within 10 working days of the date of this memorandum.

b7d on 9/22/65 advised Mr. and Mrs. William Perl reside at 5F and are quiet and seemed to be nice people. Sho knew about them.

b7c on 9/29/65 advised that checks of NYU records reflected the only possibility of record for subject employed by NYU was on Hans W. Perl, 105 Grand St, Apt 3R, NYC. He was at NYU Tel 921-6191 employed since 6/1/65, see Sec. 4/6
4173, according to info furnished by

b7d

Note: Apparently not identical with subject who has been employed at the NYU Laboratory, Goldwater Hospital, Welfare for quite a few years. Efforts will be made to verify subject's story. Hopefully Dept of Hospitals as the possibility exists he could be on the Hospital payroll.

Central Office Dept of Hospitals, 131 E 16th St, New York claimed that subject was not on the city payroll, present, for Dept of Hospitals.

On 11-24-65

b7D

Goldwater Hospital, Welfare Island, NYC, advised that inquiries indicated that Dr. William Perl was a research fellow in the NS laboratory at Goldwater Hospital but it was indicated he was not a hospital employee or on the hospital staff. She could locate no record for Perl.

b7D

It discretely contacted telephonically Dr. Steele's office (Director) at NYU Lab who advised that subject was an employee of Lab and was paid by NYU.

A recheck will be made at NYU for further determination on his employment by NYU. In addition, case is being mortised pending further developments related to the Julius Rosenberg case.

SUBJECT: WILLIAM PERL ESPR

Previous efforts to check subject's employment at the NYU Laboratory at Goldwater Hospital on Welfare Island, through Section 12, was unsuccessful. The only PERL employed by NYU according to 9/29/65, to 1G was HANS W. PERL, 105 Bank Street, New York, Apartment 3R, who has been a research assistant at NYU since 6/21/65, (Social Security Number 102-30-4173), and this is not identical with the subject. On 12/9/65, at NYU was telephonically contacted with respect to this problem and he advised he would make a discreet and appropriate check on PERL's employment.

On 12/10/65, telephonically advised that WILLIAM PERL was employed by NYU and was on the NYU payroll. He stated that on 2/1/58, he was employed as a research fellow in Biophysics at the NYU Laboratory at Goldwater Hospital on Welfare Island and as such, was then considered a member of the faculty. On 3/1/65, he was reclassified as a research scientist (which takes him off the faculty) at $12,000 a year.

Advised that he obtained the foregoing information through , who obtained it from personal records.

Queens, my advise, subject, wife and son, about 5 or 6 yrs old, continue to reside in apt 5F at this address. He said they were quiet tenants. He lived recently for about 2 weeks or so and have assumed this position. He noted that Park's 3-year lease will be renewed and had spoken to him about getting his apartment paid for the question of just taking a 2 yr lease instead of three years.

On 9/16/66, a telephone call was made to Goldwater in a welfare Island, without agent disclosing identity as it was taken without consent. Subject is still employed there in the 5F

On 9/7/67 advised that subject and his family had left unexpectedly in June last. He stated he believed they were living in Flushing but said the office did not know their address.

Telephone inquiry on 9/18/67 of Goldwater Hospital, Welfare Island, disclosed that subject was still employed in the NYU Lab there.

Advised 9/12/67 subjects forwarding address was 5425 Valles Ave, Bronx.

On 9/21/67 advised that WILLIAM PERL, his wife and son ANTHONY, age 5 or 6, had moved into the apt. bldg. at this address in about June '67 and they occupy apt. 2.

As said that he did not take PERL's application and therefore did not know anything about his background. He said they seemed to be quiet and reputable people. PERL has a light green Plymouth or Dodge sedan about three years old which he uses every day for work. PERL apparently was on vacation about 2 weeks ago and spent one week at home.

Advised that MICHAEL RABINOWITZ, Imperial Plaza, 8416 3rd Ave, Brooklyn, is the owner and would have PERL's application there.

CIVIL ACTION NUMBER 75-1121

Reference Butel to all SACs dated 7/30/76 and Buairtel to all SACs dated 8/6/76.

By referenced communications, a list of the subjects in the investigation and trial of Ethel and Julius Rosenberg was furnished each field office. Also furnished each field office was a list of the names on the Government's Witness List relating to the investigation and trial of Julius and Ethel Rosenberg. The list of subjects and individuals appearing on the Government's Witness List will therefore not be repeated in this communication.

For your information captioned FOIA suit has been in litigation for approximately two years. During the course of this litigation, on 8/1/75, the Court issued an Order that no documents maintained by the FBI be destroyed. Due to the file destruction moratorium then in effect, that Court Order was not brought to your attention in 1975. Due to the continuing litigation and current discussion regarding reestablishment of a file destruction program in the near future, you are hereby being advised of the Order of the Court in this matter. Accordingly, no files maintained in your office (origin or auxiliary office) relating to any of the main subjects or individuals appearing on the Government's Witness List should be destroyed. These files must
